Microvision to Host Q1 2009 Financial and Operating Results Conference Call

REDMOND, Wash.--(BUSINESS WIRE)-- Microvision (NASDAQ:MVIS) announced today that it will host a conference call on May 6, 2009 at 4:30 p.m. ET / 1:30 p.m. PT to discuss its first quarter financial and operating results and current business operations.

Participants may join the conference call by dialing 866-730-5767 (for U.S. participants) or 857-350-1591 (for International participants) ten minutes prior to the start of the conference. The conference pass-code number is 78102334. Additionally, the call will be broadcast over the Internet and can be accessed from the company's web site at www.microvision.com/investors. The webcast and information needed to access the telephone replay will be available through the same link approximately one hour after the conference call concludes.

About [Microvision](http://www.microvision.com):

Microvision provides a display technology platform expected to enable next generation display and imaging products for pico projectors, vehicle displays, and wearable displays that interface with mobile devices. The company also manufactures and sells its bar code scanner product line which features the company's proprietary MEMS technology. For more information, visit our website at www.microvision.com and our corporate blog at www.microvision.com/displayground.

Forward-Looking Statement

Certain statements contained in this release, including those relating to future products and words such as "expected", are forward-looking statements that involve a number of risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the Company's forward-looking statements include the following: our ability to raise additional capital when needed; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims and other risk factors identified from time to time in the Company's SEC reports, including the Company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by the federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
