(I.R.S. Employer
Identification No.)

One Summerlin, 1980 Festival Plaza Drive, Suite 680, Las Vegas, Nevada 89135
(Address and zip code of principal executive offices)

(702) 221-7800
(Registrant's Telephone Number, Including Area Code)

Securities registered pursuant to Section 12(b) of the Act:

<u>Title of Each Class</u>	<u>Trading Symbol</u>	<u>Name of Each Exchange on Which Registered</u>
Common Stock, \$0.0001 per Share	FLL	The Nasdaq Stock Market LLC

Securities registered pursuant to Section 12(g) of the Act:

None
(Title of class)

Indicate by check mark if the registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes ☐ No ☒

Indicate by check mark if the registrant is not required to file reports pursuant to Section 13 or 15(d) of the Act. Yes ☐ No ☒

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	<input type="checkbox"/>	Accelerated filer	<input checked="" type="checkbox"/>	Emerging growth company	<input type="checkbox"/>
Non-accelerated filer	<input type="checkbox"/>	Smaller reporting company	<input checked="" type="checkbox"/>		

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant has filed a report on and attestation to its management's assessment of the effectiveness of its internal control over financial reporting under Section 404(b) of the Sarbanes-Oxley Act (15 U.S.C. 7262(b)) by the registered public accounting firm that prepared or issued its audit report. ☒

If securities are registered pursuant to Section 12(b) of the Act, indicate by check mark whether the financial statements of the registrant included in the filing reflect the correction of an error to previously issued financial statements. ☐

Indicate by check mark whether any of those error corrections are restatements that required a recovery analysis of incentive-based compensation received by any of the registrant's executive officers during the relevant recovery period pursuant to §240.10D-1(b). ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). Yes ☐ No ☒

The aggregate market value of Registrant's voting and non-voting common stock held by non-affiliates of the Registrant, as of June 28, 2024 (the last business day of the Registrant's most recently completed second fiscal quarter), was: \$164.1 million. As of March 6, 2025, there were 35,875,647 shares of common stock, \$0.0001 par value per share, outstanding.

Documents Incorporated by Reference

The information required by Part III of this Form 10-K is incorporated by reference from the Registrant's definitive proxy statement relating to the annual meeting of stockholders to be held in 2025, which definitive proxy statement is anticipated to be filed with the Securities and Exchange Commission within 120 days after the end of the Registrant's fiscal year ended December 31, 2024.

Cautionary Statement Regarding Forward-Looking Statements

This Annual Report on Form 10-K contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) for which the Private Securities Litigation Reform Act of 1995 provides a safe harbor. These forward-looking statements can be identified by use of terms such as “believes,” “expects,” “anticipates,” “estimates,” “plans,” “intends,” “objectives,” “goals,” “aims,” “projects,” “forecasts,” “future,” “possible,” “seeks,” “may,” “could,” “should,” “will,” “might,” “likely,” “enable,” or similar words or expressions, as well as statements containing phrases such as “in our view,” “we cannot assure you,” “although no assurance can be given,” or “there is no way to anticipate with certainty.” Examples of forward-looking statements include, among others, statements we make regarding our plans, beliefs or expectations regarding our growth strategies; our expected construction budgets, estimated commencement and completion dates, expected amenities, and our expected operational performance for our growth projects, such as American Place; our expectations regarding the timing of the closing of the second phase of the sale of Stockman’s Casino; our expectations regarding our ability to generate operating cash flow and to obtain debt financing on reasonable terms and conditions for the construction of the permanent American Place facility; our investments in capital improvements and other projects, including the amounts of such investments, the timing of commencement or completion of such capital improvements and projects, and the resulting impact on our financial results; our sports wagering contracts with third-party providers, including the expected revenues and expenses, as well as our expectations regarding the potential usage of our idle sports skins by us or others; our expectations regarding our ability to exercise any of our buyout options under our leases; adequacy of our financial resources to fund operating requirements and planned capital expenditures and to meet our debt and contractual obligations; expected sources of revenue; anticipated sources of funds; anticipated or potential legislative actions; beliefs in connection with our marketing efforts; factors that affect the financial performance of our properties; adequacy of our insurance; competitive outlook; outcome of legal matters; impact of recently issued accounting standards; and estimates regarding certain accounting and tax matters, among others.

Forward-looking statements are neither historical facts nor assurances of future performance. Instead, they are based only on our current beliefs, expectations and assumptions regarding the future of our business, future plans and strategies, projections, anticipated events and trends, the economy and other future conditions. Because forward-looking statements relate to the future, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict and many of which are outside of our control. Our actual results and financial condition may differ materially from those indicated in the forward-looking statements. Therefore, you should not rely on any of these forward-looking statements. Important factors that could cause our actual results and financial condition to differ materially from those indicated in the forward-looking statements include, among others, the factors as discussed throughout Part I, Item 1A. “Risk Factors” and Part II, Item 7. “Management’s Discussion and Analysis of Financial Condition and Results of Operations” of this Annual Report on Form 10-K.

These forward-looking statements speak only as of the date on which this statement is made, and we undertake no obligation to update or revise any forward-looking statements as a result of future developments, events or conditions, except as required by law. New risks emerge from time to time and it is not possible for us to predict all such risk factors, nor can we assess the impact of all such risk factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ significantly from those forecast in any forward-looking statements. You should also be aware that while we communicate from time to time with securities analysts, we do not disclose to them any material non-public information, internal forecasts or other confidential business information. Therefore, you should not assume that we agree with any statement or report issued by any analyst, irrespective of the content of the statement or report. To the extent that reports issued by securities analysts contain projections, forecasts or opinions, those reports are not our responsibility and are not endorsed by us.

Summary of Risk Factors

The following is a summary of the risk factors discussed in Part I, Item 1A. “Risk Factors” of this Form 10-K. This summary should be read in conjunction with those Risk Factors and should not be relied upon as an exhaustive summary of the material risks facing our business.

Risks Related to our Business and Operations

- We face significant competition from other gaming and entertainment operations.
- We may face revenue declines if discretionary consumer spending drops, including due to an economic downturn.
- We cannot assure you that any of our contracted sports betting parties, through the use of our permitted website “skins,” will be able to compete effectively, that our contracted sports parties will have the ability and/or willingness to sustain sports betting operations should they experience an extended period of unprofitability, or that we will have the ability to replace existing partners or vendors on similar terms as our existing contractual revenue minimums.
- Our Mississippi casino hotel and Illinois casino operations currently generate a significant percentage of our revenues and Adjusted EBITDA. Our ability to meet our operating and debt service requirements is dependent, in part, upon the continued success of those properties.
- We derive our revenues and operating income from our properties located in Mississippi, Colorado, Indiana, Nevada and Illinois, and are especially subject to certain risks, including economic and competitive risks, associated with the conditions in those areas and in the states from which we draw patrons.
- Some of our operations are located on leased property. If the lessor of the Grand Lodge Casino exercises its buyout or early termination rights or fails to extend the lease, or if we default on this or certain of our other leases, the applicable lessors could terminate the affected leases and we could lose possession of the affected casino.
- A prolonged closure of our casinos would negatively impact our ability to service our debt.
- Adverse weather conditions, road construction, gasoline shortages and other factors affecting our facilities and the areas in which we operate could make it more difficult for potential customers to travel to our properties and deter customers from visiting our properties.
- Our results of operations and financial condition could be materially adversely affected by the occurrence of natural disasters, including as a result of climate change, such as hurricanes, floods, wildfires, pandemics, epidemics, widespread health emergencies, or outbreaks of infectious diseases such as the coronavirus pandemic, or other catastrophic events, including war, terrorism and gun violence.
- Several of our properties, including Silver Slipper, Chamonix, Bronco Billy’s and Rising Star, are accessed by our customers via routes that have few alternatives.
- Marine transportation is inherently risky, and insurance may be insufficient to cover losses that may occur to our assets or result from our ferry boat operations.
- We may incur property and other losses that are not adequately covered by insurance, including adequate levels of Weather Catastrophe Occurrence/Named Windstorm, Flood and Earthquake insurance coverage for our properties.
- We depend on our key personnel and our ability to attract and retain employees.
- Higher wage and benefit costs could adversely affect our business.
- Rising operating costs at our gaming properties could have a negative impact on our business.
- We face the risk of fraud and cheating.
- Win rates for our gaming operations depend on a variety of factors, some beyond our control.
- The concentration and evolution of the slot machine manufacturing industry could impose additional costs on us.
- Our business may be adversely affected by legislation prohibiting tobacco smoking.
- We rely on, among other things, trademarks, licenses, confidentiality procedures, and contractual provisions to protect our intellectual property rights and we may be unable to protect or may not be successful in protecting our intellectual property rights.
- Our commercial success depends upon us avoiding the infringement of intellectual property rights owned by others and any such infringements, including those that are inadvertent, may have a material adverse effect on our business.
- We are subject to risks related to corporate social responsibility and reputation.

Risks Related to Development and Growth Opportunities

- We are engaged from time to time in one or more construction and development projects, and many factors could prevent us from completing them as planned.
- The construction costs for our growth projects may exceed budgeted amounts plus contingencies. This may result in insufficient funds to complete these projects or the need to raise additional capital.
- There is no assurance that any growth projects will not be subject to additional regulatory restrictions, delays, or challenges.
- There is no assurance that our growth projects will be successful.
- We face a number of challenges prior to opening new or upgraded facilities.
- We may face disruption and other difficulties in integrating and managing facilities we have recently developed or acquired, or may develop or acquire in the future.
- The construction of the permanent American Place facility may inconvenience customers and disrupt business activity at our adjacent temporary casino facility.
- The permanent American Place facility, additional growth projects or potential enhancements at our properties may require us to raise additional capital.
- The casino, hotel and resort industry is capital intensive, and we may not be able to finance expansion and renovation projects, which could put us at a competitive disadvantage.
- We may face risks related to our ability to receive regulatory approvals required to complete certain acquisitions, mergers, joint ventures, and other developments, as well as other potential delays in completing certain transactions.
- If we fail to obtain necessary government approvals in a timely manner, or at all, it can adversely impact our various expansion, development, investment and renovation projects.
- Insufficient or lower-than-expected results generated from our new developments and acquired properties may negatively affect our operating results and financial condition.

Risks Related to our Indebtedness

- Our significant indebtedness could adversely affect our financial health and prevent us from fulfilling our obligations.
- The indenture governing the Notes and the Credit Facility impose restrictive covenants and limitations that could significantly affect our ability to operate our business and lead to events of default if we do not comply with the covenants.
- To service our indebtedness, we will require a significant amount of cash. Our ability to generate cash depends on many factors beyond our control.
- We may not be able to generate sufficient cash flows to service all of our indebtedness and fund our operating expenses, working capital needs and capital expenditures, and we may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.
- We depend on our subsidiaries for certain dividends, distributions and repayment of our indebtedness, including the Notes and any borrowings under the Credit Facility.
- Our ability to obtain additional financing on commercially reasonable terms may be limited.
- The obligations under the Notes and the Credit Facility are collateralized by a security interest in substantially all of our assets. If we default on those obligations, the holders of the Notes and lenders under the Credit Facility could foreclose on our assets. In addition, the existence of these security interests may adversely affect our financial flexibility.
- We and our subsidiaries may still be able to incur substantially more debt, including subordinated debt, which could further exacerbate the risks described above.

Risks Related to our Legal and Regulatory Environment

- We face extensive regulation from gaming and other regulatory authorities and the cost of compliance or failure to comply with such regulations may adversely affect our business and results of operations.
- Changes in legislation and regulation of our business could have an adverse effect on our financial condition, results of operations and cash flows.
- Stockholders may be required to dispose of their shares of our common stock if they are found unsuitable by gaming authorities.
- We are subject to environmental laws and potential exposure to environmental liabilities.
- We are subject to litigation which, if adversely determined, could cause us to incur substantial losses.
- Our ferry boat service is highly regulated, which can adversely affect our operations.

Risks Related to Technology

- Our gaming operations rely heavily on technology services and an uninterrupted supply of electrical power. If we experience damage or service interruptions, we may have to cease some or all of our operations, which will result in a decrease in revenue.
- Our information technology and other systems are subject to cybersecurity risk, misappropriation of customer information and other breaches of information security.

General Risks

- Our ability to utilize our net operating loss (“NOL”) carryforwards and certain other tax attributes may be limited.
- The market price for our common stock may be volatile, and investors may not be able to sell their stock at a favorable price, or at all.
- The exercise of outstanding options to purchase common stock may result in substantial dilution and may depress the trading price of our common stock.

PART I

Item 1. Business.

References in this document to “Full House,” the “Company,” “we,” “our,” or “us” refer to Full House Resorts, Inc. and its subsidiaries, except where stated or the context otherwise indicates.

Introduction

Formed as a Delaware corporation in 1987, Full House Resorts, Inc. owns, leases, operates, develops, manages, and/or invests in casinos and related hospitality and entertainment facilities.

We currently operate seven casinos: six on real estate that we own or lease, and one located within a hotel owned by a third party. Additionally, we benefit from seven permitted sports wagering skins – three in Colorado, three in Indiana, and one in Illinois. Other companies currently operate the active online sports wagering websites under their brands, paying us a percentage of revenues, as defined, subject to annual minimum amounts.

In February 2023, we opened our temporary American Place facility, which we are permitted to operate until August 2027. We have begun the design work for the permanent gaming resort facility that we plan to build on adjoining land.

In August 2024, we entered into an agreement to sell Stockman’s to a privately owned company. We closed on the sale of Stockman’s real property in September 2024. We continue to operate the business under a leaseback agreement with the new owners for use of their facilities until the second closing of the Stockman’s sale, which is expected to occur in the first half of 2025.

In October 2024, we completed the phased opening of Chamonix, our newest property, located adjacent to our existing Bronco Billy’s Casino.

The following table presents selected information concerning our casino resort properties as of December 31, 2024:

Segments and Properties	Locations
Midwest & South	
American Place*	Waukegan, IL (northern suburb of Chicago)
Silver Slipper Casino and Hotel (“Silver Slipper”)	Hancock County, MS (near New Orleans)
Rising Star Casino Resort (“Rising Star”)	Rising Sun, IN (near Cincinnati)
West	
Bronco Billy’s Casino (“Bronco Billy’s”) and Chamonix Casino Hotel (“Chamonix”)*	Cripple Creek, CO (near Colorado Springs)
Grand Lodge Casino (“Grand Lodge”), leased and part of the Hyatt Regency Lake Tahoe Resort, Spa and Casino	Incline Village, NV (North Shore of Lake Tahoe)
Stockman’s Casino (“Stockman’s”), held for sale starting August 2024	Fallon, NV (one hour east of Reno)
Contracted Sports Wagering	
One active sports wagering website (“skin”), plus two others that are currently idle	Colorado
One active sports wagering website (“skin”), plus two others that are currently idle	Indiana
One active sports wagering website (“skin”), commenced in August 2023	Illinois

* The temporary American Place facility opened on February 17, 2023. Chamonix opened in phases between December 2023 and October 2024.

We manage our casinos based primarily on geographic regions within the United States and type of income. Our corporate headquarters is in Las Vegas, Nevada. Our reportable segments are identified as Midwest & South, West, and Contracted Sports Wagering.

Our mission is to maximize stockholder value, while also being a responsible borrower, good employer, and active community participant. We seek to increase revenues by providing our customers with their favorite games and amenities, high-quality customer service, and appropriate customer loyalty programs. Our customers include nearby residents who represent a high potential for repeat visits, along with drive-in tourist patrons. We continuously focus on improving the operating results of our existing properties through a combination of revenue growth and expense management efforts. The casino resort industry is capital-intensive; we rely on the ability of our properties to generate operating cash flow to pay interest, repay debt, and fund maintenance and certain growth-related capital expenditures. We also continually assess the potential impact of growth and development opportunities, including capital investments at our existing properties, the development of new properties, and the acquisition of existing properties.

Our casino properties generally operate 24 hours each day, 365 days per year. We also generally operate the hotel, food and beverage, and other on-site operations at our properties, although the steakhouse at Chamonix is operated by a third party. Additionally, we operate a golf course, recreational vehicle park (“RV park”) and ferry service at Rising Star and an RV park at Silver Slipper. At Grand Lodge, the landlord of the Hyatt Regency Lake Tahoe Resort, Spa and Casino (“Hyatt Lake Tahoe”) manages the adjoining hotel, as well as the food and beverage outlets.

Operating Properties

Silver Slipper Casino and Hotel (Hancock County, Mississippi)

The Silver Slipper is the western-most casino on the Mississippi Gulf Coast, midway between Biloxi, Mississippi and New Orleans, Louisiana. The property sits at the western end of an approximately eight-mile-long white sand beach, the closest such beach to the New Orleans and Baton Rouge metropolitan areas. Its customers are primarily from communities in southwestern Mississippi and southern Louisiana, including the North Shore of Lake Pontchartrain and the New Orleans and Baton Rouge metropolitan areas. In addition to its large, modern casino, the Silver Slipper offers 129 hotel rooms or suites, an on-site sportsbook, a fine-dining restaurant, a buffet, a quick-service restaurant, a casino bar and a beachfront pool and bar. It also manages a nearby beachfront RV park.

The primary lease for the Silver Slipper includes approximately 38 acres, consisting of the seven-acre parcel on which the casino and hotel is situated and approximately 31 acres of protected marshlands. The lease term ends in April 2058. Through October 1, 2027, we have the option to buy out the lease.

