Rexford Industrial Announces Acquisition of Three Industrial Properties

- Value-Driven Investments In High-Demand Infill Submarkets -

- Year-to-Date Acquisition Volume Surpasses \$313 Million -

LOS ANGELES--(BUSINESS WIRE)-- Rexford Industrial Realty, Inc. (the "Company" or "Rexford Industrial") (NYSE:REXR), a real estate investment trust focused on owning and operating industrial properties located in Southern California infill markets, today announced the acquisition of three industrial properties containing a combined total of 285,940 rentable square feet, for an aggregate purchase price of approximately \$22.6 million. The acquisitions were funded with a combination of cash and the company's credit facility.

"We are extremely pleased to acquire these three favorably valued industrial buildings, within our primary target infill markets, bringing total acquisition volume in 2014 to more than \$313 million," said Howard Schwimmer and Michael Frankel, Co-Chief Executive Officers of the Company. "Each of the properties has in-place below market rents, with additional upside potential through strategic repositioning."

Inland Empire West

Rexford Industrial acquired two industrial buildings, located at 10509 Business Drive and 13231 Slover Avenue, from a single seller for approximately \$16.7 million, or \$69 per square foot. The Business Drive property contains 130,790 square feet, located on 6.8 acres. The building is currently 100% leased to two tenants at below market rents, with short-term leases. The Slover Avenue property contains 109,460 square feet, situated on 6.2 acres, and is currently 100% leased to two tenants at below market rents, with short term leases. Both industrial buildings are located in Fontana, California, within the Inland Empire West submarket and enjoy excellent access to the I-15, I-10, and 60 freeways. The properties feature excellent loading capacity with 24-foot minimum clear heights. Rexford Industrial plans to bring rental rates to market rent upon lease renewal or re-leasing. According to CBRE, the vacancy rate in the 257 million square-foot Inland Empire West submarket stood at 4.2% at the end of the third quarter of 2014.

LAX Airport – South Bay

In a separate off-market transaction, Rexford Industrial acquired 240 W. Ivy, a 45,690 square foot industrial building situated on 2.35 acres for approximately \$5.9 million, or \$129 per square foot. The property is located in Inglewood, California, within the LAX Airport submarket and is 100% leased to six tenants. The building is equipped with 38 dock-high loading doors and has convenient access to I-405, I-10 and I-105 freeways. The location and functionality of this property makes it highly desirable to tenants related to the air-freight industry. In-place rental rates are below market and Rexford plans to re-lease or re-configure

tenant spaces upon expiration to facilitate increases to market rents. According to CBRE, the vacancy rate in the 218 million square foot South Bay submarket, which includes the LAX Airport submarket, stood at 1.8% at the end of third quarter 2014.
