DENVER--(BUSINESS WIRE)-- <u>Veritone, Inc.</u> (NASDAQ: <u>VERI</u>), a leading provider of artificial intelligence (AI) technology and solutions, today reported results for the fourth quarter and year ended December 31, 2020.

Veritone reported record revenue of \$16.8 million and \$57.7 million for the fourth quarter and full year of 2020, respectively, reflecting record contributions in both periods from aiWARE SaaS Solutions and Advertising. For the fourth quarter of 2020, GAAP net loss was \$12.4 million and non-GAAP net loss was \$3.9 million, improving \$2.5 million and \$4.1 million, respectively, compared with the fourth quarter of 2019. For the full year 2020, GAAP net loss was \$47.9 million and non-GAAP net loss was \$20.6 million, improving \$14.2 million and \$15.6 million, respectively, compared with 2019.

"During an unprecedented year, Veritone demonstrated great agility and execution, and thrived -- delivering for our customers while keeping true to our core mission," said Chad Steelberg, Chairman and CEO of Veritone. "I am proud to report that we achieved record fourth quarter and full year results and started 2021 with the strongest balance sheet in our history. We will continue to execute our strategic growth plans, and we expect 2021 full year revenue growth to be in excess of 40% at the high end of our guidance range."

Ryan Steelberg, President of Veritone, added, "Every area of our business exceeded expectations. In Q4, we grew aiWARE SaaS revenue by 53% year over year, led by our government, legal and compliance and energy markets. Our fourth quarter 2020 Advertising revenue, including the contribution of our VeriAds Network, also grew by over 50% year over year despite a challenging pandemic-affected advertising market. We are well positioned to

accelerate our growth in 2021, with a strong pipeline, low attrition rate, and strong demand for our products and services.

Business Outlook

First Quarter 2021

- Revenue is expected to range from \$17.0 million to \$17.5 million, representing a 45% increase year over year at the midpoint.
- Non-GAAP net loss is expected to range from \$4.4 million to \$3.9 million, representing a 38% improvement year over year at the midpoint.
- Management also expects to record (i) a one-time, non-cash charge of approximately \$16.2 million for stock-based compensation expense related to the vesting of its performance-based stock options and (ii) a one-time charge of approximately \$4.5 million associated with the sublease of its former corporate headquarters facility in Costa Mesa, California, which includes non-cash write-downs of approximately \$1.9 million.

Full Year 2021

- Revenue is expected to be in the range of \$76.0 million to \$81.0 million, representing a
 year-over-year increase of 36% at the midpoint and over 40% at the high end. aiWARE
 SaaS Solutions revenue is expected to grow 60% to 65% year over year.
- Non-GAAP net loss is expected to be in the range of \$18.0 million to \$14.0 million, representing a 22% improvement year over year at the midpoint.

Financial Results for Fourth Quarter Ended December 31, 2020

Revenue was a record \$16.8 million, compared with \$12.4 million in the fourth quarter of 2019. The growth reflects a 53% increase in aiWARE SaaS Solutions, including revenue from the Company's new energy solutions, and a 50% increase in Advertising, reflecting contributions from both the VeriAds Network and Veritone One, offset slightly by a 13% decrease in aiWARE Content Licensing and Media Services due primarily to lower licensing activity resulting from the cancellation of sporting events because of the pandemic. Gross profit increased to \$12.7 million, up 43% compared with \$8.9 million in the fourth quarter of 2019, driven largely by the growth in revenue in aiWARE SaaS Solutions and Advertising.

Loss from operations was \$12.3 million, compared with \$14.6 million in the fourth quarter of 2019. The \$2.3 million improvement was driven primarily by a \$3.8 million increase in gross

profit due to the higher revenue level and cost savings on efficiencies realized from enhancements to the Company's aiWARE operating system, offset in part by increased personnel-related costs, including \$1.2 million of additional non-cash stock-based compensation expense.

GAAP net loss was \$12.4 million, or \$0.43 per share, an improvement of \$2.5 million compared with \$14.9 million, or \$0.61 per share, in the fourth quarter of 2019. Non-GAAP net loss was \$3.9 million, or \$0.14 per share, compared with \$8.1 million, or \$0.33 per share, in the fourth quarter of 2019. The \$4.1 million improvement in non-GAAP net loss was driven by the Company's Core Operations, which improved \$3.5 million to non-GAAP net income of \$1.1 million, compared with a non-GAAP net loss of \$2.5 million in the fourth quarter of 2019, and by Corporate, which improved \$0.6 million to a non-GAAP net loss of \$5.0 million.

As of December 31, 2020, the Company had cash and cash equivalents of \$114.8 million, including \$40.1 million of cash received from Advertising clients for future payments to vendors, and no long-term debt.

Financial Results for Year Ended December 31, 2020

Revenue was a record \$57.7 million, compared with \$49.6 million in 2019. The growth reflects a 30% increase in aiWARE SaaS Solutions and a 29% increase in Advertising, with strong contributions from both VeriAds and Veritone One, offset by a 16% decrease in aiWARE Content Licensing and Media Services due primarily to lower licensing activity resulting from the cancellation of sporting events because of the pandemic.