Bronco Billy’s Casino / Chamonix Casino Hotel (Cripple Creek, Colorado)

Bronco Billy’s and Chamonix are two integrated and adjoining casinos, and are operated by our management team as a single entity. The properties are located in Cripple Creek, Colorado, a historical gold mining town located approximately one hour from Colorado Springs and two hours from Denver. Its customers are primarily from the Colorado Springs/Pueblo/Cañon City metropolitan area, the second-largest metropolitan area in Colorado, with a population of approximately one million people. Its secondary market, the Denver metropolitan area, has a population of approximately four million people. It occupies a significant portion of the key city block of Cripple Creek’s “casino strip.” Chamonix was opened in phases, beginning in December 2023 and completing in October 2024. The combined Bronco Billy’s / Chamonix complex offers two integrated casinos, approximately 300 luxury guest rooms, 14 additional hotel rooms located nearby, two casual dining outlets, a coffee bar, a steakhouse managed by a third-party, parking garage, rooftop pool, jewelry store, spa, and convention and meeting facilities.

We own much of the real estate for these two properties, but also lease certain parking lots and buildings, including a portion of the hotel and casino, under a long-term lease. The lease has six renewal options in three-year increments through January 2035. We have the right to buy out the lease at any time during its term.

We are allowed to offer online sports wagering through three sports “skins” in Colorado. Rather than operate these sports skins ourselves, we historically have contracted with outside companies to operate such skins under their own brands in exchange for a percentage of revenues, as defined in each contract, subject to annual minimum amounts paid to us. As of December 31, 2024, one of our three skins was live.

Rising Star Casino Resort (Rising Sun, Indiana)

Rising Star is located on the banks of the Ohio River in Rising Sun, Indiana, approximately one hour from Cincinnati, Ohio, and within two hours of Indianapolis, Indiana, and Louisville and Lexington, Kentucky. In addition to its riverboat-based casino, Rising Star offers a land-based pavilion with approximately 31,500 square feet of meeting and convention space; a contiguous 190-guest-room hotel; an adjacent, leased 104-guest-room hotel set on three acres; a 56-space RV park; four dining outlets; surface parking; and an 18-hole golf course on over 230 acres. The 104-guest-room hotel is leased pursuant to an agreement that expires in October 2027 and contains a bargain purchase option, whereby we have the right to purchase the hotel and the landlord has the right to put the hotel to us, in both cases for \$1 upon maturity of the lease. We also own 1.3 acres located in Burlington, Kentucky that is used as part of our ferry boat operations, which connects the more populous Boone County, Kentucky to our Rising Star property in Indiana.

We are allowed to offer online sports wagering through three sports “skins” in Indiana. As in Colorado, we historically have contracted with outside companies to operate such skins under their own brands in exchange for a percentage of revenues, as defined in each contract, subject to annual minimum amounts. As of December 31, 2024, one of our three skins was live.

Stockman’s Casino (Fallon, Nevada)

Stockman’s is located in Churchill County, Nevada, approximately one hour from Reno, Nevada. Stockman’s primarily serves the local market of Fallon and surrounding areas, including the nearby Fallon Naval Air Station, which is the Navy’s premier air training facility, informally referred to as the “Top Gun” school. In addition to its casino, Stockman’s offers a bar, fine-dining restaurant and coffee shop.

On August 28, 2024, we entered into an agreement with a privately-owned company to sell Stockman’s for total gross proceeds of \$9.2 million, plus certain expected working capital adjustments at closing. We closed on the sale of Stockman’s real property in September 2024. We continue to operate the business under a leaseback agreement with the new owners for use of their facilities until the second closing of the Stockman’s sale, which is expected to occur in the first half of 2025. See Note 3 to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data” for details.

Grand Lodge Casino (Incline Village, Nevada)

We operate Grand Lodge at the Hyatt Lake Tahoe under a lease with Incline Hotel, LLC. Grand Lodge is located within the Hyatt Lake Tahoe in Incline Village, Nevada on the north shore of Lake Tahoe and includes approximately 20,990 square feet of leased space. The Hyatt Lake Tahoe is one of three AAA Four Diamond hotels in the Lake Tahoe area. Our casino’s customers consist of both locals and tourists visiting the Lake Tahoe area.

Our lease currently expires on December 31, 2034, though it can be cancelled prior to its expiration on terms specified in the lease. The lease was entered into in 2011 and has been extended several times, although there is no certainty that this will continue to be the case. The lease is secured by our interests under such lease, consisting of certain collateral (as defined and described in a security agreement), and is subordinate to both our 8.25% Senior Secured Notes due 2028 and Revolving Credit Facility. We own the personal property, including slot machines. The landlord currently has both an option to terminate the lease early with six months’ notice in the event of a significant renovation, and to purchase our leasehold interest and operating assets of the Grand Lodge Casino at a defined price based partially on earnings.

American Place (Waukegan, Illinois)

American Place is located in Waukegan, Illinois, a northern suburb of Chicago. Waukegan is the county seat of Lake County, which has a population of approximately 709,000. According to the U.S. Census Bureau, Lake County is the third most populous county in the state, and one of the wealthier counties in both Illinois and the United States. American Place is currently located in a temporary facility that we are permitted to operate until August 2027, which includes a large casino floor, a center bar, a fine-dining restaurant, two additional full-service restaurants, and two customized Airstream trailers located within the casino that serve beverages and quick meals.

We are currently designing the permanent American Place casino, which is projected to be completed in 2027 and will be located adjacent to the temporary facility. The permanent American Place is slated to include a world-class casino with a state-of-the-art sports book, a premium boutique hotel comprised of 20 luxurious villas, assorted eateries and bars, and other amenities designed to attract gaming and non-gaming patrons from throughout Chicagoland and beyond.

American Place is located on approximately 42 acres of land, consisting of approximately 10 acres of owned land and an adjoining approximately 32 acres that are under a 99-year lease with the City of Waukegan. We have an option to buy out the lease at any time for \$30 million. If we do so prior to the opening of the permanent American Place facility, then we must continue to pay rent due to the City of Waukegan under this lease until the permanent casino is open.

Government Regulation

The gaming industry is highly regulated. We must maintain our licenses and pay gaming taxes to continue our operations. Each of our casinos is subject to extensive regulation under the laws, rules, and regulations of the jurisdiction in which it is located. These laws, rules, and regulations generally concern the responsibility, financial stability, and character of the owners, managers, and persons with financial interests in the gaming operations and include, without limitation, the following conditions and restrictions:

- Periodic license fees and taxes must be paid to state and local gaming authorities;
- Certain officers, directors, key employees, and gaming employees are required to be licensed or otherwise approved by the gaming authorities;
- Individuals who must be approved by the gaming authorities must submit comprehensive personal disclosure forms and undergo an extensive background investigation;
- Changes in any licensed or approved individuals must be reported to and/or approved by the relevant gaming authority;
- Failure to timely file the required application forms by any individual required to be approved by the relevant gaming authority may result in that individual's denial and the gaming licensee may be required by the gaming authority to disassociate with that individual; and
- If any individual is found unsuitable by a gaming authority, the gaming licensee is required to disassociate with that individual.

Violations of gaming laws in one jurisdiction could result in disciplinary action in other jurisdictions. A summary of the governmental gaming regulations to which we are subject is filed as Exhibit 99.1 and is herein incorporated by reference.

Our businesses are also subject to other various federal, state, and local laws and regulations. These laws and regulations include, but are not limited to, restrictions and conditions concerning alcoholic beverages, smoking, environmental matters, employees, currency transactions, taxation, zoning and building codes, construction, land use, and marketing and advertising. We also deal with significant amounts of cash in our operations and are subject to various reporting and anti-money laundering regulations. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted. Material changes, new laws or regulations, or material differences in interpretations by courts or governmental authorities could adversely affect our operating results. See Part I, Item 1A. "Risk Factors – Risks Related to our Legal and Regulatory Environment" for additional discussion.

Costs and Effects of Compliance with Environmental Laws

We are subject to various federal, state and local environmental laws and regulations that govern our operations, including emissions and discharges into the environment, and the handling and disposal of hazardous and non-hazardous substances and wastes. For example, our Indiana property is subject to environmental regulations for its riverboat, ferry boat and golf club operations. Our Mississippi property is located near environmental wetlands. In Colorado and Illinois, we are building, or have recently built, major new casino hotels and such construction must also adhere to certain environmental regulations. Our Colorado facilities, for example, are in historical mining areas. Failure to comply with applicable laws and regulations could result in costs for corrective action, penalties or the imposition of other liabilities or restrictions. We also are subject to laws and regulations that impose liability and clean-up responsibility for releases of hazardous substances into the environment. Under certain of these laws and regulations, a current or previous owner or operator of the property may be liable for the costs of remediating contaminated soil or groundwater on or from its property, without regard to whether the owner or operator knew of, or caused, the contamination, and may also incur liability to third parties impacted by such contamination. The presence of contamination, or failure to remediate it properly, may adversely affect our ability to use, sell or rent the property. To date, none of these matters or other matters arising under environmental laws has had a material adverse effect on our business, financial condition, or results of operations; however, we cannot assure you that such matters will not have such an effect in the future.

Competition

The gaming industry is highly competitive. Gaming activities with which we compete include traditional commercial casinos and casino resorts in various states, including on tribal lands and at racetracks; state-sponsored lotteries; video poker, sports betting, and slot machines in restaurants, bars, sports arenas, and hotels; pari-mutuel betting on horse racing; and card rooms. We also face competition from Internet lotteries, sweepstakes, and other Internet gaming services, beyond those in which we participate. Internet gaming services, which are legal in some states, allow customers to wager on a wide variety of sporting events and play Las Vegas-style casino games from home or in non-casino settings. This could divert customers from our properties, and thus, adversely affect our business. All of our casinos, as well as other casinos that we may develop or acquire, compete with all these forms of gaming. We also compete with any new forms or jurisdictions of gaming that may be legalized, as well as with other types of entertainment. Some of our competitors have more personnel and greater financial or other resources than we do. The principal methods of competition are: location, with casinos located closer to their feeder markets at an advantage; casino, lodging, entertainment and other hospitality product quality in terms of facilities, customer service and ease of access; breadth of offerings, including the types of casino games and other non-gaming amenities; and marketing, including the amount, quality, and frequency of promotions offered to guests.

Silver Slipper Casino and Hotel

Silver Slipper is in Mississippi, but is close to the North Shore of Lake Pontchartrain, one of the most affluent and fastest-growing regions in Louisiana. Louisiana law permits 15 riverboat casinos, one land-based casino, four casinos at racetracks, and in certain areas, a limited number of slot machines at qualifying truck stops and off-track betting parlors. The legislation permitting riverboat and truck stop casinos requires a local referendum. At this time, all licenses for riverboat casinos in Louisiana have been granted. Of such casinos, only one is not currently in operation and is not located near our Silver Slipper facility. Mississippi does not have a limitation on the number of casino licenses, but requires casinos to be within approximately 800 feet of the Mississippi River shoreline or the Gulf of Mexico, as defined by state law. There are occasionally proposals to relocate casinos within Louisiana or to develop new casinos in Mississippi, but there are considerable political and economic constraints on such potential competition.

Bronco Billy's Casino / Chamonix Casino Hotel

Bronco Billy's and Chamonix are located in Cripple Creek, Colorado, which is a historical gold mining town located less than one hour from Colorado Springs, on the west side of Pikes Peak. Cripple Creek is one of only three locations in Colorado where commercial gaming is permitted. The other two locations are in cities that adjoin each other and are approximately one hour west of Denver and two hours from Colorado Springs. Downtown Denver and Colorado Springs are approximately 70 miles apart and certain suburbs of each metropolitan area largely merge into the other. Two Native American gaming operations also exist in southwestern Colorado and there are tribal casinos in Oklahoma, but these are much further from Colorado Springs and Denver than Cripple Creek. There are no federally-recognized Native American tribes in the Colorado Front Range, which includes Denver and Colorado Springs. As of December 31, 2024, Bronco Billy's and Chamonix were two of 10 gaming facilities operating in Cripple Creek. Chamonix is significantly larger and higher in quality than any of the existing casinos in Cripple Creek.

Rising Star Casino Resort

Rising Star Casino Resort is located on the banks of the Ohio River in Rising Sun, Indiana, approximately one hour from Cincinnati, Ohio, and within two hours of Indianapolis, Indiana, and Louisville and Lexington, Kentucky. One of three casinos in southeastern Indiana, its closest competitors in Indiana are each approximately 15 miles away, near bridges crossing the Ohio River. There is no bridge at Rising Star, but in September 2018, we commenced a ferry boat service connecting Rising Sun, Indiana, to the populous Northern Kentucky region. Rising Star also competes with a large land-based casino near Louisville; casinos in Ohio (including in downtown Cincinnati) and elsewhere in Indiana; and slot parlors associated with racetracks in Kentucky. A significant slot parlor associated with a racetrack opened in Northern Kentucky in September 2022.

Stockman's Casino

Stockman's Casino is the largest of several casinos in Churchill County, Nevada, which has a population of approximately 26,000 residents. Churchill County is also the home of the Fallon Naval Air Station, the United States Navy's premier air training facility, informally referred to as the "Top Gun" school. While the Navy appears to be expanding its base in Fallon, a reduction of its activities at the base would likely have an adverse effect on Stockman's results of operations. Fallon is approximately 30 minutes east of the large Tesla battery factory and other developments in the Tahoe-Reno Industrial Center. Stockman's also competes with casinos in other rural communities in the area, as well as with casinos in Reno, some of which are significantly larger and offer more amenities.

Grand Lodge Casino

Grand Lodge is located in Incline Village, Nevada, and is one of three casinos located within a five-mile radius in the North Lake Tahoe area. Grand Lodge is the only casino in Incline Village itself, which is a high-end residential and tourism community. Grand Lodge also competes with casinos in South Lake Tahoe and Reno. Additionally, there are numerous Native American casinos in California serving the Northern California market.

American Place

American Place competes against two existing casinos that primarily serve the northern suburbs of Chicago, a tribal casino in Milwaukee, and slot machines in bars (limited to six machines per bar) in many parts of Illinois. American Place is the only full-service casino in Lake County, Illinois, which has a population of approximately 709,000 residents. Including areas neighboring Lake County, we estimate that American Place is the closest casino to more than one million individuals.

Marketing

Our marketing efforts are conducted through various means, including our customer loyalty programs and specialized marketing campaigns, such as our seasonal “Christmas Casino” event at Rising Star Casino Resort. We advertise through various channels, including radio, television, Internet, billboards, newspapers and magazines, direct mail, email and social media. We also maintain websites to inform customers about our properties and utilize social media sites to promote our brands, unique events, and special deals. Our customer loyalty programs include the Slipper Rewards Club, the Bronco Billy’s / Chamonix Mile High Rewards Club, the Rising Star VIP Club, the Grand Lodge Players Advantage Club, the Stockman’s Winner’s Club, and American Place’s Legacy Rewards. Under these programs, customers earn points based on their volume of wagering that may be redeemed for various benefits, such as “free play,” complimentary dining, and hotel stays.

Our properties do not have coordinated loyalty programs, due to their disparate locations. Instead, our loyalty programs focus on providing each casino’s customers the amenities they most prefer in each market.

Intellectual Property

We use a variety of trademarks, patents and copyrights in our operations and believe that we have all the licenses necessary to conduct our continuing operations. We have registered several trademarks with the United States Patent and Trademark Office or otherwise acquired the licenses to use certain trademarks, patents and copyrights that are material to conduct our business.

Employees

As of December 31, 2024, we had 15 full-time corporate employees. We had four executive officers and three additional senior management employees. Our casino properties had 1,670 full-time and 325 part-time employees, as follows:

Employee Count by Property / Location	December 31, 2024	
	Full-time	Part-time
Silver Slipper Casino and Hotel	424	60
American Place	552	85
Rising Star Casino Resort	208	83
Bronco Billy’s / Chamonix Casino Hotel	365	70
Grand Lodge Casino	67	16
Stockman’s Casino	54	11
Corporate	15	—
Total Employees	1,685	325

We believe that our relationship with our employees is excellent. None of our employees are currently represented by labor unions.

Available Information

Our principal executive offices are located at Full House Resorts, Inc., 1980 Festival Plaza Drive, Suite 680, Las Vegas, Nevada 89135, and our telephone number is (702) 221-7800. Our website address is www.fullhouserestorts.com. We make available, free of charge, on or through our Internet website, our annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act, as soon as reasonably practicable after we electronically file such material with, or furnish it to, the SEC. Our Internet website and information contained on our Internet website are not part of this Annual Report on Form 10-K and are not incorporated by reference herein.

Item 1A. Risk Factors.

An investment in our securities is subject to risks inherent to our business. We have described below what we currently believe to be the material risks and uncertainties in our business. Before making an investment decision, you should carefully consider the risks and uncertainties described below, together with all of the other information included or incorporated by reference in this Annual Report on Form 10-K.

We also face other risks and uncertainties beyond what is described below. This Annual Report on Form 10-K is qualified in its entirety by these risk factors. If any of the following risks actually occur, our business, financial condition and results of operations could be materially and adversely affected. If this were to happen, the value of securities, including our common stock, could decline significantly. You could lose all or part of your investment.

Risks Related to our Business and Operations

We face significant competition from other gaming and entertainment operations.

The gaming industry is characterized by an increasingly high degree of competition among a large number of participants. Our casinos and contracted sport wagering businesses compete with other forms of gaming, such as casinos, racetracks, state-sponsored lotteries, sweepstakes, charitable gaming, video gaming terminals at bars, restaurants, taverns and truck stops, sports books at sports stadiums, illegal slot machines and skill games, fantasy sports and internet or mobile-based gaming platforms, including online gaming and sports betting. Certain state and other jurisdictions are considering expansion of such forms of gaming. Each of these could divert customers from our casinos and services, and thus materially and adversely affect our business.

In most markets, we compete directly with other casino facilities operating in the immediate and surrounding market areas. In some markets, we face competition from nearby markets in addition to direct competition within our market areas. As competing properties and new markets are opened, our operating results may be negatively impacted. In addition, some of our direct competitors in certain markets may have superior facilities and/or operating conditions. We expect each existing or future market in which we participate to be highly competitive. The competitive position of each of our casino properties is discussed in Part I, Item 1. “Business – Competition.”

