About Coveo

We strongly believe that the future is business-to-person. That experiences are today's competitive front line, a make or break for every business. We also believe that remarkable experiences not only enhance user satisfaction but also yield significant gains for enterprises. That is what we call the AI-experience advantage – the degree to which the content, products, recommendations, and advice presented to a person online aligns easily with their needs, intent, preferences, context, and behavior, resulting in superior business outcomes.

To realize this AI-experience advantage at scale, enterprises require a robust, spinal

and composable infrastructure capable of unifying content securely and delivering AI search, AI recommendations, true personalization, and a trusted generative experience at every touchpoint with each individual customer, partner and employee. Coveo is dedicated to bringing this advantage to every point-of-experience, using powerful data and AI models to transform the enterprise in commerce, customer service, website, and workplace.

The Coveo platform is ISO 27001 and ISO 27018 certified, SOC2 compliant, and HIPAA compatible, with a 99.999% SLA available. We are a Salesforce AppExchange Partner, an SAP® Endorsed App, an Adobe Technology Gold Partner, a MACH Alliance member, and a Genesys AppFoundry® ISV Partner.
