## About Us

Founded in 1908, SM Energy is an independent energy company with a longstanding, principled approach to doing business ethically and responsibly. SM Energy's long-term vision and strategy is to sustainably grow value for all of our stakeholders as a premier operator of top-tier assets. Our team executes this strategy by prioritizing safety, technological innovation, and stewardship of natural resources, all of which are integral to our corporate culture. Our corporate culture drives our behavior and we build open, honest and transparent relationships with our stakeholders. Our goal is to make people's lives better by responsibly producing energy supplies, contributing to domestic energy security and prosperity, and having a positive impact in the communities where we live and work.
