Duos Technologies Group Reports First Quarter 2020 Results

JACKSONVILLE, FL / ACCESSWIRE / May 15, 2020 /Duos Technologies Group, Inc. ("Duos" or the "Company") (NASDAQ:DUOT), a provider of intelligent security analytical technology solutions, reported financial results for the first quarter ended March 31, 2020.

First Quarter 2020 and Recent Operational Highlights

- Awarded a \$1.8 million contract for a turn-key Rail Inspection Portal ([rip®](#)), which is expected to be completed by the end of the third quarter of this year.
- Successfully listed onto the Nasdaq Capital Market and began trading under the ticker symbol "DUOT" effective February 13, 2020. In connection with the listing, Duos management rang the ceremonial Nasdaq Opening Bell on February 21, 2020.
- Also in connection with being listed on the Nasdaq, completed underwritten public offering of 1,542,188 shares of common stock at an offering price of \$6.00 per share, resulting in total gross proceeds of \$9.25 million, which includes the exercise of its over-allotment option prior to deducting underwriting discounts, commissions and offering expenses payable by the Company.
- Implemented first full-scale rip® in record time for CSX Transportation, Inc., one of the seven Class 1 Railroad operators who own and operate a combined 140,000 miles of rail track.
- Substantially completed another rip® with a different customer, which is scheduled for final acceptance at a site in Mexico upon lifting of travel restrictions related to COVID 19.
- Awarded \$945,000 follow-on contract for Monroe County Sheriff's office in Florida to provide the Company's Intelligent Correctional Automation System, icas™, which is expected to be implemented starting in late 2020 and completed in 2021.

First Quarter 2020 Financial Results

It should be noted that the following Financial Results represent the consolidation of the Company with its subsidiaries Duos Technologies, Inc. and truevue360™.

Total revenue decreased 77% to \$991,000 compared to \$4.35 million in the same quarterly period. The majority of the decrease in total revenue for the quarter was due to delays in anticipated contract awards due to business interruptions affecting several customers. Such business interruptions have also caused delays in some project execution. The current pandemic related to the coronavirus (COVID-19) outbreak has temporarily impacted expected receipt of awards and caused delays in execution due to travel and other restrictions.

Gross profit decreased 95% to \$103,000 (10% of total revenue) compared to \$2.13 million (49% of total revenue) in the same quarterly period last year. The overall decrease in gross profit reflects the lower revenues for the quarter and increased costs for equipment related

to project implementation which was not offset in the current quarter due to the aforementioned delays.

Operating expenses increased 5% to \$2.19 million from \$2.08 million in the same quarterly period. The increase in operating expense was primarily due to an increase in resources to support the Company's anticipated growth, including research and development, administration and artificial intelligence (AI) technologies expenses, which were offset by a decrease in engineering and sales and marketing expenses.

Net loss totaled \$2.15 million, a decrease from net income of \$44,000 in the same quarter a year-ago. The increase in net loss was primarily attributable to the aforementioned lower revenues.

Cash and cash equivalents at quarter-end totaled \$6.6 million, compared to \$56,000 at December 31, 2019.

Financial Outlook

As a result of delays in project execution resulting from the restrictive travel environment currently in place as well as the additional, uncertain final impact on the overall economy from the COVID-19 outbreak, it is uncertain if the Company will realize the 2020 revenue guidance previously stated. Going forward, the Company will continue to re-evaluate the growth and predictability of its operating performance with respect to providing financial forecasts.

Management Commentary

"We began the year with significant operational momentum and in one of the strongest positions in company history," said Duos Chairman and CEO Gianni Arcaini. "Unfortunately, like many businesses, we were not immune to the effects of the ongoing global pandemic, which caused business disruptions for most of our key customers and consequently impacted our operations during the first quarter. As an essential business, we were able to continue working uninterrupted, allowing us to provide critical services and tech support for our on-going commitments.

"Prior to the COVID-19 outbreak, our expectations had already factored in a modest start to the year with sequential growth going forward, and that projection remains intact. The \$1.8 million rip® award we received in April was a strong step forward in the right direction, and, hopefully, an indication of progress ahead. We expect to receive a number of additional awards in the near future, however, because of the uncertainty that remains, we cannot accurately quantify the full impact on our operations for the remainder of the year at this time. We have and will continue to push forward in a challenging environment, and we remain confident in the long-term growth opportunity in rail transportation and the other industries we serve."

Conference Call

The Company's management will host a conference call today, Friday, May 15, 2020 at 11:00 a.m. Eastern time (8:00 a.m. Pacific time) to discuss these results, followed by a question and answer period.

Date: Friday, May 15, 2020
Time: 11:00 a.m. Eastern time (8:00 a.m. Pacific time)
U.S. dial-in: (877) 407-3088
International dial-in: +1 (201) 389-0927
Confirmation: 13703531

Please call the conference telephone number 5-10 minutes prior to the start time of the conference call. An operator will register your name and organization. If you have any difficulty connecting with the conference call, please contact Gateway Investor Relations at (949) 574-3860.

The conference call will be broadcasted live via telephone and available for online replay via the investor section of the Company's website [here](#).

About Duos Technologies Group, Inc.

Duos Technologies Group, Inc. (NASDAQ:DUOT), based in Jacksonville, Florida, through its wholly owned subsidiary, Duos Technologies, Inc., provides advanced, analytical technology solutions with a strong portfolio of intellectual property. The Company's core competencies include intelligent technologies that combine machine learning, artificial intelligence and advanced video analytics that are delivered through its proprietary integrated enterprise command and control centraco® platform.