In a broader sense, our casinos and sports wagering businesses face competition from all manner of leisure and entertainment activities, including other non-gaming resorts and vacation destinations, shopping, athletic events, television and movies, concerts, and travel.

We may face revenue declines if discretionary consumer spending drops, including due to an economic downturn.

Our revenues are highly dependent upon the volume and spending levels of customers at our properties and, as such, our business has been in the past, and could be in the future, adversely impacted by economic downturns. Decreases in discretionary consumer spending or changes in consumer preferences brought about by factors such as, but not limited to, lackluster recoveries from recessions; increases in interest rates; increases in costs of goods and services due to continued or increased inflationary pressures; pandemics, epidemics, widespread health emergencies, or outbreaks of infectious diseases; high unemployment levels; higher income taxes; low levels of consumer confidence; weakness or uncertainty in the housing market; cultural and demographic changes; the impact of high energy, fuel, food and healthcare costs; fears of war or actual conflicts, such as the Russian invasion of Ukraine, civil unrest, terrorism or violence; and increased stock market volatility may negatively impact our revenues and operating cash flow. This could lead to a reduction in discretionary spending by our guests on entertainment and leisure activities, which could have a material adverse effect on our revenues, cash flow and results of operations. Furthermore, during periods of economic contraction, our revenues may decrease while many of our costs remain fixed and some costs may increase, resulting in decreased earnings.

We cannot assure you that any of our contracted sports betting parties, through the use of our permitted website “skins,” will be able to compete effectively, that our contracted sports parties will have the ability and/or willingness to sustain sports betting operations should they experience an extended period of unprofitability, or that we will have the ability to replace existing partners or vendors on similar terms as our existing contractual revenue minimums or operate the skins ourselves.

Three of our seven permitted sports “skins” are currently active. Our contracted sports betting parties, through the use of our permitted website “skins,” compete in a rapidly evolving and highly competitive market. The success of their sports betting operations is dependent on a number of factors that are beyond their control, and ours, including the ultimate tax rates and license fees charged by jurisdictions across the United States; their ability to gain market share in a newly developing market; the timeliness and the technological and popular viability of their products; their ability to compete with new entrants in the market; marketing offerings of their competitors; changes in consumer demographics and public tastes and preferences; and the availability and popularity of other forms of entertainment. While our current agreements with our contracted sports betting parties provide us with contractual minimums for revenue upon their launch of operations, we cannot assure you that any of our contracted sports parties will be able to compete effectively or that they will have the ability or willingness to sustain sports betting operations for an extended period of unprofitability. Should any of our contracted sports betting parties cease operations, as has happened in the past, whether due to unprofitability or for other reasons, there can be no assurance that we will be able to replace them on similar terms as our existing agreements or at all, or that we will be able to successfully operate the skins ourselves.

Our Mississippi casino hotel and Illinois casino operations currently generate a significant percentage of our revenues and Adjusted EBITDA. Our ability to meet our operating and debt service requirements is dependent, in part, upon the continued success of those properties.

For the year ended December 31, 2024, we generated 37.5% of our revenues and 60.5% of our Adjusted EBITDA from our casino in Illinois. Similarly, we generated 25.1% of our revenues and 25.0% of our Adjusted EBITDA from our casino resort in Mississippi. Therefore, even after Chamonix has fully ramped up its operations, our results will still be dependent on the regional economies and competitive landscapes at our Illinois and Mississippi properties. Likewise, our ability to meet our operating and debt service requirements is dependent, in part, upon the continued success of these properties.

We derive our revenues and operating income from our properties located in Mississippi, Colorado, Indiana, Nevada and Illinois, and are especially subject to certain risks, including economic and competitive risks, associated with the conditions in those areas and in the states from which we draw patrons.

Because we derive our revenues and operating income from properties concentrated in five states, we are subject to greater risks from regional conditions than a gaming company with operating properties in a greater number of different geographic regions. A decrease in revenues from, or an increase in costs for, one of these locations is likely to have a proportionally greater impact on our business and operations than it would for a gaming company with more geographically diverse operating properties. Risks from regional conditions include the following:

- regional economic conditions;
- regional competitive conditions, including legalization or expansion of gaming in Mississippi, Colorado, Indiana, Nevada, Illinois or in neighboring states;
- allowance of new types of gaming, such as the introduction of online sports wagering or Internet gaming;
- reduced land or air travel due to increasing fuel costs or transportation disruptions; and,
- vulnerability to regional economic downturns in the markets in which we operate.

Some of our operations are located on leased property. If the lessor of the Grand Lodge Casino exercises its buyout or early termination rights or fails to extend the lease, or if we default on this or certain of our other leases, the applicable lessors could terminate the affected leases and we could lose possession of the affected casino.

We lease certain parcels of land at our Silver Slipper Casino and Hotel in Mississippi, certain land and buildings at Bronco Billy's Hotel and Casino in Colorado (much of which is to be utilized for Chamonix), one of the two hotels at our Rising Star Casino Resort in Indiana, and certain parcels at American Place in Illinois. We also lease casino space at our Grand Lodge Casino in Nevada. Unless we have a purchase option under such leases and exercise such option, we will have no interest in the improvements thereon at the expiration of the leases. We have purchase options on substantially all of our leased property, except for our corporate offices, the Grand Lodge Casino, and certain storage facilities. It is either currently more advantageous for us to continue to lease rather than exercise such buyout options, or we have certain restrictions which only allow us to exercise the purchase option during certain future time periods. Under certain circumstances and at the expirations of the underlying leases, we might be forced to exercise our buyout options in order to continue to operate those properties. There is no certainty that the funds could be raised at that time at a reasonable cost, or at all, to exercise some or all of the buyout options. The operating lease at the Grand Lodge Casino, which is set to expire on December 31, 2034, includes certain lessor buyout rights based upon a multiple of EBITDA that, if exercised, could result in the lessor purchasing our leasehold interest and the operating assets on terms that may be less than fair market value or financially unfavorable to us. The lease at Grand Lodge Casino also permits the lessor to terminate the lease early to renovate the premises. If the lessor were to terminate the lease early, our results of operations and financial condition could be materially affected.

Since we do not completely control the land, buildings, hotel and space underlying our leased properties, a lessor could take certain actions to disrupt our rights under the long-term leases, which are beyond our control. If the entity owning any leased land, buildings, hotel or space were to disrupt our use either permanently or for a significant period of time, and we were not in a position to exercise our buyout rights at that time, then the value of our assets could be impaired and our business and operations could be adversely affected. If we were to default on the lease, then the lessor could terminate the affected lease and we could lose possession of the affected land, buildings, hotel or space and any improvements thereon. The loss of a lease could have a significant adverse effect on our business, financial condition and results of operations and we may then be unable to operate all or portions of the affected facilities, which, in turn, may result in a default under our debt agreements.

A prolonged closure of our casinos would negatively impact our ability to service our debt.

Our casinos are our primary sources of income and operating cash flows that we rely upon to pay all of our obligations and to remain in compliance with debt covenants under any indebtedness we may incur and meet our obligations when due. Because we operate in several different jurisdictions, we are subject to different legal and market conditions in order to remain open. We have no control over and cannot predict the length of any future operating restrictions or future closures of our casinos and hotels. Any required closures may require us to seek to amend our debt agreements, though there is no certainty that we would be successful in such efforts. Additionally, we may be required to seek additional liquidity through the issuance of new debt or equity, or through the sale of certain assets. Our ability to obtain additional financing would depend in part on factors outside of our control.

Adverse weather conditions, road construction, gasoline shortages and other factors affecting our facilities and the areas in which we operate could make it more difficult for potential customers to travel to our properties and deter customers from visiting our properties.

Our continued success depends upon our ability to draw customers from each of the geographic markets in which we operate. Adverse weather conditions or road construction can deter our customers from traveling to our facilities or make it difficult for them to frequent our properties. Moreover, gasoline shortages or fuel price increases could make it more difficult for potential customers to travel to our properties and deter customers from visiting. Our dockside gaming facility in Indiana is also subject to risks, in addition to those associated with land-based casinos, which could disrupt our operations. Although our Indiana casino vessel does not leave its moorings in normal operations, there are risks associated with the mooring of vessels on waterways, including risks of casualty due to river turbulence, flooding, collisions with other vessels and severe weather conditions. Our ferry boat that we operate at Rising Star has similar risks as our Indiana casino vessel, as well as additional risks related to ferry boat operations.

Our results of operations and financial condition could be materially adversely affected by the occurrence of natural disasters, including as a result of climate change, such as hurricanes, floods, wildfires, pandemics, epidemics, widespread health emergencies, or outbreaks of infectious diseases such as the coronavirus pandemic, or other catastrophic events, including war, terrorism and gun violence.

Natural disasters and extreme weather conditions, potentially exacerbated by climate change, such as major hurricanes, tornadoes, typhoons, floods, fires and earthquakes, could adversely affect our business and operating results. Certain of our properties are located in areas that may be subject to extreme weather conditions. Hurricanes are common in the area in which our Mississippi property is located. The severity of such natural disasters is unpredictable. In October 2020, Hurricane Zeta caused the temporary closure of the Silver Slipper and caused approximately \$5 million of damage, most of which was covered by insurance. In 2005, prior to the development of the Silver Slipper, Hurricanes Katrina and Rita caused significant damage in the Gulf Coast region. Additionally, our Indiana property is at risk of flooding due to its proximity to the Ohio River. Wildfires are a significant risk in the Colorado and Sierra Nevada regions. Chamonix, Bronco Billy's and Grand Lodge can be adversely affected by nearby forest fires and the impacts therefrom, as well as significant snowfall events. Changes in federal, state, and local legislation and regulation based on concerns about climate change could result in increased regulatory costs, which may include capital expenditures at our existing properties to ensure compliance with any new or updated regulations. This may also adversely affect our operations. There can be no assurance that the potential impacts of climate change and severe weather will not have a material adverse effect on our properties, operations or business.

If a pandemic, epidemic or outbreak of an infectious disease occurs in the United States or on a global scale, our business may be adversely affected. As described elsewhere in these Risk Factors, such events may result in closures of our properties, a period of business disruption, and/or in reduced operations, any of which could materially affect our business, financial condition and results of operations.

Catastrophic events, such as terrorist and war activities in the United States and elsewhere, when they occur, have had a negative effect on travel and leisure expenditures, including lodging, gaming and tourism. Gun violence has also occurred at casinos, including a mass shooting at a casino in Las Vegas in 2017. We cannot accurately predict the extent to which such events may affect us, directly or indirectly, in the future. There also can be no assurance that we will be able to obtain or choose to purchase any insurance coverage with respect to occurrences of terrorist and violent acts and any losses that could result from these acts. If there is a prolonged disruption at our properties due to natural disasters, terrorist attacks or other catastrophic events, our results of operations and financial condition could be materially adversely affected.

Several of our properties, including Silver Slipper, Chamonix, Bronco Billy's and Rising Star, are accessed by our customers via routes that have few alternatives.

The Silver Slipper is located at the end of a dead-end road, with no other access. Chamonix and Bronco Billy's are accessed by most guests via a mountain pass; if that pass is closed for any reason, the alternative is longer. Rising Star's primary access from Cincinnati is via a road alongside the Ohio River; if this road is closed, for example, by flooding, the alternative routes involve a ferry boat or more winding roads through the rolling hills inland from the river. If access to any of these roads is blocked for any significant period, our results of operations and financial condition could be materially affected.

Marine transportation is inherently risky, and insurance may be insufficient to cover losses that may occur to our assets or result from our ferry boat operations.

The operation of our ferry boat is subject to various inherent risks, including:

- catastrophic marine disasters and accidents;
- adverse weather conditions or natural disasters;
- mechanical failure or equipment damage;
- hazardous substance spills; and
- navigation and human errors.

The occurrence of any of these events may result in, among other things, damage to or loss of our ferry boat, damage to other vessels and the environment, loss of revenues, short-term or long-term interruption of ferry boat service, termination of our regulatory permission to operate, fines, penalties or other restrictions on conducting business, damage to our reputation and customer relationships, and death or injury to personnel and passengers. Such occurrences may also result in a significant increase in our operating costs or liability to third parties.

We may incur property and other losses that are not adequately covered by insurance, including adequate levels of Weather Catastrophe Occurrence/Named Windstorm, Flood and Earthquake insurance coverage for our properties.

Although we maintain insurance that our management believes is customary and appropriate for our business, there can be no assurance that insurance will be available at reasonable costs in any given year or adequate to cover all losses and damage to which our business or our assets might be subjected. The lack of adequate insurance for certain types or levels of risk could expose us to significant losses in the event that a catastrophe occurred for which we are uninsured or under-insured. Any losses we incur that are not adequately covered by insurance may decrease our future operating income, require us to find replacements or repairs for destroyed property, and reduce the funds available for payments of our obligations. In addition, certain casualty events, such as labor strikes, nuclear events, acts of war, declines in visitation and loss of income due to fear of terrorism or other acts of violence, loss of electrical power due to catastrophic events, rolling blackouts or otherwise, deterioration or corrosion, insect or animal damage, pandemic-related shutdowns and pollution, may not be covered at all under our policies. The occurrence of any of the foregoing could, therefore, expose us to substantial uninsured losses.

There is no certainty that insurance companies will continue to offer insurance at acceptable rates, or at all, in hurricane-prone areas or other areas affected by extreme weather, including the Mississippi Gulf Coast. Our cost of insurance has risen significantly in recent years. We have attempted to ameliorate such increased costs with reduced coverages and higher deductibles, in part creating additional risks. Some insurance companies may significantly limit the amount of coverage they will write in these markets and increase the premiums charged for this coverage. Additionally, uncertainty can occur as to the viability of certain insurance companies. While we believe that the insurance companies from which we have purchased insurance policies will remain solvent, there is no certainty that this will be the case.

We depend on our key personnel and our ability to attract and retain employees.

We are highly dependent on the services of our executive management team and other members of our senior management team. Our ability to attract and retain key personnel is affected by the competitiveness of our compensation packages and the other terms and conditions of employment, our continued ability to compete effectively against other gaming companies, and our growth prospects. The loss of the services of any members of our senior management team could have a material adverse effect on our business, financial condition and results of operations. We have faced increased challenges in attracting and retaining qualified employees, particularly in light of recent labor shortages. If we fail to retain our current employees, it would be difficult and costly to identify, recruit and train replacements needed to continue to conduct and expand our business. There can be no assurance that we will be able to retain and motivate our employees.

Higher wage and benefit costs could adversely affect our business.

While the majority of our employees earn more than the minimum wage in their relative jurisdictions and many receive medical plan benefits from us, changes in federal and state minimum wage laws and other laws relating to employee benefits, including the Patient Protection and Affordable Care Act, have in the past, and could in the future, cause us to incur additional wage and benefits costs. Increased labor costs brought about by changes in either federal or state minimum wage laws, other regulations or prevailing market conditions have recently, and could in the future, further increase our expenses, which could have an adverse impact on our profitability, or decrease the number of employees we are able to employ, which could decrease customer service levels at our gaming facilities and therefore adversely impact revenues.

Rising operating costs at our gaming properties could have a negative impact on our business.

The operating expenses associated with our gaming properties could increase due to, among other reasons, the following factors:

- continued or increased inflationary pressures;
- supply chain issues that are beyond our control;
- changes in federal, state or local tax or regulations, including gaming regulations, gaming taxes, and tariffs on imported goods, could impose additional restrictions or increase our costs;
- aggressive marketing and promotional campaigns by our competitors for an extended period of time could force us to increase our expenditures for marketing and promotional campaigns in order to maintain our existing customer base or attract new customers;
- as our properties age, we may need to increase our expenditures for repairs, maintenance, and to replace equipment necessary to operate our business in amounts greater than what we have spent historically;
- our reliance on slot play revenues and any additional costs imposed on us from slot machine vendors;
- availability and cost of the many products and services we provide our customers, including food, beverages, retail items, entertainment, hotel rooms, spa services and golf;
- availability and costs associated with insurance;
- increases in costs of labor;
- our properties use significant amounts of electricity, natural gas and other forms of energy, and energy price increases may adversely affect our cost structure;
- our properties use significant amounts of water, and a water shortage may adversely affect our operations; and
- at Grand Lodge, we rely on Hyatt Lake Tahoe to provide certain items at reasonable costs, including food, beverages, parking and rooms. Any change in its pricing or the availability of such items may affect our ability to compete.

If our operating expenses increase without any offsetting increase in our revenues, our results of operations would suffer.

We face the risk of fraud and cheating.

Our gaming customers may attempt or commit fraud or cheat in order to increase winnings. Acts of fraud or cheating could involve the use of counterfeit chips or other tactics, possibly in collusion with our employees. Internal acts of cheating could also be conducted by employees directly or through collusion with dealers, surveillance staff, floor managers or other staff. While we carry insurance for employee theft, such insurance may not cover all or any of such losses. Failure to discover such acts or schemes in a timely manner could result in losses in our gaming operations. In addition, negative publicity related to such schemes could have an adverse effect on our reputation, potentially causing a material adverse effect on our business, financial condition, results of operations and cash flows.

Win rates for our gaming operations depend on a variety of factors, some beyond our control.

The gaming industry is characterized by an element of chance. In addition to the element of chance, win rates are also affected by other factors, including players' skill and experience, the mix of games played, the financial resources of players, the spread of table limits, the volume of bets played and the amount of time played. Our gaming profits are mainly derived from the difference between our casino winnings and the casino winnings of our gaming customers. Since there is an inherent element of chance in the gaming industry, we do not have full control over our winnings or the winnings of our gaming customers. If our winnings do not exceed the winnings of our gaming customers by enough to cover our operating costs, we may record a loss from our gaming operations, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

The concentration and evolution of the slot machine manufacturing industry could impose additional costs on us.