GAAP net loss was \$47.9 million, or \$1.73 per share, an improvement of \$14.2 million compared with \$62.1 million, or \$2.85 per share, in 2019. Non-GAAP net loss was \$20.6 million, or \$0.75 per share, compared with \$36.2 million, or \$1.66 per share, in 2019. The \$15.6 million improvement in Non-GAAP net loss was driven by the Company's Core Operations, which improved \$13.7 million to Non-GAAP net loss of \$0.8 million, compared with a Non-GAAP net loss of \$14.5 million in 2019, and by Corporate, which improved \$1.9 million to a Non-GAAP net loss of \$19.8 million.

About the Presentation of Supplemental Non-GAAP Financial Information

In this news release, the Company has supplemented its financial measures prepared in accordance with U.S. generally accepted accounting principles (GAAP) with certain non-GAAP financial measures: "gross profit," "Non-GAAP net loss," and "Non-GAAP net loss per share." Gross profit is the Company's revenue less its cost of revenue. Non-GAAP net loss is the Company's net loss, adjusted to exclude interest expense, provision for income taxes, depreciation expense, amortization expense, stock-based compensation expense, a reserve for state sales taxes, lease termination charges, severance costs, and certain acquisition, integration and financing-related costs. Non-GAAP net loss should not be considered as an alternative to net income (loss), operating income (loss) or any other financial measures so calculated and presented, nor as an alternative to cash flow from operating activities as a measure of liquidity. The items excluded from Non-GAAP net loss, as well as a breakdown of GAAP net loss, non-GAAP net income (loss) and these excluded items between the Company's core operations and corporate, are detailed in the reconciliations included following the financial statements attached to this news release. Other companies (including the Company's competitors) may define Non-GAAP net loss differently.

Core Operations consists of the Company's aiWARE operating platform of software, SaaS and related services; content, licensing and advertising agency services; and their supporting operations, including direct costs of sales as well as operating expenses for sales, marketing and product development and certain general and administrative costs dedicated to these operations. Corporate principally consists of general and administrative functions such as executive, finance, legal, people operations, fixed overhead expenses (including facilities and information technology expenses), other income (expenses) and taxes, and other expenses that support the entire Company, including public company driven costs.

In addition, following the financial statements attached to this news release, the Company has provided additional supplemental non-GAAP measures of gross profit, operating expenses, loss from operations, other income (expense), net, and loss before income taxes, excluding the items excluded from non-GAAP net loss as noted above, and reconciling such non-GAAP measures to the applicable GAAP measures.

The Company presents this supplemental non-GAAP financial information because management believes such information to be important supplemental measures of performance that are commonly used by securities analysts, investors and other interested parties in the evaluation of companies in its industry. Management also uses this information internally for forecasting and budgeting. These non-GAAP measures may not be indicative of the historical operating results of Veritone or predictive of potential future results.

Investors should not consider this supplemental non-GAAP financial information in isolation or as a substitute for analysis of the Company's results as reported in accordance with GAAP.

Safe Harbor Statement

This news release contains forward-looking statements, including without limitation statements regarding the Company's expectations regarding its continued execution of its strategic growth plans, its expectation of accelerated growth in 2021, and the Company's expected total revenue and Non-GAAP net loss in the first quarter and full year of 2021. In addition, words such as "may," "will," "expect," "believe," "anticipate," "intend," "plan," "should," "could," "estimate" or "continue" or the plural, negative or other variations thereof or comparable terminology are intended to identify forward-looking statements, and any statements that refer to expectations, projections or other characterizations of future events or circumstances are forward-looking statements. These forward-looking statements speak only as of the date hereof, and are based on management's current assumptions, beliefs and information. As such, the Company's actual results could differ materially and adversely from those expressed in any forward-looking statement as a result of various factors. Important factors that could cause such differences include, among other things, the impact of the economic disruption caused by COVID-19 pandemic on the business of the Company and that of its existing and potential customers; the Company's ability to achieve broad recognition and customer acceptance of its products and services; the Company's ability to continue to develop and add additional capabilities and features to its aiWARE operating system; the development of the market for cognitive analytics solutions; the ability of third parties to develop and provide additional high quality, relevant cognitive engines and applications; the Company's ability to successfully identify and integrate such additional third-party cognitive engines and applications onto its aiWARE operating system, and to continue to be able to access and utilize such engines and applications, and the cost thereof; as well as the impact of future economic, competitive and market conditions, particularly those related to its strategic end markets; and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the Company. Certain of these judgments and risks are discussed in more detail in the Company's Annual Report on Form 10-K and other periodic reports filed with the Securities and Exchange Commission. In light of the significant uncertainties inherent in the forwardlooking information included herein, the inclusion of such information should not be regarded as a representation by the Company or any other person that the Company's objectives or

plans will be achieved. The forward-looking statements contained herein reflect the Company's beliefs, estimates and predictions as of the date hereof, and the Company undertakes no obligation to revise or update the forward-looking statements contained herein to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events for any reason, except as required by law.
