MicroVision Schedules Third Quarter 2011 Conference Call

REDMOND, Wash.--(BUSINESS WIRE)-- MicroVision, Inc. (NASDAQ: MVIS), a leader in innovative ultra-miniature projection display technology, today announced it will host a conference call to discuss its third quarter 2011 financial and operating results on Tuesday, October 25, 2011 at 8:30 a.m. ET / 5:30 a.m. PT.

Participants may join the conference call by dialing (866) 804-6924 (for U.S. participants) or (857) 350-1670 (for international participants) ten minutes prior to the start of the call. The conference call pass code number is 82664705. A live webcast of the call can be accessed from the company's web site at www.microvision.com/investors. A replay of this call will be available approximately one hour after the conference call concludes through the same link or by calling (888) 286-8010 (U.S.) or (617) 801-6888 (International), pass code 36059872.

About MicroVision

MicroVision provides the PicoP® display technology platform designed to enable next-generation display and imaging products for pico projectors, vehicle displays and wearable displays that interface with mobile devices. The company's projection display engine uses highly efficient laser light sources that create vivid images with high contrast and brightness.

Forward-Looking Statements

Certain statements contained in this release, including those relating to future products and product applications, are forward-looking statements that involve a number of risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the company's forward-looking statements include the following: our ability to raise additional capital when needed; our customers' failure to perform under open purchase orders; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims; and other risk factors identified from time to time

in the company's SEC reports, including the company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
