Ameresco and City of Olympia, Washington, Host Groundbreaking Ceremony for Nearly \$17 Million Energy Performance and Solar Project at Olympia Armory

The multi-phase project encompasses energy efficiency, safety, and accessibility upgrades in addition to installing a 150-kW solar photovoltaic and 125-kW battery energy storage system at the City's new arts center while preserving the historic character of the Armory building.

Ameresco, Inc. (NYSE: AMRC):

WHAT:

[Ameresco, Inc.](#), (NYSE: AMRC), a leading energy solutions provider dedicated to helping customers navigate the energy transition, and officials from the City of Olympia, Washington, will host a groundbreaking ceremony to celebrate the start of a major building retrofit project at the Olympia Armory. The multi-phase adaptive reuse project will simultaneously improve safety and accessibility, implement energy efficiency upgrades, and enable on-site energy generation and storage to reduce operational costs.

The [Olympia Armory](#) was constructed in 1939 and served a variety of functions within the community before it was acquired by the City of Olympia in 2022. The City contracted with Ameresco to support plans to repurpose the building as a creative campus and arts center for the community. Ameresco kicked off a full-scale facility audit in the fall of 2023 and started developing plans for the first phase of the project. This phase includes a comprehensive set of upgrades to ensure the Armory fully complies with all required standards and is equipped to perform its designated functions efficiently. The project's second phase will see a solar system installed at the Armory.

The project reflects the City of Olympia's commitment to supporting the community's artistic, entrepreneurial, and collaborative spirit as well as its focus on ensuring a reliable and secure energy future for the city. This celebration highlights a critical investment that combines energy resiliency retrofits with community building and will serve as an example for other cities.

WHEN:

THURSDAY, SEPTEMBER 25, 2025, 2:00 P.M. PST

WHERE:

- 515 Eastside Street SE, Olympia, Washington 98501

WHO:**Ameresco Representatives**