A majority of our revenues are attributable to slot machines and related systems operated by us at our gaming facilities. It is important, for competitive reasons, that we offer popular and up-to-date slot machine games to our customers. A substantial majority of the slot machines sold in the U.S. in recent years were manufactured by only a few companies, and there has been recent consolidation activity within the gaming equipment sector. In recent years, slot machine manufacturers have frequently refused to sell slot machines featuring the most popular games, instead requiring participation lease arrangements. Participation slot machine leasing arrangements typically require the payment of a fixed daily rental or a percentage payment of coin-in or net win. Generally, a participation lease is more expensive over the long term than the cost to purchase a new machine. For competitive reasons, we may be forced to purchase new slot machines or enter into participation lease arrangements that are more expensive than our current costs associated with the continued operation of our existing slot machines. If the newer slot machines do not result in sufficient incremental revenues to offset the increased investment and participation lease costs, it could hurt our profitability.

Our business may be adversely affected by legislation prohibiting tobacco smoking.

Legislation in various forms to ban indoor tobacco smoking has been enacted or introduced in jurisdictions in which we operate. Except for our casinos in Colorado and Illinois, the gaming areas of our properties are not currently subject to tobacco restrictions. If additional restrictions on smoking are enacted in jurisdictions in which we operate, we could experience a decrease in gaming revenue. This is particularly the case if such restrictions are not applicable to all competitive facilities in that gaming market.

We rely on, among other things, trademarks, licenses, confidentiality procedures, and contractual provisions to protect our intellectual property rights and we may be unable to protect or may not be successful in protecting our intellectual property rights.

Our commercial success depends upon our ability to develop brands and to successfully obtain or acquire proprietary or statutory protection for our intellectual property rights and to implement new or improved technologies purchased or licensed from third parties. We rely on, among other things, trademarks, licenses, confidentiality procedures, and contractual provisions to protect our intellectual property rights. While we enter into license, confidentiality, and non-disclosure agreements to attempt to limit access to, and distribution of, proprietary and confidential information, it is possible that:

- some or all of our confidentiality and non-disclosure agreements will not be honored;
- disputes concerning the ownership of intellectual property will arise with our strategic partners, users or others;
- unauthorized disclosure or use of our intellectual property, including know-how or trade secrets, will occur;
- we will be unable to successfully enforce our trademark or copyright rights; or
- contractual provisions may not be enforceable.

There can be no assurance that we will be successful in protecting our intellectual property rights or that we will become aware of third-party infringements that might be occurring. Inability to protect our intellectual property rights could have a material adverse effect on our prospects, business, financial condition or results of operations.

Our commercial success depends upon us avoiding the infringement of intellectual property rights owned by others and any such infringements, including those that are inadvertent, may have a material adverse effect on our business.

The industries in which we compete have many participants that own, or claim to own, intellectual property, including participants that own intellectual property similar to our own, and proprietary rights for technologies similar to those used or licensed by us. Some of this intellectual property may provide very broad protection to the third-party owners thereof. Patents in particular can be issued very rapidly and there is often a great deal of secrecy surrounding pending patent applications. We cannot determine with certainty whether any existing third-party intellectual property or the issuance of any new third-party intellectual property would require our partners or suppliers to alter their technologies or services, pay for licenses, challenge the validity or enforceability of the intellectual property, or cease certain activities. Third parties may assert intellectual property infringement claims against us and against our partners and/or suppliers. We may be subject to these types of claims either directly or indirectly through indemnities assuming liability for these claims that we may provide to certain partners or suppliers. There can be no assurance that our attempts to negotiate favorable intellectual property indemnities in favor of us with our partners or suppliers for infringement of third-party intellectual property rights will be successful or that a partner's or supplier's indemnity will cover all damages and losses suffered by us and our partners and other suppliers due to infringing products, or that we can secure a license, modification or replacement of a partner's or supplier's products with non-infringing products that may otherwise mitigate such damages and losses.

Some of our competitors have, or are affiliated with companies that have, substantially greater resources than us, and these competitors may be able to sustain the costs of complex intellectual property infringement litigation to a greater degree and for longer periods of time than us. Regardless of whether third-party claims of infringement against us have any merit, these claims could:

- adversely affect our relationships with our customers;
- be time-consuming to evaluate and defend;
- result in costly litigation;
- result in negative publicity for us;
- divert our management's attention and resources;
- cause product and software delivery delays or stoppages;
- subject us to significant liabilities;
- require us to enter into costly royalty or licensing agreements;
- require us to develop possible workaround solutions that may be costly and disruptive to implement; or
- require us to cease certain activities or to cease providing services in certain markets.

In addition to being liable for potentially substantial damages relating to intellectual property following an infringement action against us, we may be prohibited from commercializing certain technologies, or products or services unless we obtain a license from the holder of the applicable intellectual property rights. There can be no assurance that we will be able to obtain any such license or acquire intellectual property on commercially reasonable terms, or at all. If we do not obtain such a license, our prospects, business, operating results and financial condition could be materially adversely affected and we could be required to cease related business operations in some markets and restructure our business to focus on continuing operations in other markets.

We are subject to risks related to corporate social responsibility and reputation.

Many factors influence our reputation and the value of our brands, including the perception held by our customers, business partners, other key stakeholders and the communities in which we do business. Our business faces increasing scrutiny related to environmental, social and governance activities and risk of damage to our reputation and the value of our brands if we fail to act responsibly in a number of areas, such as diversity and inclusion, environmental stewardship, climate change, workplace conduct, human rights, philanthropy and support for local communities. Any harm to our reputation could impact employee engagement and retention and the willingness of customers and our partners to do business with us, which could have a material adverse effect on our business, results of operations and cash flows.

Risks Related to Development and Growth Opportunities

We are engaged from time to time in one or more construction and development projects, and many factors could prevent us from completing them as planned.

We recently completed the phased opening at Chamonix in Cripple Creek, Colorado, adjoining and connected to our existing Bronco Billy's casino. We have begun the design work for the construction of the permanent American Place facility in Waukegan, Illinois, located adjacent to its current temporary facility.

Construction of these types of projects have certain inherent risks, including the risks of fire, structural collapse, human error and electrical, mechanical and plumbing malfunction. Our development and expansion projects are exposed to significant risks, including:

- shortage of materials, including due to supply chain issues that are beyond our control;
- shortage of skilled labor or work stoppages;
- unforeseen construction scheduling, engineering, excavation, environmental or geological problems;
- increases in the cost of steel and other raw materials for construction, driven by inflation, U.S. tariffs on imports, demand, higher labor and construction costs and other factors, may cause price increases beyond those anticipated in the budgets for our development projects;
- natural disasters, hurricanes, weather interference, changes in river levels, floods, fires, earthquakes, the impacts of pandemics, or other casualty losses or delays;
- unanticipated cost increases or delays in completing the project;
- delays in obtaining, or inability to obtain or maintain, necessary licenses or permits;
- lack of sufficient funds, or delays in the availability of, financing;
- changes to plans or specifications;
- performance by contractors and subcontractors;
- disputes with contractors;
- mechanic's liens on real property collateral that may have priority over the liens securing our indebtedness;
- personal injuries to workers and other persons;
- structural heights and the use of cranes;
- disruption of our operations caused by diversion of management's attention to new development projects and construction at our existing properties;
- potential remediation of environmental contamination at our proposed construction sites, which may prove more difficult or expensive than anticipated in our construction budgets;
- failure to obtain and maintain necessary gaming regulatory approvals and licenses, or failure to obtain such approvals and licenses on a timely basis;
- requirements or government-established "goals" concerning union labor or requiring that a portion of the project expenditures be through companies controlled by specific ethnic or gender groups, goals that may not be obtainable, or may only be obtainable at additional project cost; and
- other unanticipated circumstances or cost increases.

The occurrence of any of the foregoing could increase the total costs of a project, or delay or prevent its construction, development, expansion or opening. Escalating construction costs may cause us to modify the design and scope of projects from those initially contemplated or cause the budgets for those projects to be increased. We generally carry insurance to cover certain liabilities related to construction, but not all risks are covered, and it is uncertain whether such insurance will provide sufficient payment in a timely fashion even for those risks that are insured and material to us.

The construction costs for our growth projects may exceed budgeted amounts plus contingencies. This may result in insufficient funds to complete these projects or the need to raise additional capital.

Delays in the completion of the plans and specifications for our growth projects, including the permanent American Place facility, could delay completion of the projects. In addition, completion of the plans and specifications while construction is in progress could cause inefficiencies, and certain items may need to be modified or replaced after they have been purchased, constructed or installed in order to conform to building code requirements or subsequently-developed plans and specifications. We can give no assurance that changes in the scope of these projects will not increase the cost of the projects or extend their completion dates. We establish budgets for the projects based, in part, on our estimate of the cost of various construction goods and services for parts of the projects that, in some cases, are not yet fully designed. If the actual cost with respect to these allowance items exceeds the estimated amount, we will be responsible for the payment of those excess amounts out of the cash flow from our other operations and from cash balances and other financial resources. Our cash flow, cash reserves and other financial resources may not be adequate at any given time to address balancing of the construction budgets if there are increased costs. If our contingency, cash flow from operations and anticipated excess liquidity are insufficient to cover any shortfall, we may not have sufficient funds to complete the projects without seeking additional capital or at all.

There is no assurance that any growth projects will not be subject to additional regulatory restrictions, delays, or challenges.

We are still developing our plans related to the permanent facility for American Place. Such plans will be subject to regulatory approval. While Illinois regulations allow us to operate the temporary American Place facility until August 2027, the design and construction of the permanent American Place facility may require several years and may not be completed within this timeframe. We intend to avoid having an extended period of time between the closing of the temporary and the opening of the permanent American Place facilities, as it could be detrimental to our business, but there is no certainty that this can be achieved. Completion of the permanent American Place facility could also be delayed by weather, labor shortages, supply chain issues or other construction delays. There is no assurance that construction projects such as the permanent American Place facility will not be subject to additional restrictions, delays, or challenges.

There is no assurance that our growth projects will be successful.

In addition to the construction and regulatory risks associated with the development of our growth projects, including Chamonix and American Place, we cannot assure you that the level of consumer demand for these projects will meet our expectations. The operating results of these projects may be materially different than expected due to, among other factors, consumer spending and preferences in the geographic areas, competition from other markets, or other developments that may be beyond our control. In addition, these projects may be more sensitive than anticipated by management to certain risks, including risks associated with downturns in the economy. Further, these projects may not generate cash flows on our anticipated timeline. We may not be able to successfully implement our growth strategy with respect to these projects, capital investments, and acquisitions. There is no assurance that these projects will result in a more successful business operation, or that these projects will increase clientele or revenues. With respect to Chamonix, there is no assurance that a more modern expansion will attract new visitors to a city with historic architecture. The occurrence of any of these issues could adversely affect our prospects, financial condition and results of operations.

We face a number of challenges prior to opening new or upgraded facilities.

No assurance can be given that, when we endeavor to open new or upgraded facilities, the expected timetables for opening such facilities will be met in light of the uncertainties inherent in the development of the regulatory framework, construction, the licensing process, legislative action and litigation. Delays in opening new or upgraded facilities could lead to increased costs and delays in receiving anticipated revenues with respect to such facilities and could have a material adverse effect on our business, financial condition and results of operations.

We may face disruption and other difficulties in integrating and managing facilities we have recently developed or acquired, or may develop or acquire in the future.

We may face certain challenges as we integrate the operational and administrative systems of recently developed or acquired facilities into our business. As a result, the realization of anticipated benefits may be delayed or substantially reduced. Events outside of our control, including changes in state and federal regulations and laws, as well as economic trends, could also adversely affect our ability to realize the anticipated benefits from the acquisition or development.

We expect to continue pursuing expansion opportunities. We regularly evaluate opportunities for acquisition and development of new properties. We could face significant challenges in managing and integrating our expanded or combined operations and any other properties we may develop or acquire, particularly in new competitive markets. The integration of properties we may develop or acquire will require the dedication of management resources that may temporarily divert attention from our day-to-day business. The process of integrating properties that we may acquire could also interrupt the activities of those businesses, which could have a material adverse effect on our business, financial condition and results of operations. In addition, the development of new properties may involve construction, local opposition, regulatory, legal and competitive risks, as well as the risks attendant to partnership deals on these development opportunities. In projects where we team up with a joint venture partner, if we cannot reach agreement with such partners, or our relationships otherwise deteriorate, we could face significant increased costs and delays. Local opposition can delay or increase the anticipated cost of a project. Finally, given the competitive nature of these types of limited license opportunities, litigation is possible.

Management of new properties, especially in new geographic areas, may require that we increase our management resources. We cannot assure you that we will be able to manage any new or acquired operations effectively or realize any of the anticipated benefits of our acquisitions. We also cannot assure you that, if acquisitions are completed, the acquired businesses will generate returns consistent with our expectations. Our ability to achieve our objectives in connection with any acquisition we may consummate may be highly dependent on, among other things, our ability to retain the senior-level property management teams of such acquisition candidates. If, for any reason, we are unable to retain these management teams following such acquisitions or if we fail to attract new capable executives, our operations after consummation of such acquisitions could be materially adversely affected. If we make new acquisitions or new investments, we may face additional risks related to our business, results of operations, financial condition, liquidity, ability to satisfy financial covenants and comply with other restrictive covenants under our indenture, and ability to pay or refinance our indebtedness.

The occurrence of some or all of the above-described events could have a material adverse effect on our business, financial condition and results of operations.

The construction of the permanent American Place facility may inconvenience customers and disrupt business activity at our adjacent temporary casino facility.

Although we will attempt to minimize operational disruptions, construction of the permanent American Place facility may disrupt business at the adjacent temporary casino facility. The temporary American Place facility was designed so that construction of its permanent facility on adjoining land should not materially disrupt business activity, but there is no certainty that this will be the case. Disruptions in operations at our temporary facility could have an adverse effect on our business, financial condition and results of operations.

The permanent American Place facility, additional growth projects or potential enhancements at our properties may require us to raise additional capital.

We may need to access financial institution sources, capital markets, private sources or otherwise obtain additional funds to fund the permanent American Place facility. Additional capital may also be needed to fund other growth projects or potential enhancements we may undertake at our other properties. We do not know when, or if, financial institution sources, capital markets or private sources will permit us to raise additional funds for such phases and enhancements in a timely manner, on acceptable terms, or at all. Inability to access financial institution sources, capital markets or private sources, or the availability of capital only on less-than-favorable terms, may cause or force us to delay, reduce, or cancel our growth and enhancement projects.

Our ability to obtain additional funding may also be limited by our financial condition, results of operations or other factors, such as our credit rating or outlook at the time of any such financing or offering and the covenants in our existing debt agreements, as well as by general economic conditions and contingencies and uncertainties that are beyond our control. As we seek additional financing, we will be subject to the risks of rising interest rates and other factors affecting the financial markets.

The casino, hotel and resort industry is capital intensive, and we may not be able to finance expansion and renovation projects, which could put us at a competitive disadvantage.

Our properties have an ongoing need for renovations and other capital improvements to remain competitive, including replacement, from time to time, of furniture, fixtures and equipment, including slot machines. We may also need to make capital expenditures at our casino properties to comply with applicable laws and regulations.

Renovations and other capital improvements at our properties may require significant capital expenditures. In addition, renovations and capital improvements sometimes generate little or no cash flow until the projects are completed. We may not be able to fund such projects solely from existing resources and cash provided from operating activities. Consequently, we may have to rely upon the availability of debt or equity capital to fund renovations and capital improvements, and our ability to carry them out could be limited if we cannot obtain satisfactory debt or equity financing, which will depend on, among other things, market conditions. We cannot assure you that we will be able to obtain additional equity or debt financing, if needed, or that we will be able to obtain such financing on favorable terms. A failure to renovate or properly maintain our properties may put us at a competitive disadvantage.

We may face risks related to our ability to receive regulatory approvals required to complete certain acquisitions, mergers, joint ventures, and other developments, as well as other potential delays in completing certain transactions.

Our growth may be fueled, in part, by the acquisition of existing gaming and development properties. In addition to standard closing conditions, our material transactions, including but not limited to acquisitions, are often conditioned on the receipt of regulatory approvals and other hurdles that create uncertainty and could increase costs. Such delays could significantly reduce the benefits to us of such transactions and could have a material adverse effect on our business, financial condition and results of operations.

If we fail to obtain necessary government approvals in a timely manner, or at all, it can adversely impact our various expansion, development, investment and renovation projects.

The scope of the approvals required for expansion, development, investment or renovation projects can be extensive and may include regulatory approvals, state and local land-use permits, and building and zoning permits. Unexpected changes or concessions required by local, state or federal regulatory authorities could involve significant additional costs and delay the scheduled openings of the facilities. We may not obtain the necessary permits, licenses, entitlements and approvals within the anticipated time frames, or at all.

Insufficient or lower-than-expected results generated from our new developments and acquired properties may negatively affect our operating results and financial condition.

We cannot assure you that the revenues generated from our new developments and acquired properties will be sufficient to pay related expenses if and when these developments are completed; or, even if revenues are sufficient to pay expenses, that the new developments and acquired properties will yield an adequate or expected return, or any return, on our significant investments. As previously discussed, the development of new properties may involve construction, regulatory, legal and competitive risks or local opposition, any of which can significantly increase the anticipated cost of a project. Our projects, if completed, may not achieve the level of guest acceptance and patronage we anticipate. For this or other reasons, such projects may take significantly longer than we expect to generate returns, if any. If our new developments or acquired properties do not achieve the financial results anticipated, it could adversely affect our revenues and results of operations. Moreover, lower-than-expected results from the opening of a new facility may make it more difficult to raise capital.

Risks Related to our Indebtedness

Our significant indebtedness could adversely affect our financial health and prevent us from fulfilling our obligations.

