Duos Technologies IT Services Receives Major Contract Expansion

Increased Scope Includes Audit of up to 50 Domestic Data Centers of International Mobile Operator

JACKSONVILLE, FL -- (Marketwired) -- 06/01/16 --

Duos Technologies Group, Inc. (OTCQB: DUOT), a provider of intelligent security analytical technology solutions, announced today that it has been awarded additional business by one of its strategic partners to provide data center audit services for an international mobile telecommunications operator. The project is expected to extend into the first quarter of 2017 and is expected to generate up to \$1million in revenue in 2016. The services will be delivered by Duos Technologies' IT Infrastructure Services Division utilizing its patented data center audit methodology and a module of its proprietary centraco™ system.

"Our partner informed us about this significant scope expansion of work for this contract which is attributed to our efficiency in conducting the audits and the professionalism of our staff," said Joe Coschera, Duos Technologies Group Senior VP of IT Services. The data collection and analysis methodologies in conjunction with well proven software systems supporting the process, deliver measurable intelligence on large data center infrastructures. Mr. Coschera went on to say, "Our patented process and mobile audit software solution ensures timely completion and accurate deliverables to our clients and I believe this is the reason that we have been awarded a significant expansion in scope. We have successfully completed IT asset inventory audits for many Fortune 500 and Fortune 100 companies in scores of data centers with accuracy levels exceeding 99%."

Duos Technologies Group, IT infrastructure services division focuses on bringing products and services to support the largest Data Centers with their Data Center Infrastructure Management ("DCIM") implementations. The division has delivered data collection and audit services via its partners for most of the major telco operators. Adrian Goldfarb, CFO of Duos Technologies Group, has corporate responsibility for the IT infrastructure services division. "I am delighted that our partner recognized the professionalism of our implementation teams and the ability in conjunction with our technology to deliver results that exceeded customer expectations. I look forward to expanding our relationship well into the future," he commented.
