Qualcomm Works to Kickstart 5G for Industrial IoT with Live Ecosystem Demonstrations

5G is coming to Hannover Messe with live industrial IoT demos using over-the-air 5G networks

HANNOVER, Germany, April 1, 2019 /PRNewswire/ -- Qualcomm Technologies, Inc., a subsidiary of Qualcomm Incorporated (NASDAQ: QCOM), today announced demonstrations of industrial IoT applications with multiple companies at Hannover Messe using a live over-the-air 5G NR network utilizing mobile test devices powered by the Qualcomm® Snapdragon™ X50 5G modem and antenna modules with integrated RF transceiver, RF front-end and antenna elements.