As of December 31, 2024, the total principal amount of our indebtedness, excluding unamortized debt issuance costs, was \$450.0 million, consisting entirely of the Notes. Our Credit Facility remains outstanding for \$27.0 million as of this report date. The Notes and the Credit Facility are summarized in Note 7 to the consolidated financial statements set forth in Part II, Item 8, “Financial Statements and Supplementary Data.” We also have a finance lease at our Rising Star Casino Resort with an outstanding balance of \$1.7 million.

Our debt could, among other things:

- require us to dedicate a large portion of our cash flow from operations to the servicing and repayment of our debt, thereby reducing funds available for working capital, capital expenditures and acquisitions, and other general corporate requirements;
- limit our ability to obtain additional financing to fund future working capital, capital expenditures and other general corporate requirements;
- limit our flexibility in planning for, or reacting to, changes in our business and the industries in which we operate;
- restrict our ability to make strategic acquisitions or dispositions or to exploit business opportunities;
- increase our vulnerability to general adverse economic and industry conditions and increases in interest rates;
- place us at a competitive disadvantage compared to our competitors that have less debt; and
- adversely affect our credit rating, which may adversely affect our cost to borrow funds or the market price of our common stock.

Any of these risks could impact our ability to fund our operations or limit our ability to expand our business, which could have a material adverse effect on our business, financial condition, results of operations and prospects.

The indenture governing the Notes and the Credit Facility impose restrictive covenants and limitations that could significantly affect our ability to operate our business and lead to events of default if we do not comply with the covenants.

The indenture governing the Notes and the Credit Facility impose restrictive covenants on us and our subsidiaries that may limit our current and future operations. The restrictions that are imposed include, among other obligations, limitations on our and our subsidiaries' ability to:

- incur additional debt and guarantee indebtedness;
- make payments on subordinated obligations;
- make dividends or distributions and repurchase stock;
- make investments;
- enter into transactions with affiliates;
- grant liens on our property to secure debt;
- sell assets or enter into mergers or consolidations;
- sell equity interest in our subsidiaries;
- make capital expenditures; or
- amend or modify our subordinate indebtedness without obtaining certain consents from the holders of our indebtedness.

These restrictions could adversely affect our ability to:

- obtain additional financing for our operations;
- make needed capital expenditures;
- make strategic acquisitions or investments or enter into alliances;
- withstand a continued and sustained downturn in our business or the economy in general;
- engage in business activities, including future opportunities, that may be in our interest; and
- plan for or react to market conditions or otherwise execute our business strategies.

Our ability to comply with the covenants under the indenture, the Credit Facility, or in any instrument governing future indebtedness, may be affected by general economic conditions, industry conditions, and other events beyond our control, including delays in the completion of new projects under construction. As a result, there can be no assurance that we will be able to comply with these covenants. Our failure to comply with the covenants contained under the indenture, the Credit Facility, or in any instrument governing future indebtedness, including failure to comply as a result of events beyond our control, could result in an event of default. If there were an event of default and it is not waived by the requisite parties (at their option), the agent, the trustee or holders, as applicable, could cause all the outstanding obligations under the Notes, the Credit Facility or other future indebtedness to be due and payable, subject to applicable grace periods, which could materially and adversely affect our operating results and our financial condition. Additionally, this could trigger cross-defaults under other debt obligations. We cannot assure you that our assets or cash flow would be sufficient to repay our obligations under the Notes, the Credit Facility or any future outstanding debt obligations, if accelerated upon an event of default, or that we would be able to borrow sufficient funds to refinance the Notes, the Credit Facility or any future debt instruments.

To service our indebtedness, we will require a significant amount of cash. Our ability to generate cash depends on many factors beyond our control.

Our ability to make payments on and to refinance our indebtedness, and to fund planned capital expenditures and expansion efforts, will depend upon our ability to generate cash in the future. This, to a certain extent, is subject to general economic, financial, competitive, legislative, regulatory and other factors.

We cannot assure you that our business will generate sufficient cash flows from operations or asset sales, our anticipated growth in operations, including through our expansion efforts, will be realized, or that future borrowings will be available to us in amounts sufficient to enable us to repay the Notes, and any amounts outstanding under the Credit Facility and to fund our other liquidity needs. In addition, as we undertake substantial new developments or facility renovations or if we consummate significant acquisitions in the future, our cash requirements may increase significantly and we may need to obtain additional equity or debt financing or joint venture partners. Any increase in our level of indebtedness could impose additional cash requirements on us in order to support interest payments. If we incur additional debt, the related risks that we now face could intensify.

If we are not able to generate sufficient cash flows from operations to repay the Notes or any amounts outstanding under the Credit Facility, as needed, or to obtain adequate additional financing, we may have to adopt one or more alternatives, such as reducing or delaying planned expenses and capital expenditures, selling assets, or issuing equity.

We may not be able to generate sufficient cash flows to service all of our indebtedness and fund our operating expenses, working capital needs and capital expenditures, and we may be forced to take other actions to satisfy our obligations under our indebtedness, which may not be successful.

Our ability to make scheduled payments on or refinance our indebtedness will depend upon our future operating performance and our ability to generate cash flow in the future, which are subject to general economic, financial, business, competitive, legislative, regulatory and other factors that are beyond our control. We cannot assure you that our business will generate sufficient cash flow from operations, or that future borrowings will be available to us in an amount sufficient to enable us to pay our indebtedness or fund our other liquidity or operational needs. If our cash flows and capital resources are insufficient to fund our debt service obligations, we could face substantial liquidity problems and could be forced to reduce or delay investment and capital expenditures, dispose of material assets or operations, seek additional debt or equity capital or restructure or refinance our indebtedness. Such alternative measures, if necessary, may not be available on commercially reasonable terms or at all and, even if successful, such alternative actions may not allow us to meet our scheduled debt service obligations. The indenture governing the Notes and the Credit Facility restrict our ability to dispose of assets and use the proceeds from asset dispositions, and may also restrict our ability to raise debt or equity capital to repay or service our indebtedness. If we cannot make scheduled payments on our debt, we will be in default and, as a result, our lenders could declare all outstanding amounts to be due and payable and foreclose against the collateral securing such debt, and we could be forced into bankruptcy or liquidation, any of which could have a material adverse effect on our business, financial condition, results of operations and prospects and could result in you losing your investment in us.

We depend on our subsidiaries for certain dividends, distributions and repayment of our indebtedness, including the Notes and any borrowings under the Credit Facility.

The source of much of our cash flow to pay our obligations under the Notes and any borrowings under the Credit Facility and to make payments on any other indebtedness will be dividends and distributions from our subsidiaries. If our subsidiaries are unable to make dividend payments or distributions to us and sufficient cash or liquidity is not otherwise available, we may not be able to pay interest or principal under the Notes or borrowings under the Credit Facility. Unless they guarantee the Notes and the Credit Facility, our subsidiaries (a) will not have any obligation to pay amounts due under the Notes and the Credit Facility or to make funds available for that purpose and (b) may not be able to, or be permitted to, make distributions to enable us to make payments in respect of our indebtedness, including the Notes and the Credit Facility. Each of our subsidiaries is a distinct legal entity and, under certain circumstances, legal and contractual restrictions may limit our ability to obtain cash from our subsidiaries. In addition, while the indentures governing the Notes and the Credit Facility limit the ability of our restricted subsidiaries to restrict the payment of dividends or make other intercompany payments to us, these limitations will be subject to certain qualifications and exceptions. In the event that we do not receive distributions from our subsidiaries, we may be unable to make required principal and interest payments on our indebtedness, including the Notes and the Credit Facility.

Our ability to obtain additional financing on commercially reasonable terms may be limited.

Although we believe that our cash, cash equivalents, working capital, future cash from operations, and the capital obtained from the Notes and available borrowing under the Credit Facility will provide adequate resources to fund ongoing operating requirements, we may need to refinance or seek additional financing to compete effectively or grow our business, including to complete the permanent American Place facility. These financing strategies may not be completed on satisfactory terms, if at all. In addition, certain financing transactions require approval of gaming regulatory authorities. Some requirements may prevent or delay us from obtaining necessary capital. We cannot assure you that we will be able to obtain any additional financing, refinance our existing debt, or fund our growth efforts. If we are unable to obtain financing on commercially reasonable terms, it could:

- reduce funds available to us for purposes such as working capital, capital expenditures, strategic acquisitions and other general corporate purposes;
- restrict our ability to capitalize on business opportunities;
- increase our vulnerability to economic downturns and competitive pressures in the markets in which we operate; and
- place us at a competitive disadvantage.

The obligations under the Notes and the Credit Facility are collateralized by a security interest in substantially all of our assets. If we default on those obligations, the holders of the Notes and lenders under the Credit Facility could foreclose on our assets. In addition, the existence of these security interests may adversely affect our financial flexibility.

The obligations under the Notes and any borrowings under the Credit Facility are secured by a security interest in substantially all of our assets. As a result, if we default under our obligations under the Notes or the Credit Facility, the holders of the Notes and the lenders under the Credit Facility, acting through their appointed agent, could foreclose on their security interests and liquidate some or all of these assets, which could harm our business, financial condition and results of operations and could require us to reduce or cease operations. In addition, the pledge of these assets and other restrictions may limit our flexibility in raising capital for other purposes. Because substantially all of our assets are pledged under these financing arrangements, our ability to incur additional secured indebtedness or to sell or dispose of assets to raise capital may be impaired, which could have an adverse effect on our financial flexibility.

We and our subsidiaries may still be able to incur substantially more debt, including subordinated debt, which could further exacerbate the risks described above.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future. The indentures governing the Notes and the Credit Facility do not fully prohibit us or our subsidiaries from doing so. If new debt is added to our or our subsidiaries' current debt levels, the related risks that we or they now face could intensify.

Risks Related to our Legal and Regulatory Environment

We face extensive regulation from gaming and other regulatory authorities and the cost of compliance or failure to comply with such regulations may adversely affect our business and results of operations.

Licensing. The gaming industry is highly regulated, and we must maintain our licenses and pay gaming taxes to continue our operations. The ownership, management and operation of gaming facilities are subject to extensive state and local regulation in the jurisdiction in which it is located. These laws, rules and regulations generally concern the responsibility, financial stability and character of the owners, managers, and persons with financial interest in the gaming operations. The regulatory authorities in jurisdictions where we operate have broad discretion. They may, for any reason set forth in the applicable legislation, rules and regulations, limit, condition, suspend, fail to renew or revoke a license or registration to conduct gaming operations. Furthermore, because we are subject to regulation in each jurisdiction in which we operate, and because regulatory agencies within each jurisdiction review our compliance with gaming laws in other jurisdictions, it is possible that gaming compliance issues in one jurisdiction may lead to reviews and compliance issues in other jurisdictions.

Taxation and fees. We believe that the prospect of significant tax revenue is one of the primary reasons that jurisdictions permit legalized gaming. As a result, gaming companies are typically subject to significant revenue-based taxes and fees in addition to normal federal, state, and local income and employment taxes. Such taxes and fees are subject to increase at any time. From time to time, federal, state, and local legislators and officials have proposed changes in tax laws, or in the administration of such laws, affecting the gaming industry. In addition, any downturn in economic conditions could intensify the efforts of state and local governments to raise revenues through increases in gaming taxes and/or property taxes. It is not possible to determine with certainty the likelihood of changes in tax laws or in the administration of such laws. Any material increase, or the adoption of additional taxes or fees, could have a material adverse effect on our business, financial condition and results of operations.

Compliance with other laws. In addition to gaming regulations, we are also subject to various federal, state, and local laws and regulations affecting businesses in general. These laws and regulations include, but are not limited to, environmental matters, employment, currency transactions, taxation, construction, zoning, land-use laws, marketing and advertising, smoking, and regulations governing the serving of alcoholic beverages.

The Bank Secrecy Act, enforced by the Financial Crimes Enforcement Network (“FinCEN”) of the U.S. Treasury Department, requires us to report currency transactions in excess of \$10,000, including groupings of related transactions, occurring within a gaming day, including identification of the guest by name and social security number, to the Internal Revenue Service (“IRS”). This regulation also requires us to report certain suspicious activity, including any transaction that exceeds \$5,000 that we know, suspect or have reason to believe involves funds from illegal activity or is designed to evade federal regulations or reporting requirements. Periodic audits by the IRS and our internal audit function assess compliance with the Bank Secrecy Act, and substantial penalties can be imposed against us if we fail to comply with this regulation. In recent years, the U.S. Treasury Department has increased its focus on Bank Secrecy Act compliance throughout the gaming industry. Recent public comments by FinCEN suggest that casinos should make efforts to obtain information on each customer’s sources of income. This could impact our ability to attract and retain casino guests.

We also deal with significant amounts of cash in our operations and are subject to various reporting and anti-money laundering regulations. Any violations of anti-money laundering laws or regulations by any of our properties could have an adverse effect on our financial condition, results of operations or cash flows. Such laws and regulations could change or could be interpreted differently in the future, or new laws and regulations could be enacted.

Our riverboat and ferry boat operations at Rising Star must comply with certain federal and state laws and regulations with respect to boat design, on-board facilities, equipment, personnel and safety. In addition, we are required to have third parties periodically inspect and certify our boats for safety, stability and single compartment flooding integrity. All of our casinos also must meet local fire safety standards. We could incur additional costs if our gaming facilities are not in compliance with one or more of these regulations.

Changes in legislation and regulation of our business could have an adverse effect on our financial condition, results of operations and cash flows.

Regulations governing the conduct of gaming activities and the obligations of gaming companies in any jurisdiction in which we have or in the future may have gaming operations are subject to change and could impose additional operating, financial, competitive or other burdens on the way we conduct our business.

In particular, certain areas of law governing new gaming activities, such as the federal and state law applicable to sports betting, are new or developing in light of emerging technologies. New and developing areas of law may be subject to the interpretation of the government agencies tasked with enforcing them. In some circumstances, a government agency may interpret a statute or regulation in one manner and then reconsider its interpretation at a later date. No assurance can be provided that government agencies will interpret or enforce new or developing areas of law consistently, predictably, or favorably. Moreover, legislation to prohibit, limit or add burdens to our business may be introduced in the future in states where gaming has been legalized. In addition, from time to time, legislators and special interest groups have proposed legislation that would expand, restrict or prevent gaming operations or which may otherwise adversely impact our operations in the jurisdictions in which we operate. Any expansion of gaming or restriction on or prohibition of our gaming operations or enactment of other adverse regulatory changes could have a material adverse effect on our operating results.

Stockholders may be required to dispose of their shares of our common stock if they are found unsuitable by gaming authorities.

While gaming authorities generally focus on stockholders with more than 5% and often 10% of a company's shares, such authorities generally can require that *any* beneficial owner of our common stock and other securities file an application for a finding of suitability. If a gaming authority requires a record or beneficial owner of our securities to file a suitability application, the owner must apply for a finding of suitability within 30 days or at an earlier time prescribed by the gaming authority. The gaming authority has the power to investigate an owner's suitability and the owner must pay all costs of the investigation. If the owner is found unsuitable, then the owner may be required by law to dispose of our securities. Our certificate of incorporation also provides us with the right to repurchase shares of our common stock from certain beneficial owners declared by gaming regulators to be unsuitable holders of our equity securities. The price we may pay to any such beneficial owner may be below the price such beneficial owner would otherwise accept for his or her shares of our common stock.

We are subject to environmental laws and potential exposure to environmental liabilities.

We are subject to various federal, state and local environmental laws and regulations that govern our operations, including emissions and discharges into the environment, and the handling and disposal of hazardous and non-hazardous substances and wastes. Failure to comply with such laws and regulations could result in costs for corrective action, penalties or the imposition of other liabilities or restrictions. We also are subject to laws and regulations that impose liability and clean-up responsibility for releases of hazardous substances into the environment. Under certain of these laws and regulations, a current or previous owner or operator of property may be liable for the costs of remediating contaminated soil or groundwater on or from its property, without regard to whether the owner or operator knew of, or caused, the contamination, as well as incur liability to third parties impacted by such contamination. The presence of contamination, or failure to remediate it properly, may adversely affect our ability to use, sell or rent property. There can be no assurances that these matters or other matters arising under environmental laws will not have a material adverse effect on our business, financial condition, or results of operations in the future.

We are subject to litigation which, if adversely determined, could cause us to incur substantial losses.

From time to time during the normal course of operating our businesses, we are subject to various litigation claims and legal disputes. Some of the litigation claims may not be covered under our insurance policies, or our insurance carriers may seek to deny coverage. As a result, we might also be required to incur significant legal fees, which may have a material adverse effect on our financial position. In addition, because we cannot accurately predict the outcome of any action, it is possible that, as a result of current and/or future litigation, we will be subject to adverse judgments or settlements that could significantly reduce our earnings or result in losses.

Our ferry boat service is highly regulated, which can adversely affect our operations.

Our ferry boat service at the Rising Star Casino Resort is subject to stringent local, state and federal laws and regulations governing, among other things, the health and safety of our passengers and personnel, and the operation and insurance of our vessel. Many aspects of our ferry boat service are subject to regulation by a wide array of agencies, including the U.S. Coast Guard and other federal authorities, the State of Indiana and Commonwealth of Kentucky authorities, as well as local authorities in Ohio County, Indiana and Boone County, Kentucky. In addition, we are required by various governmental and quasi-governmental agencies to obtain, maintain and periodically renew certain permits, licenses and certificates with respect to our ferry boat service. Compliance with or the enforcement of applicable laws and regulations can be costly. In addition, failure to comply with applicable laws and regulations may result in administrative and civil penalties, criminal sanctions or, in certain cases, the suspension or termination of our ferry boat service.

Risks Related to Technology

Our gaming operations rely heavily on technology services and an uninterrupted supply of electrical power. If we experience damage or service interruptions, we may have to cease some or all of our operations, which will result in a decrease in revenue.

