AMD to Showcase Next-Generation Data Center and AI Technology at June 13 Livestream Event

SANTA CLARA, Calif., May 09, 2023 (GLOBE NEWSWIRE) -- Today, AMD (NASDAQ: AMD) announced the “AMD Data Center and AI Technology Premiere,” an in-person and livestreamed event to showcase the company’s growth strategy and expanding product portfolio and capabilities for data center and AI. AMD Chair and CEO Dr. Lisa Su will be joined by other AMD executives and key customers to detail new products, and momentum across data center, AI, adaptive and high-performance computing solutions.

The live stream will start at 10 a.m. PT on Tuesday, June 13 at www.amd.com/datacenter as well as the AMD YouTube channel.

About AMD
For more than 50 years AMD has driven innovation in high-performance computing, graphics and visualization technologies. Billions of people, leading Fortune 500 businesses and cutting-edge scientific research institutions around the world rely on AMD technology daily to improve how they live, work and play. AMD employees are focused on building leadership high-performance and adaptive products that push the boundaries of what is possible.
