Rexford Industrial Announces Fourth Quarter and Full Year 2020 Operating Results, Transaction and Capital Markets Activity

LOS ANGELES, Jan. 11, 2021 /PRNewswire/ -- Rexford Industrial Realty, Inc. (the "Company" or "Rexford Industrial") (NYSE: REXR), a real estate investment trust ("REIT") focused on creating value by investing in and operating industrial properties in Southern California infill markets, today announced operating results, transaction and capital markets activity for the fourth quarter and full year 2020.

"Rexford's exceptional performance throughout 2020 demonstrates the strength of our strategy and team, focused on creating value by investing, improving and operating industrial property within infill Southern California, the world's fourth largest industrial market and highest-demand, lowest-supply industrial property market in the nation," stated Michael Frankel and Howard Schwimmer, Co-Chief Executive Officers of the Company. "We are pleased to announce our team's outstanding operating results for the fourth quarter and full year 2020, despite the circumstances surrounding the COVID-19 pandemic. In the fourth quarter we executed over 1.8 million square feet of new and renewal leases at strong leasing spreads representing 30% growth, demonstrating the continued intensity of tenant demand for our high-quality, irreplaceable industrial portfolio and our team's entrepreneurial approach to asset management and customer service. Our full year acquisition volume of over \$1.2 billion, with \$875 million acquired during the fourth quarter, is a testament to our unparalleled sourcing model in which 75% of transactions were executed through off-market or lightly-marketed transactions. Our 2020 investments are expected to contribute \$48 million of NOI in 2021, with this contribution expected to grow at a compounded average rate of approximately 8% over the next three years as we capitalize on value-creation opportunities, below-market leases and contractual embedded rent growth. Looking ahead, our pipeline of acquisition opportunities remains strong with approximately \$140 million of new investments under LOI or contract and expected to close in the near-term. Our superior internal and external growth opportunities, highly differentiated and entrepreneurial business model and team, coupled with our low-leverage, fortress-like balance sheet position the Company to maximize cash flow growth and long-term shareholder value."

Operating Results:

Fourth quarter and full year 2020 leasing activity demonstrate strong tenant demand fundamentals within Rexford's target Southern California infill markets.