Our gaming operations rely heavily on technology services and an uninterrupted supply of electrical power. Our security system and all of our slot machines are controlled by computers and reliant on electrical power to operate. A loss of electrical power or a failure of the technology services needed to run the computers could make us unable to run all or parts of our gaming operations. Any unscheduled interruption in our technology services or interruption in the supply of electrical power is likely to result in an immediate, and possibly substantial, loss of revenue due to a shutdown of our gaming operations. Although we have designed our systems around industry-standard designs to reduce downtime in the event of outages or catastrophic occurrences, they remain vulnerable to damage or interruption from floods, fires, power loss, telecommunication failures, terrorist attacks, computer viruses, computer denial-of-service attacks and similar events. Additionally, substantial increases in the cost of electricity and natural gas could negatively affect our results of operations.

Our information technology and other systems are subject to cybersecurity risk, misappropriation of customer information and other breaches of information security.

We rely extensively on our computer systems to process customer transactions, manage customer data, manage employee data and communicate with third-party vendors and other third parties, and we may also access the Internet to use our computer systems. Our operations require that we collect and store customer data, including credit card numbers and other personal information, for various business purposes, including marketing and promotional purposes. We also collect and store personal information about our employees. Breaches of our security measures or information technology systems or the accidental loss, inadvertent disclosure or unapproved dissemination of proprietary information or sensitive personal information or confidential data about us, or our customers, or our employees including the potential loss or disclosure of such information as a result of hacking or other cyber-attack, computer virus, fraudulent use by customers, employees or employees of third party vendors, trickery or other forms of deception or unauthorized use, or due to system failure, could expose us, our customers, our employees or other individuals affected to a risk of loss or misuse of this information, result in litigation and potential liability for us, damage our reputation or brand names or otherwise harm our business. Additionally, disruptions in the availability of our computer systems, through cyber-attacks or otherwise, could impact our ability to service our customers and adversely affect our sales and the results of operations. We rely on proprietary and commercially available systems, software, tools and monitoring to provide security for processing, transmission and storage of customer information, such as payment card, employee information and other confidential or proprietary information. Our data security measures are reviewed and evaluated regularly; however, they might not protect us against increasingly sophisticated and aggressive threats, and disruptions in our computer systems can occur notwithstanding the data security measures and disaster recovery plans that we have in place. The cost and operational consequences of implementing further data security measures could be significant and there is no certainty that such measures, if purchased, could thwart all threats. Additionally, while we maintain cyber risk insurance to assist in the cost of recovery from a significant cyber event, such coverage may not be sufficient.

Additionally, the collection of customer and employee personal information imposes various privacy compliance related obligations on our business and increases the risks associated with a breach or failure of the integrity of our information technology systems. The collection and use of personal information are governed by privacy laws and regulations enacted in the United States and other jurisdictions around the world. Privacy regulations continue to evolve and on occasion may be inconsistent from one jurisdiction to another. Any loss, disclosure of, misappropriation of, or access to customers', employees' or other personal, proprietary information or any other breach of our network or information security could result in extensive legal proceedings or legal claims, including regulatory investigations and actions, or liability for failure to comply with state or federal privacy and information security laws, including for failure to protect personal information or for misusing personal information. These items could disrupt our operations, cause extensive damage to our reputation, and expose us to legal claims from customers, employees, financial institutions, regulators, payment card associations, and other persons, any of which could adversely affect our business, results of operations and financial condition.

There are also laws and regulations governing the collection and use of biometric information, such as fingerprints and facial scans. For example, the Illinois Biometric Information Privacy Act, 740 ILCS 14/1 et seq. (“BIPA”) applies to the collection and use of “biometric identifiers” and “biometric information” which include fingerprints and facial scans. BIPA requires written notice and consent before a private entity (like us and our subsidiaries) may collect or disseminate biometric information. It further provides that any private entity in possession of biometric information must establish, publish and comply with a policy regarding its schedule for destroying biometric information and follow reasonable security measures to protect such information. Individuals are afforded a private right of action under BIPA and may recover statutory damages equal to the greater of \$1,000 (or \$5,000 for reckless violations) or actual damages and reasonable attorneys’ fees and costs for each unlawful collection of biometric information, which the Illinois Supreme Court has interpreted to include not only the initial collection of information to create a biometric template, but also, each subsequent scan of biometric information to identify an individual. Many Illinois businesses, including casinos, have been accused of using biometric-enabled devices, including hand or fingerprint scanners for timekeeping or security purposes, and facial recognition technology for security purposes, without the required policy, notice or consent. Any biometric-enabled devices or technologies used by us in Illinois must comply with BIPA’s notice, consent, policy and security requirements to avoid potential liability. In addition to BIPA, a number of other proposals exist for new federal and state privacy legislation that, if passed, could increase our potential liability, increase our compliance costs and materially adversely affect our business.

Compliance with applicable privacy laws and regulations may increase our operating costs and/or adversely impact our ability to market our products, properties and services to our customers. In addition, non-compliance with applicable privacy laws and regulations by us (or in some circumstances non-compliance by third party service providers engaged by us) may also result in damage of reputation, result in vulnerabilities that could be exploited to breach our systems and/or subject us to fines, payment of damages, lawsuits (including class actions) or restrictions on our use or transfer of personal information (including biometric information).

General Risks

Our ability to utilize our net operating loss, or NOL, carryforwards and certain other tax attributes may be limited.

Our ability to utilize our NOL carryforwards to offset potential future taxable income and related income taxes that would otherwise be due is dependent upon our generation of future taxable income before the expiration dates, if applicable, of the NOL carryforwards, and we cannot predict with certainty when, or whether, we will generate sufficient taxable income to use all of our NOL carryforwards.

Under Sections 382 and 383 of the Internal Revenue Code of 1986, as amended, or the Code, if a corporation undergoes an “ownership change,” generally defined as a greater than 50 percentage point change (by value) in its equity ownership by certain stockholders over a three-year period, the corporation’s ability to use its pre-change NOL carryforwards and other pre-change tax attributes (such as research and development tax credits) to offset its post-change income or taxes may be limited. We have experienced ownership changes in the past, and we may experience ownership changes in the future and/or subsequent shifts in our stock ownership (some of which may be outside our control). As a result, if we earn net taxable income, our ability to use our pre-change NOL carryforwards to offset U.S. federal taxable income may be subject to limitations under Section 382, which could potentially result in increased future tax liability to us. In addition, at the state level, there may be periods during which the use of NOL carryforwards is suspended or otherwise limited, which could accelerate or permanently increase state taxes owed.

The market price for our common stock may be volatile, and investors may not be able to sell our stock at a favorable price or at all.

Many factors could cause the market price of our common stock to rise and fall, including:

- actual or anticipated variations in our quarterly results of operations;
- change in market valuations of companies in our industry;
- change in expectations of future financial performance;
- regulatory changes;
- fluctuations in stock market prices and volumes;
- issuance of common stock market prices and volumes;
- the addition or departure of key personnel; and
- announcements by us or our competitors of acquisitions, investments, dispositions, joint ventures or other significant business decisions.

In addition, the stock market in general has experienced extreme price and volume fluctuations that have often been unrelated or disproportionate to companies' operating performance, for example, as a result of the coronavirus epidemic or increases in the borrowing rates set by the Federal Reserve. Broad market and industry factors may materially harm the market price of our common stock, regardless of our operating performance. In the past, following periods of volatility in the market price of a company's securities, stockholder derivative lawsuits and/or securities class-action litigation has sometimes been instituted against that company, sometimes irrespective of whether the company took any action contributing to such volatility. Such litigation, if instituted against us, could result in substantial costs and a diversion of management's attention and resources.

The exercise of outstanding options to purchase common stock may result in substantial dilution and may depress the trading price of our common stock.

If our outstanding options to purchase shares of our common stock are exercised and the underlying shares of common stock issued upon such exercise are sold, our stockholders may experience substantial dilution and the market price of our shares of common stock could decline. Further, the perception that such securities might be exercised could adversely affect the trading price of our shares of common stock. During the time that such securities are outstanding, they may adversely affect the terms on which we could obtain additional capital.

Item 1B. Unresolved Staff Comments.

Not applicable.

Item 1C. Cybersecurity.

Risk Management and Strategy

Risk Assessment. We have incorporated policies and procedures aimed at securing and protecting company records and operations. At a minimum, our cybersecurity programs are benchmarked against and aligned to the Center for Internet Security (CIS) Version 8 framework — a universally accepted and recognized controls standard published in 2021 — to guide periodic risk assessments and ongoing control monitoring activities. External experts are also utilized for cybersecurity evaluations, as needed, to ensure broad and in-depth evaluations of the transforming cybersecurity environment.

Incident Response and Recovery Planning. We have established comprehensive incident response and recovery plans and continue to regularly test and evaluate the effectiveness of these plans, while also providing necessary training tools and guidance for company personnel. All of these items are incorporated into our overall risk management program.

Third-Party Risk Management. As part of our risk identification efforts and overall cybersecurity risk management framework, we have processes in place to assess and manage third-party service provider cybersecurity risks. Such processes include initial and periodic reviews of independent attestation reports, as well as additional evaluation and due diligence that are dependent on our classification of data stored or processed by the third-party provider.

Governance

Qualifications. We view cybersecurity as a shared responsibility. To that end, the members of our Cybersecurity Committee represent a range of functions from across our company, including our property information technology directors, Corporate Controller, Vice President of Internal Audit and Compliance, Corporate Secretary and General Counsel, and the Western Director of Finance. This group has primary responsibility for assessing and managing material cybersecurity risks. The combined experience of this group consists of approximately 14 decades of direct information technology leadership experience, in addition to multiple degrees and specialized training and certifications in the information technology and cybersecurity field.

External Assessments. We engage independent third parties to conduct external vulnerability and penetration testing.

Management's Role. Our Cybersecurity Committee members and external experts meet quarterly, at a minimum, with the primary purpose of identifying emerging company risks and related solutions, and evaluating the progress of previously-identified risk mitigation activities.

Board Oversight. Our Board, with direct oversight by the Audit Committee and senior management, ultimately presides over our management of cybersecurity risk. The Board routinely receives reports from the Cybersecurity Committee, via the Audit Committee, about the prevention, detection, mitigation, and remediation of cybersecurity incidents, including material security risks and information system security vulnerabilities.

There can be no guarantee that our policies and procedures will be properly followed in every instance or that those policies and procedures will be effective. Further, although we have not experienced any recent material cybersecurity incidents, we face a number of cybersecurity risks in connection with our business. Other casino companies have reported large-scale cybersecurity incidents. We can provide no assurance that there will not be incidents in the future or that they will not materially affect us, including our business strategy, results of operations, or financial condition. See Part I, Item 1A. "Risk Factors – Risks Related to Technology" for additional discussion.

Item 2. Properties.

Substantially all of our assets collateralize our indebtedness, as discussed in Note 7 to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data.” Several of our facilities are subject to leases of the underlying real estate assets, which may, among other things, include the land underlying the facility and, in some cases, buildings used in business operations, as discussed in Note 8 to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data.” See Part I, Item 1. “Business — Operating Properties” for additional discussions.

- (a) The temporary American Place facility opened on February 17, 2023 and does not have hotel operations. The permanent American Place facility (under development) is currently expected to have a significantly larger casino and a premium boutique hotel comprised of 20 luxury villas.
- (b) We have the right to buy out such leases at a fixed price.
- (c) Bronco Billy’s and Chamonix are two integrated and adjoining casinos, operated by our management team as a single entity. Chamonix opened in phases between December 2023 and October 2024.
- (d) Located within the Hyatt Lake Tahoe, which offers 422 rooms.
- (e) We closed on the sale of Stockman’s real property in September 2024 to a privately-held company. We continue to operate the business under a leaseback agreement with the new owners for use of their facilities until the second closing of the Stockman’s sale, which is expected to occur in the first half of 2025.

Item 3. Legal Proceedings.

A discussion of our legal proceedings is contained in Note 10 to our consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data” of this Annual Report on Form 10-K.

Item 4. Mine Safety Disclosures.

Not applicable.

PART II

Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities.

Our common stock is traded on the Nasdaq Capital Market under the symbol "FLL."

On March 6, 2025, we had 59 "registered holders" of record of our common stock. We believe that a substantial number of stockholders hold their common stock in "street name" or are otherwise beneficial holders whose shares of record are held by banks, brokers, and other financial institutions. Such holders are not included in the number of "registered holders" above.

Dividend Policy

We do not currently pay dividends on our common stock. The payment of dividends in the future will be at the discretion of our board of directors and will be contingent upon our revenues and earnings, if any; the terms of our indebtedness; our capital requirements; growth opportunities; and general financial condition. Our debt covenants currently restrict the payment of dividends and it is the present intention of our board of directors to retain all earnings, if any, for use in our business operations, debt reduction and growth initiatives, reinvesting such earnings on behalf of stockholders. Accordingly, we do not anticipate paying any dividends in the foreseeable future.

Item 6. [Reserved]

Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion of our results of operations and financial condition should be read together with the other financial information and consolidated financial statements included in this Form 10-K. This discussion contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from the results anticipated in the forward-looking statements as a result of a variety of factors, including those discussed in Part I, Item 1A. “Risk Factors” and elsewhere in this Annual Report on Form 10-K. The results of operations for the periods reflected herein are not necessarily indicative of results that may be expected for future periods. Full House Resorts, Inc., together with its subsidiaries, may be referred to as “Full House,” the “Company,” “we,” “our” or “us.”

Executive Overview

Our primary business is the ownership and/or operation of casino and related hospitality and entertainment facilities, which includes offering, among other amenities, casino gambling, hotel accommodations, dining, golf, RV camping, sports betting, entertainment and retail outlets.

The following table identifies our segments, along with properties and their locations as of December 31, 2024:

Segments and Properties	Locations
Midwest & South	
American Place*	Waukegan, IL (northern suburb of Chicago)
Silver Slipper Casino and Hotel (“Silver Slipper”)	Hancock County, MS (near New Orleans)
Rising Star Casino Resort (“Rising Star”)	Rising Sun, IN (near Cincinnati)
West	
Bronco Billy’s Casino (“Bronco Billy’s”) and Chamonix Casino Hotel (“Chamonix”)*	Cripple Creek, CO (near Colorado Springs)
Grand Lodge Casino (“Grand Lodge”),	Incline Village, NV
leased and part of the Hyatt Regency Lake Tahoe Resort, Spa and Casino	(North Shore of Lake Tahoe)
Stockman’s Casino (“Stockman’s”), held for sale starting August 2024	Fallon, NV (one hour east of Reno)
Contracted Sports Wagering	
One active sports wagering website (“skin”), plus two others that are currently idle	Colorado
One active sports wagering website (“skin”), plus two others that are currently idle	Indiana
One active sports wagering website (“skin”), commenced in August 2023	Illinois

* The temporary American Place facility opened on February 17, 2023. Chamonix opened in phases between December 2023 and October 2024.

We currently operate seven casinos: six on real estate that we own or lease, and one located within a hotel owned by a third party. Additionally, we benefit from seven permitted sports wagering skins – three in Colorado, three in Indiana, and one in Illinois. Three of these sports skins are currently in use.

In February 2023, we opened our temporary American Place facility, which we are permitted to operate until August 2027. We have begun the design work for the permanent gaming resort facility that we plan to build on adjoining land.

In August 2024, we entered into an agreement to sell Stockman’s to a privately owned company. We closed on the sale of Stockman’s real property in September 2024. We continue to operate the business under a leaseback agreement with the new owners for use of their facilities until the second closing of the Stockman’s sale, which is expected to occur in the first half of 2025.

In October 2024, we completed the phased opening of Chamonix, our newest property, located adjacent to our existing Bronco Billy’s Casino.

Our financial results are dependent upon the number of patrons that we attract to our properties and the amounts those guests spend per visit. While we provide credit at some of our casinos where permitted by gaming regulations, most of our revenues are cash-based, through customers wagering with cash or paying for non-gaming services with cash or credit cards. Our revenues are primarily derived from slot machines, but also include other gaming activities, including table games, keno and sports betting. In addition, we derive a significant amount of revenue from our hotels and our food and beverage outlets. We also derive revenues from our golf course and ferry boat service at Rising Star, our RV parks owned at Rising Star and managed at Silver Slipper, and retail outlets and entertainment. We often provide hotel rooms, food and beverages, entertainment, ferry usage, and golf privileges to customers on a complimentary basis; the value of such services is included as revenue in those categories, offset by contra-revenue in the casino revenue category. As a result, the casino revenues in our financial statements reflect patron gaming wins and losses, reduced by the retail value of complimentary services, the value of free play provided to customers, the value of points earned by casino customers that can be redeemed for services or free play, and adjustments for certain progressive jackpots offered by the Company.

We set minimum and maximum betting limits for our slot machines and table games based on market conditions, customer demand and other factors. Our gaming revenues are derived from a broad base of guests that includes both high- and low-stakes players. At Silver Slipper, our sports book operations are in partnership with a company specializing in race and sports betting. At Rising Star, Bronco Billy's, and American Place, we have contracted with other companies to operate our online sports wagering skins under their own brands in exchange for a percentage of revenues, as defined, subject to annual minimum amounts; the same company also operates our on-site sports book at American Place. Our operating results may also be affected by, among other things, overall economic conditions affecting the disposable income of our guests, weather conditions affecting access to our properties, achieving and maintaining cost efficiencies, taxation and other regulatory changes, and competitive factors, including but not limited to, additions and improvements to the competitive supply of gaming facilities, as well as pandemics and similar widespread health emergencies.

We may experience significant fluctuations in our quarterly operating results due to seasonality, variations in gaming hold percentages and other factors. Consequently, our operating results for any quarter or year are not necessarily comparable and may not be indicative of results in future periods.

Our market environment is highly competitive and capital-intensive. Nevertheless, there are significant restrictions and barriers to entry vis-à-vis opening new casinos in most of the markets in which we operate. We rely on the ability of our properties to generate operating cash flow to pay interest, repay debt, and fund maintenance and certain growth-related capital expenditures. We continuously focus on improving the operating margins of our existing properties through a combination of revenue growth and expense management. We also assess growth and development opportunities, which include capital investments at our existing properties, the development of new properties, and the acquisition of existing properties.

