

Duos Technologies Group Reports 2016 Results

Fourth Quarter Revenue Growth of 15% to \$2.1 Million from \$1.8 Million in Fourth Quarter 2015

JACKSONVILLE, FL -- (Marketwired) -- 03/31/17 -- Duos Technologies Group (OTCQB: DUOT), ("Duos" or the "Company"), a provider of intelligent security analytical technology solutions, today reported financial and operating results for the year ended December 31, 2016.

The Company completed its first full year of operations since the combined merger in early 2015

Key Business Highlights for Full Year 2016:

- Successfully implemented a \$1.2 million rail inspection portal for Ferrocarril Mexicano (Ferromex)
- Strengthened its high resolution train imaging system for security and mechanical inspection strategies
- Delivering against IT infrastructure service project of over \$1 million
- Completed software deployment for a major independent oil and gas company

Key Financial Highlights for Full Year 2016:

- Revenues of \$6.1 million
- Revenues of \$2.1 million in the fourth quarter of 2016, representing 15% growth over 2015
- Gross margins continue to be above 50%
- Reduced operating loss throughout the year to near breakeven in the fourth quarter
- Secured new financing to support growth

Gianni Arcaini, Chairman and Chief Executive Officer of Duos Technologies Group, Inc. commented, "We finished the year strong as evident by the revenue growth in the fourth quarter. Our team has been successful in refining and improving our security and analytical technologies to address much needed demand of such solutions in the marketplace. We are well positioned to enter the next phase of evolution as we prepare to uplist our common stock to a national exchange."

Financial Results for the Year Ended December 31, 2016:

Revenue was \$6.1 million for the twelve months ended December 31, 2016, a 10% decrease from \$6.8 million for the twelve months ended December 31, 2015. The decrease was primarily due to the cancellation of a one-off \$2.4 million project with one of the Company's large customers. The cancellation was due to a withdrawal of funding in

conjunction with the federal government. Excluding this one-time project loss, there was revenue growth by new projects within the Company's main business focus and an approximate 27% growth in IT asset management services.

Gross profit was \$3.4 million for the twelve months ended December 31, 2016, a 6% decrease from \$3.6 million for the twelve months ended December 31, 2015. Improved gross margins in the project business and lower costs overall in the maintenance and technical support areas resulted in an increase in gross profit margin as a percentage of revenue.

Operating loss for the twelve months ended December 31, 2016 was \$1.7 million, an improvement of \$0.5 million from a \$2.2 million operating loss for the twelve months ended December 31, 2015.

Net loss for the twelve months ended December 31, 2016 was \$2.6 million, an increase of \$0.3 million from a \$2.3 million net loss for the twelve months ended December 31, 2015. This increase was due to a one time Other Income gain of \$0.9 million in 2015.

At December 31, 2016, Duos had \$0.2 million of cash and cash equivalents and approximately 66 million shares issued and outstanding.

Of note, the Company came close to breakeven during the fourth quarter despite the added investment in resources as a prelude to anticipated growth in 2017.

Duos Technologies Group, Inc.

Duos Technologies Group, Inc. (OTCQB: DUOT), based in Jacksonville, FL, provides intelligent security analytical technology solutions with a strong portfolio of intellectual property. The Company's core competencies include advanced intelligent technologies that are delivered through its proprietary integrated enterprise command and control platform, Centraco™. The Company provides its broad range of technology solutions with an emphasis on mission critical security, inspection and operations within the rail, utilities, petrochemical, healthcare, and hospitality sectors.
