# MicroVision Holds Annual Meeting of Shareholders

REDMOND, Wash.--(BUSINESS WIRE)-- [MicroVision, Inc.](http://www.microvision.com) (NASDAQ: MVIS), a leader in innovative ultra-miniature projection display and imaging technology, announced that it is holding its annual meeting of shareholders today in Bellevue, WA. The meeting begins at 9:00 AM PT.

During a brief presentation Alexander Tokman, president and CEO, will give an overview of the company's progress since the last annual meeting, and he will reiterate the company's revenue guidance for 2016 of 40 to 70 percent growth. The presentation can be viewed on the company's [website](http://www.microvision.com). Attendees are invited to view demonstrations of MicroVision's PicoP® scanning technology from 8:30 to 9:00 AM.

## About MicroVision

MicroVision is the creator of PicoP® scanning technology, an ultra-miniature laser projection and imaging solution based on the laser beam scanning methodology pioneered by the company. MicroVision's platform approach for this advanced display and imaging solution means that it can be adapted to a wide array of applications and form factors. It is an advanced solution for a rapidly evolving, always-on world. Extensive research has led MicroVision to become an independently recognized leader in the development of intellectual property. MicroVision's IP portfolio has been recognized by the Patent Board as a top 50 IP portfolio among global industrial companies and has been included in the Ocean Tomo 300 Patent Index. The company is based in Redmond, Wash.

## Forward-Looking Statements

Certain statements contained in this release, including those relating to future product and product applications are forward-looking statements that involve a number of risks and uncertainties. Factors that could cause actual results to differ materially from those projected in the company's forward-looking statements include the following: our ability to raise additional capital when needed; products incorporating our PicoP® scanning technology may not achieve market acceptance, commercial partners may not perform under agreements as anticipated, we may be unsuccessful in identifying parties interested in paying any amounts or amounts we deem desirable for the purchase or license of IP assets, our or our customers failure to perform under open purchase orders; our financial and technical resources relative to those of our competitors; our ability to keep up with rapid technological change; government regulation of our technologies; our ability to enforce our

intellectual property rights and protect our proprietary technologies; the ability to obtain additional contract awards; the timing of commercial product launches and delays in product development; the ability to achieve key technical milestones in key products; dependence on third parties to develop, manufacture, sell and market our products; potential product liability claims; and other risk factors identified from time to time in the company's SEC reports, including the company's Annual Report on Form 10-K filed with the SEC. Except as expressly required by federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, changes in circumstances or any other reason.