Recent Developments

Stockman's Sale. On August 28, 2024, we entered into an agreement to sell Stockman's for total gross proceeds of \$9.2 million, plus certain expected working capital adjustments at closing. The sale was designed to be completed in two phases: the sale of Stockman's real property for \$7.0 million, which closed on September 27, 2024; and the sale of certain remaining operating assets and related liabilities for \$2.2 million (excluding any adjustments for working capital), upon the receipt of customary gaming approvals.

To accommodate the buyer while it seeks its gaming approvals, we are temporarily continuing to operate Stockman's under the West segment while leasing back the real property. Upon the second closing that is expected to occur in the first half of 2025, we will transfer all operations of Stockman's to the buyer and the leaseback will terminate. During 2024, we recognized a \$1.9 million gain from the sale of Stockman's real property to operating income, net of \$0.8 million in transaction costs.

Chamonix Casino Hotel. Designed to integrate with our adjacent Bronco Billy's Casino, Chamonix is the only luxury casino hotel located near the Colorado Springs metropolitan area. On December 27, 2023, we began its phased opening, starting with the casino, meeting space, and approximately one-third of its 300 guestrooms. Chamonix's remaining guestrooms came online gradually during the first quarter of 2024. Our high-end steakhouse, 980 Prime, began welcoming its first guests in April 2024, while our rooftop pool and portions of our spa opened in May 2024. We completed Chamonix's opening in October 2024, with its jewelry store and the rest of its spa.

American Place. In February 2023, we opened our temporary American Place facility in Waukegan, Illinois, which we are permitted to operate until August 2027. American Place currently includes approximately 940 slot machines, 48 table games, a fine-dining restaurant, two additional restaurants, a center bar and a sportsbook. We have begun design work for the permanent American Place facility, which is expected to include a larger casino, state-of-the-art sportsbook, premium boutique hotel comprised of 20 luxurious villas, and various food and beverage outlets.

Grand Lodge Casino Lease Extension through December 2034. In July 2024, our lease with the owner of the Hyatt Lake Tahoe to operate the Grand Lodge Casino was amended to further extend the current term through December 31, 2034. The current annual rent of \$2.0 million will increase nominally in 2025, followed by annual increases of 2% for the remainder of this extended term. In the event of a significant renovation, the lessor may terminate the lease early with six months' notice. Similar to previous lease arrangements, the lessor also has an option to purchase our leasehold interest and related operating assets of the Grand Lodge Casino at any time prior to lease expiration, subject to assumption of applicable liabilities. The option price is an amount equal to Grand Lodge Casino's positive working capital, plus its earnings before interest, income taxes, depreciation and amortization ("EBITDA") for the 12-month period preceding the acquisition (or pro-rated if less than 12 months remain on the lease), plus the fair market value of Grand Lodge Casino's personal property.

Contracted Sports Wagering Amendments and Settlements. In July 2024, we amended two contracted sports wagering agreements, resulting in the collection of a total of \$2.1 million. Specifically, these amendments settled overdue payments owed to our subsidiaries in Colorado and Indiana, reduced certain future annual amounts due to us under the agreements, and required such annual fees to be paid in advance of each annual term. In January 2025, we received notice that this sports betting operator was discontinuing its operations in Colorado and Indiana, to be effective prior to the June 2025 and December 2025 anniversaries in its agreements with us.

Key Performance Indicators

We use several key performance indicators to evaluate the operations of our properties. These key operating measures are presented as supplemental disclosures because management uses these measures to better understand period-over-period fluctuations in our casino and hotel operating revenues and as a measure of our performance. These key performance indicators include the following and are disclosed in our discussions, where applicable, for certain jurisdictions on segment performance:

Gaming revenue indicators:

Slot coin-in is the gross dollar amount wagered in slot machines and table game drop is the total amount of cash or credit exchanged into chips at table games for use by our customers. Slot coin-in and table game drop are indicators of volume, and are monitored on a consolidated basis in relation to slot and table game win. Such metrics can be influenced by marketing activity and are not necessarily indicative of profitability trends.

Slot win is the difference between customer wagers and customer winnings on slot machines. Table game hold is the difference between the amount of money or markers exchanged into chips and customer winnings paid. Slot win and table game hold percentages represent the relationship between slot win and coin-in and table game win and drop. Both the slot win and table game hold percentages are monitored on a consolidated basis in our evaluation of Company performance.

Room revenue indicators:

Hotel occupancy rate is an indicator of the utilization of our available rooms. Complimentary room sales, or the retail value of accommodations furnished to customers on a complimentary basis, are included in the calculation of the hotel occupancy rate.

Adjusted EBITDA, Adjusted Segment EBITDA, Adjusted Segment EBITDA Margin and Adjusted Property EBITDA:

Management uses Adjusted EBITDA as a measure of our performance. For a description of Adjusted EBITDA, see “Non-GAAP Financial Measure.” We utilize Adjusted Segment EBITDA as the measure of segment profitability in assessing performance and allocating resources at the reportable segment level. For information regarding our operating segments, see Note 12 to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data.” Additionally, we use Adjusted Segment EBITDA Margin, which is calculated by dividing Adjusted Segment EBITDA by the segment’s total revenues.

Same-store Adjusted Segment EBITDA is Adjusted Segment EBITDA further adjusted to exclude the Adjusted Property EBITDA of properties that have not been in operation for a full year. Adjusted Property EBITDA is defined as earnings before interest and other non-operating income (expense), taxes, depreciation and amortization, preopening expenses, impairment charges, asset write-offs, recoveries, gain (loss) from asset sales and disposals, project development and acquisition costs, non-cash share-based compensation expense, and corporate-related costs and expenses that are not allocated to each property.

Results of Operations — 2024 Compared to 2023

Consolidated operating results

The following tables summarize our consolidated operating results for the years ended December 31, 2024 and 2023:

<i>(In thousands)</i>	Year Ended December 31,		Increase / (Decrease)
	2024	2023	
Revenues	\$ 292,065	\$ 241,060	21.2 %
Operating expenses	289,315	242,222	19.4 %
Operating income (loss)	2,750	(1,162)	N.M.
Interest and other non-operating expenses, net	43,201	22,593	91.2 %
Income tax expense	221	1,149	(80.8)%
Net loss	<u>\$ (40,672)</u>	<u>\$ (24,904)</u>	<u>63.3 %</u>

N.M. Not meaningful.

<i>(In thousands)</i>	Year Ended December 31,		Increase / (Decrease)
	2024	2023

- (1) Does not reflect reductions in casino revenues from “discretionary comps.” For details on our customer loyalty programs, see Note 2 to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data.”
- (2) The three-year averages for slot hold percentage and table game hold percentage were 7.4% and 18.2%, respectively. Longer-term hold percentages can vary due to a number of factors, including the addition of new properties like Chamonix and American Place, or changes in our game mix.

The following discussion is based on our consolidated financial statements for the years ended December 31, 2024 and 2023.

Revenues. Consolidated total revenues increased by 21.2% (or \$51.0 million) in 2024. Such increase was primarily due to a full year of operations at American Place, which opened on February 17, 2023. Revenues during 2024 also benefited from the opening of Chamonix, which opened in phases between December 2023 and October 2024.

For more information, see “Supplemental Information – Same-store Operating Results.”

Operating expenses. Consolidated operating expenses increased by 19.4% (or \$47.1 million) in 2024, primarily due to the commencement of operations at American Place in February 2023 and Chamonix in December 2023. Both openings resulted in increased casino, food and beverage, hotel, selling, general and administrative and depreciation expenses. Selling, general and administrative expenses at American Place rose \$5.1 million from 2023 to 2024. For Chamonix, selling, general and administrative expenses increased \$11.1 million from 2023 to 2024, and depreciation and amortization expense rose by \$14.9 million.

See further information within our reportable segments described below.

Interest and other non-operating expense, net.

Interest Expense

Interest expense, net, consists of the following:

<i>(In thousands)</i>	Year Ended December 31,	
	2024	2023
Interest expense (excluding bond fee amortization and discounts/premiums)	\$ 42,091	\$ 39,860
Amortization of debt issuance costs and discounts/premiums	2,987	2,793
Capitalized interest	(1,114)	(15,938)
Interest income and other	(763)	(3,738)
	<u>\$ 43,201</u>	<u>\$ 22,977</u>

The increase in net interest expense for 2024 was primarily due to reductions in capitalized interest, as construction of the temporary American Place facility and Chamonix was largely complete during the year. Additionally, as we invested cash into the construction of both projects, our cash balances were lower during the 2024 period, resulting in reduced interest income. Further, we issued \$40.0 million of Additional Notes in February 2023, so the 2023 period does not reflect a full year of the related interest expense. See [Note 7](#) to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data” for a more detailed discussion.

Other non-operating expense, net

In 2024, we did not have any other non-operating expense. In 2023, we had \$0.4 million of other non-operating income, consisting of insurance settlement proceeds from hurricane damage at Silver Slipper in 2020.

Income taxes. Our effective income tax rates for the years ended December 31, 2024 and 2023 were (0.5%) and (4.8%), respectively. Our tax rates differ from the statutory rate of 21.0% primarily due to the effects of changes in our valuation allowance, state taxes, and items that are permanently treated differently for GAAP and tax purposes. During 2024, we continued to provide a valuation allowance against our deferred tax assets (“DTAs”), net of any available deferred tax liabilities, as applicable, based on our analysis of the timing of reversal of such deferred taxes. For 2024, the valuation allowance was \$35.6 million, compared to \$24.0 million for 2023. In future years, if it is determined that we meet the “more likely than not” threshold of utilizing our DTAs, then we may reverse some or all of our valuation allowance against our DTAs.

We do not expect to pay any federal income taxes or receive any federal tax refunds related to our 2024 results. Similarly, we do not expect to pay income taxes related to any states the Company operates in. Any future federal taxable income is expected to result in the utilization of our net operating loss carryforwards, which can be used to offset 80% of taxable income. Due to the level of uncertainty regarding sufficient prospective income as measured under GAAP, we maintain a valuation allowance against our DTAs, as mentioned above. See [Note 9](#) to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data” for a more detailed discussion.

Operating Results — Reportable Segments

We manage our casinos based primarily on geographic regions within the United States and type of income. For more information, please refer to our earlier discussion within the “Executive Overview” section.

The following table presents detail by segment of our consolidated revenues and Adjusted EBITDA (see “Non-GAAP Financial Measure” for more information). Additionally, management uses Adjusted Segment EBITDA as its measure of segment profitability in accordance with GAAP.

Supplemental Information — Same-store Operating Results

The following table presents the financial results of our Midwest & South operations on a same-store basis for the years ended December 31, 2024 and 2023 for revenues and Adjusted Segment EBITDA; see “Adjusted EBITDA, Adjusted Segment EBITDA, Adjusted Segment EBITDA Margin and Adjusted Property EBITDA” for additional information.

Same-store operations exclude results of new and acquired properties that have not been in operations for longer than a year, starting from the date of commencement or acquisition through the end of the reporting period. Accordingly, for Midwest & South, we have excluded the results of American Place for periods subsequent to its commencement of operations.

(In thousands)

	Year Ended December 31,		Increase / (Decrease)
	2024	2023	
Midwest & South same-store total revenues ⁽¹⁾	\$ 109,964	\$ 115,371	(4.7)%
American Place	109,662	76,987	42.4 %
Midwest & South total revenues	<u>\$ 219,626</u>	<u>\$ 192,358</u>	14.2 %
Midwest & South same-store Adjusted Segment EBITDA ⁽¹⁾	\$ 16,327	\$ 20,619	(20.8)%
American Place	29,410	18,409	59.8 %
Midwest & South Adjusted Segment EBITDA	<u>\$ 45,737</u>	<u>\$ 39,028</u>	17.2 %
Midwest & South same-store Adjusted Segment EBITDA margin ⁽¹⁾	14.8 %	17.9 %	(3.1) pts
American Place	26.8 %	23.9 %	2.9 pts
Midwest & South Adjusted Segment EBITDA margin	20.8 %	20.3 %	0.5 pts

(1) Same-store operations exclude results from American Place, which opened on February 17, 2023.

The following table presents the financial results of our Contracted Sports Wagering operations on a same-store basis for the years ended December 31, 2024 and 2023 for revenues and Adjusted Segment EBITDA; see “Adjusted EBITDA, Adjusted Segment EBITDA, Adjusted Segment EBITDA Margin and Adjusted Property EBITDA” for additional information.

Same-store operations exclude results of new sports wagering contracts that have not been in operations for longer than a year, starting from the date of commencement or acquisition through the end of the reporting period. Accordingly, for Contracted Sports Wagering, we have excluded the results in Illinois for periods subsequent to its contractual commencement of revenue payments. For comparability, we also excluded accelerated revenues and recoveries in connection with contract terminations from same-store operations.

(In thousands)

	Year Ended December 31,		Increase / (Decrease)
	2024	2023	
Contracted Sports Wagering same-store total revenues ⁽¹⁾	\$ 2,004	\$ 4,773	(58.0)%

Illinois	96.4 %	95.8 %	0.6 pts
Contracted Sports Wagering Adjusted Segment EBITDA margin	108.1 %	91.0 %	17.1 pts

N.M. Not meaningful.

- (1) Same-store operations exclude results from Illinois, which contractually commenced on August 15, 2023. For enhanced comparability, same-store operations also exclude accelerated revenues and recoveries in connection with contract terminations.
- (2) Reflects one sport skin that ceased operations in the second quarter of 2024, and two sports skins that ceased operations in the third quarter of 2023.
- (3) Reflects recoveries from contract settlements and modifications in the second half of 2024.

Midwest & South

Our Midwest & South segment includes Silver Slipper, Rising Star and American Place. Compared to 2023, total revenues in 2024 increased by 14.2% (or \$27.3 million), primarily due to the continued ramp-up of operations at American Place. Excluding results from American Place, same-store revenues declined by 4.7% (or \$5.4 million), primarily due to lower casino revenue during the year.

Reflecting the February 2023 opening of American Place, casino revenue during 2024 increased by 16.3% (or \$23.7 million), led by a 14.5% increase in slot revenue (or \$17.6 million). Table games revenue in 2024 also increased by 25.9% (or \$6.1 million). Excluding results from American Place, same-store casino revenue declined by 7.2% (or \$5.3 million), primarily due to lower slot volumes at Silver Slipper and Rising Star. Rising Star continues to compete with a racetrack casino that opened in September 2022 in Northern Kentucky.

Non-casino revenue increased by 7.6% (or \$3.6 million), largely due to increases in food and beverage revenue. Food and beverage revenue rose 11.9% (or \$3.6 million), including \$3.3 million generated by American Place, reflecting increased operating hours at its dining outlets and the February 2024 opening of its high-end steak and seafood restaurant. Non-casino revenue also benefited from \$1.7 million in ATM and related surcharge income at American Place during 2024, compared to \$1.4 million in 2023. As American Place does not currently have a hotel, hotel revenues for the segment declined in 2024 by 6.0% (or \$0.5 million) due to lower guest volumes at Silver Slipper and Rising Star.

Adjusted Segment EBITDA increased by 17.2% (or \$6.7 million) from the prior year, reflecting improved efficiencies at American Place versus its first year of operations. American Place generated \$29.4 million of Adjusted Property EBITDA, offsetting a same-store Adjusted Segment EBITDA decline of \$4.3 million (20.8%) during 2024. Same-store operations were primarily affected by overall declines in casino revenues noted above.

West

Our West segment includes Bronco Billy's, Chamonix, Grand Lodge, and Stockman's, which is currently held for sale (see Note 3 to the consolidated financial statements set forth in Part II, Item 8. "Financial Statements and Supplementary Data"). The market in Cripple Creek, Colorado, is typically seasonal, favoring the summer months. Our Nevada operations have historically been seasonal, with the summer months accounting for a disproportionate share of annual revenues. Additionally, snowfall levels during the winter months can often affect operations, as Grand Lodge is located near several major ski resorts. While Grand Lodge typically benefits from a "good" snow year, resulting in extended periods of operation at the nearby ski areas, excessive snow levels can also result in challenging driving conditions or the closure of roads leading to the property.

Total segment revenues increased by 77.4% (or \$27.8 million), primarily due to the phased opening of Chamonix, which was designed to integrate with existing operations at Bronco Billy's. In November 2024, Chamonix held a grand opening party to celebrate its completion, as it was opened in phases between December 2023 and October 2024.

Casino revenue increased by 51.5% (or \$16.2 million), reflecting contributions from Chamonix and the dissipation of construction-related disruption at our adjacent Bronco Billy's. Slot revenue accounted for most of the increases in 2024; it increased by 54.6% (or \$14.8 million), offsetting modest decreases in slot and table games volumes at Grand Lodge. Table games revenue improved by 31.3% (or \$1.4 million), attributable entirely to our Colorado operations from higher table games drop.

Non-casino revenue increased by 265.3% (or \$11.5 million) for 2024. Food and beverage revenues rose by \$4.2 million, and hotel revenues increased by \$6.8 million during the year. These improvements came from Chamonix, which gradually opened its approximately 300-room hotel throughout the first quarter of 2024. Guest volume increases from Chamonix's new hotel also benefited food and beverage venues throughout Chamonix and Bronco Billy's.

Adjusted Segment EBITDA declined by \$3.7 million in 2024, compared to the prior year. Results in 2024 reflect the phased opening of Chamonix, which is currently operating less efficiently than we expect in future quarters. Elevated expenses include the training of new employees and additional marketing costs expected to benefit future operations, as well as the cost of operating many amenities at the new resort while continuing to complete construction.

Contracted Sports Wagering

The Contracted Sports Wagering segment consists of our on-site and online sports wagering skins in Colorado, Indiana and Illinois.

For 2024, this segment's revenues declined by 31.4%, from \$12.8 million in 2023 to \$8.8 million in 2024, and Adjusted Segment EBITDA declined by 18.5%, from \$11.7 million to \$9.5 million. These results reflect two contract terminations in 2023, which resulted in the acceleration of deferred revenues totaling \$5.8 million. During 2024, a sports wagering agreement in Colorado was terminated early in April 2024, resulting in \$0.9 million of accelerated revenues and \$1.2 million in expense recoveries. Also in 2024, settlement payments from two other contracts resulted in the reversal of certain prior-period credit loss provisions in Colorado and Indiana for an additional \$0.2 million in recoveries in the third quarter. Total recoveries of \$1.4 million in 2024 resulted in an Adjusted Segment EBITDA margin of 108.1%, compared to 91.0% in 2023.

The segment's results also reflect the launch of our permitted Illinois sports skin in August 2023. Under the Illinois sports wagering agreement, we receive a percentage of online revenues (as defined), subject to an annualized minimum of \$5 million, with minimal expected expenses. The market access fee of \$5 million, paid to us upon the signing of the contract, is amortized over the contract term and contributes an additional \$0.6 million of revenue annually. We also receive a percentage of on-site sports revenue, as defined. For 2024, this Illinois sports wagering agreement alone contributed a total of \$5.9 million to revenues and \$5.7 million to Adjusted Segment EBITDA. For 2023, the agreement contributed \$2.2 million to revenues and also to Adjusted Segment EBITDA.

We had two idle sports skins in each of Indiana and Colorado as of December 31, 2024. In January 2025, we received notice that a contracted sports betting operator was discontinuing its operations in Colorado and Indiana, to be effective prior to the June 2025 and December 2025 anniversaries in its agreements with us. There is no certainty that we will be able to enter into agreements with other third-party operators on similar terms or at all.

Corporate

Corporate expenses were \$5.3 million and \$4.5 million in 2024 and 2023, respectively, reflecting growth in the Company's operations.

Non-GAAP Financial Measure

"Adjusted EBITDA" is earnings before interest and other non-operating income (expense), taxes, depreciation and amortization, preopening expenses, impairment charges, asset write-offs, recoveries, gain (loss) from asset sales and disposals, project development and acquisition costs, and non-cash share-based compensation expense. Adjusted EBITDA information is presented solely as supplemental disclosure to measures reported in accordance with generally accepted accounting principles in the United States of America ("GAAP") because management believes this measure is (i) a widely used measure of operating performance in the gaming and hospitality industries and (ii) a principal basis for valuation of gaming and hospitality companies. In addition, a version of Adjusted EBITDA (known as Consolidated Cash Flow) is utilized in the covenants within our credit facility, although not necessarily defined in the same way as above. Adjusted EBITDA is not, however, a measure of financial performance or liquidity under GAAP. Accordingly, this measure should be considered supplemental and not a substitute for net income (loss) or cash flows as an indicator of our operating performance or liquidity.

The following table presents a reconciliation of net loss to Adjusted EBITDA:

(In thousands)

	Year Ended December 31,	
	2024	2023
Net loss	\$ (40,672)	\$ (24,904)
Income tax expense	221	1,149

Operating expenses deducted to arrive at operating income (loss) in the above tables include facility rents related to: (i) Midwest & South of \$5.4 million in 2024 and \$5.0 million in 2023, and (ii) West of \$2.8 million in 2024 and \$1.9 million in 2023. During 2023, \$0.8 million of qualifying rent in our West segment was reclassified to preopening costs for our Chamonix construction project, while there was no such amount in 2024. Finance lease payments of \$0.7 million in both 2024 and 2023 related to Rising Star's smaller hotel within the Indiana segment are not deducted, as such payments are accounted for as interest expense and amortization of debt related to the finance obligation.

Liquidity and Capital Resources

Cash Flows

As of December 31, 2024, we had \$40.2 million of cash and equivalents. Over the last several years, we invested in two large construction projects that are now open to the public: the temporary facility at American Place, which opened in February 2023, and Chamonix, which opened in phases between December 2023 and October 2024. Such construction activity is now substantially complete and their operations are in their ramp-up periods. We estimate that between \$10 million and \$15 million of cash is used in our day-to-day operations, including on-site cash in our slot machines, change and redemption kiosks, and cages. We believe that current cash balances, together with the available borrowing capacity under our revolving credit facility and cash flows from operating activities, will be sufficient to meet our liquidity and capital resource needs for the next 12 months of operations.

Cash flows – operating activities. On a consolidated basis, cash provided by operations during 2024 was \$13.8 million, compared to \$22.3 million in 2023. Trends in our operating cash flows tend to follow trends in operating income, excluding non-cash charges, but are also affected by changes in working capital. During 2024, we benefited from a full year of operations at American Place, which opened in February 2023. Net interest expense also rose in 2024 when compared to the prior year, the result of declines in both interest income and capitalized interest, as we began the phased opening of Chamonix in December 2023.

Cash flows – investing activities. On a consolidated basis, cash used in investing activities during 2024 was \$45.7 million. These investments primarily related to the construction of Chamonix, partially offset by proceeds from the sale of Stockman's. In 2023, such amount was \$198.8 million, which included a gaming license payment of \$50.3 million required to open American Place, as well as capital expenditures to construct Chamonix and American Place.

Cash flows – financing activities. On a consolidated basis, cash used in financing activities during 2024 was \$1.5 million, while cash provided by financing activities during 2023 was \$59.0 million. During 2023, net borrowings from the Credit Facility totaled \$27.0 million, and we received \$40.0 million of gross proceeds from the issuance of our Additional Notes to open American Place.

Other Factors Affecting Liquidity

We have significant outstanding debt and contractual obligations. Our principal debt matures in February 2028. Certain planned capital expenditures designed to grow the Company, such as the permanent American Place facility, may require additional financing and/or temporarily reduce the Company's ability to repay debt.

Our operations are subject to financial, economic, competitive, regulatory and other factors, many of which are beyond our control. Such future developments are highly uncertain and cannot be accurately predicted at this time.

Long-Term Debt. At December 31, 2024, we had \$450.0 million of principal indebtedness outstanding under the Notes, and \$27.0 million outstanding under the Credit Facility. We also owe \$1.7 million related to our finance lease of a hotel at Rising Star. With the exception of our Credit Facility, all of our debt is at fixed interest rates.

See [Note 7](#) to the consolidated financial statements set forth in Part II, Item 8. "Financial Statements and Supplementary Data" for details on our debt obligations.

Hyatt Option to Purchase our Leasehold Interest and Related Assets. Our lease with the owner of the Hyatt Lake Tahoe to operate the Grand Lodge Casino has been extended several times and currently expires on December 31, 2034. In the event of a significant renovation, the lessor may terminate the lease early with six months' notice. Similar to previous lease arrangements, the lessor also has the ability to purchase our leasehold interest and related casino operating assets at any time prior to lease expiration. See [Note 8](#) to the consolidated financial statements set forth in Part II, Item 8. "Financial Statements and Supplementary Data" for further information about this option and related rental commitments that could affect our liquidity and capital resources.

Capital Investments. In addition to normal maintenance capital expenditures, we made significant capital investments related to the completion of Chamonix, and we expect to do the same for the permanent American Place facility.

Chamonix — We opened Chamonix in phases between December 2023 and October 2024. To fund Chamonix’s construction, we issued our 2028 Notes and placed a portion of such proceeds into a restricted cash account dedicated to the completion of its construction (see Note 7 to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data”). As we completed construction of Chamonix in the fourth quarter of 2024, such restricted cash balance was \$0 as of December 31, 2024.

American Place — We were selected by the IGB to develop and operate American Place in Waukegan, Illinois. While the larger permanent facility is under development, we are operating the temporary American Place facility, which we are permitted to operate until August 2027. We expect to internally generate a portion of the needed funds to complete American Place, but we will likely need additional financing. While there is no certainty that we will be able to do so, we intend to arrange such additional funding along with the refinancing of our existing debt. Such debt is currently callable and otherwise scheduled to mature in February 2028.

Other Capital Expenditures — Additionally, we may fund various other capital expenditure projects, depending on our financial resources. Our capital expenditures may fluctuate due to decisions regarding strategic capital investments in new or existing facilities, and the timing of capital investments to maintain the quality of our properties. No assurance can be given that any of our planned capital expenditure projects will be completed or that any completed projects will be successful. Our annual capital expenditures typically include some number of new slot machines and related equipment; to some extent, we can coordinate such purchases to match our resources.

We evaluate projects based on a number of factors, including profitability forecasts, length of the development period, the regulatory and political environment, and the ability to secure the funding necessary to complete the development or acquisition, among other considerations. No assurance can be given that any additional projects will be pursued or completed or that any completed projects will be successful.

Principal Debt Arrangements

See Note 7 to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data” for more information.

Critical Accounting Estimates and Policies

Our consolidated financial statements were prepared in conformity with accounting principles generally accepted in the United States of America. Certain of our accounting policies require that we apply significant judgment in defining the appropriate assumptions for calculating estimates that affect reported amounts and disclosures. By their nature, judgments are subject to an inherent degree of uncertainty, and therefore, actual results may differ from our estimates. We believe the following critical accounting policies affect the most significant judgments and estimates used in the preparation of our consolidated financial statements.

Impairment of Long-lived Assets, Goodwill and Indefinite-Lived Intangibles

Our long-lived assets include property and equipment, goodwill, license rights, tradenames, and other indefinite-lived intangibles. They are evaluated at least annually (and more frequently when circumstances warrant) to determine if events or changes in circumstances indicate that the carrying value may not be recoverable. Examples of such events or changes in circumstances that might indicate impairment testing is warranted might include, as applicable, an adverse change in the legal, regulatory or business climate relative to gaming nationally or in the jurisdictions in which we operate, or a significant long-term decline in historical or forecasted earnings or cash flows or the fair value of our property or business, possibly as a result of competitive or other economic or political factors. In evaluating whether a loss in value is other than temporary, we consider: (i) the length of time and the extent to which the fair value or market value has been less than cost; (ii) the financial condition and near-term prospects of the casino property, including any specific events which may influence the operations; (iii) our intent related to the asset and ability to retain it for a period of time sufficient to allow for any anticipated recovery in fair value; (iv) the condition and trend of the economic cycle; (v) historical and forecasted financial performance; and (vi) trends in the general market.

We review the carrying value of our property and equipment used in our operations whenever events or circumstances indicate that the carrying value of an asset may not be recoverable from estimated future undiscounted cash flows expected to result from its use and eventual disposition. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the undiscounted cash flows do not exceed the carrying value, then an impairment is recorded based on the fair value of the asset. Fair value is typically measured using a discounted cash flow model whereby future cash flows are discounted using a weighted-average cost of capital, developed using a standard capital-asset pricing model, based on guideline companies in our industry.

We test our goodwill and indefinite-lived intangible assets for impairment annually during the fourth quarter or when a triggering event occurs. For our 2024 annual impairment tests, we performed selective quantitative analyses and certain qualitative analyses for our goodwill and indefinite-lived intangibles, and concluded it was “more likely than not” that the fair values of such intangibles exceeded their carrying values. Accordingly, the Company’s annual assessment for goodwill and indefinite lived intangible assets as of December 31, 2024 resulted in no impairment charges.

There are significant judgments and estimates included in the quantitative analysis of goodwill for impairment and actual results may differ materially from our estimates. Estimates of future cash flow levels, by their nature, are complex and subjective. In addition, the market multiples and discount rates used in impairment tests are highly judgmental and dependent in large part on expectations of future market conditions. These assumptions pose a high degree of sensitivity to the resulting fair values, and if certain future operating results do not meet current expectations, or there are changes to certain underlying assumptions and variables, many of which are derived from external factors that we cannot control or influence, there could be a material impact on the results of future tests. Any impairment charges incurred are not reversed if a subsequent evaluation concludes a higher valuation than the carrying value. For further discussion of goodwill and other intangible assets, see [Note 2](#) and [Note 5](#) to the consolidated financial statements set forth in Part II, Item 8. “Financial Statements and Supplementary Data.”

Fixed Asset Capitalization and Depreciation Policies

We define fixed assets as certain property and equipment with economic useful lives that extend beyond a year. Such fixed assets are stated at cost. For a significant amount of our property and equipment, cost was determined at the acquisition date based on estimated fair values. We acquired Bronco Billy’s in May 2016, Silver Slipper in October 2012, Rising Star in April 2011, and Stockman’s in January 2007. Project development costs, which are amounts expended on the pursuit of new business opportunities, acquisition-related costs, as well as other business development activities in the ordinary course of business, are expensed as incurred. Maintenance and repairs that neither materially add to the value of the property nor appreciably prolong its life are also expensed as incurred. Depreciation and amortization are provided on a straight-line basis over the estimated useful lives of the assets. For our constructed assets, we capitalize direct costs of the project, including fees paid to architects and contractors and property taxes. Salaries are capitalized only for employees working directly on the project. In addition, interest cost associated with major development and construction projects is capitalized as part of the cost of the project. Interest is typically capitalized on amounts expended on the project using the weighted-average cost of our outstanding borrowings. Capitalization of interest starts when construction activities begin and ceases when construction is substantially complete or development activity is suspended for more than a brief period.

We must make estimates and assumptions when accounting for capital expenditures. Whether an expenditure is considered a maintenance expense or a capital asset is sometimes a matter of judgment. When constructing or purchasing assets, we must determine whether existing assets are being replaced or otherwise impaired, which also may be a matter of judgment. In addition, our depreciation expense is highly dependent on the assumptions we make about our assets' estimated useful lives. We determine the estimated useful lives based on our experience with similar assets, engineering studies, and our estimate of the usage of the asset. Whenever events or circumstances occur, which would change the estimated useful life of an asset, we account for the change prospectively. The depreciation expense for tax purposes follows different rules than under GAAP and can sometimes result in a significantly different depreciation schedule.

Income Taxes

We are subject to federal and state taxes in the United States. Significant judgment is required in determining our provision for income taxes, our deferred tax assets and liabilities, and any valuation allowance recorded against our net DTAs. Such valuation allowance was \$35.6 million for 2024 and \$24.0 million for 2023. We make estimates and judgments about our future taxable income that are based on assumptions consistent with our future plans. Tax laws, regulations, and administrative practices may be subject to change due to economic or political conditions, including fundamental changes to the applicable tax laws.

Our income tax returns are subject to examination by the IRS and other tax authorities. Positions taken in tax returns are sometimes subject to uncertainty in the tax laws and may not ultimately be accepted by the IRS or other tax authorities. We assess our tax positions using a two-step process. A tax position is recognized if it meets a "more likely than not" threshold. It is then measured at the largest amount of benefit that is greater than 50 percent likely of being realized. Additionally, we recognize accrued interest and penalties, if any, related to unrecognized tax benefits in income tax expense. For further discussion of income taxes, see Note 9 to the consolidated financial statements set forth in Part II, Item 8. "Financial Statements and Supplementary Data."

Recently Issued Accounting Pronouncements Not Yet Adopted

See Note 2 to the consolidated financial statements set forth in Part II, Item 8. "Financial Statements and Supplementary Data" for a discussion of recently issued accounting pronouncements not yet adopted.

Item 7A. Quantitative and Qualitative Disclosures about Market Risk.

As a smaller reporting company during the year ended December 31, 2024, as defined by Rule 12b-2 of the Exchange Act, we are not required to provide the information required by this Item.

Item 8. Financial Statements and Supplementary Data.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the stockholders and the Board of Directors of Full House Resorts, Inc.

Opinion on Internal Control over Financial Reporting

We have audited the internal control over financial reporting of Full House Resorts, Inc. and subsidiaries (the “Company”) as of December 31, 2024, based on criteria established in *Internal Control — Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2024, based on criteria established in *Internal Control — Integrated Framework (2013)* issued by COSO.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated financial statements as of and for the year ended December 31, 2024 of the Company and our report dated March 11, 2025, expressed an unqualified opinion on those financial statements.

Basis for Opinion

The Company’s management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management’s Annual Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company’s internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, testing and evaluating the design and operating effectiveness of internal control based on the assessed risk, and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control over Financial Reporting

A company’s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the stockholders and the Board of Directors of Full House Resorts, Inc.

Opinion on the Financial Statements

We have audited the accompanying consolidated balance sheets of Full House Resorts, Inc. and subsidiaries (the “Company”) as of December 31, 2024 and 2023, the related consolidated statements of operations, stockholders’ equity, and cash flows, for each of the two years in the period ended December 31, 2024, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2024 and 2023, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2024, in conformity with accounting principles generally accepted in the United States of America.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company’s internal control over financial reporting as of December 31, 2024, based on criteria established in *Internal Control — Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 11, 2025, expressed an unqualified opinion on the Company’s internal control over financial reporting.

Basis for Opinion

These financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on the Company’s financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current-period audit of the financial statements that was communicated or required to be communicated to the audit committee and that (1) relates to accounts or disclosures that are material to the financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of critical audit matters does not alter in any way our opinion on the financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Goodwill — Refer to Notes 2 and 5 of the financial statements

Critical Audit Matter Description

The Company tests goodwill for impairment annually or more frequently if indicators of impairment exist, by comparing the fair value of each reporting unit to its carrying value.

The Company determines the fair value of its reporting units using the discounted cash flow model and the market approach. The determination of the fair value using the discount cash flow model requires management to make significant estimates and assumptions related to (1) the expected cash flows and projected financial results, including forecasted revenues and expenses (collectively the “forecasts”), and (2) discount rates. The determination of the fair value using the market approach requires management to make significant assumptions related to the selection of valuation multiples. The fair value of the Bronco Billy’s Casino reporting unit exceeded its carrying value as of the measurement date and, therefore, no impairment was recognized.

We identified goodwill for the Bronco Billy’s Casino reporting unit as a critical audit matter because of the significant assumptions and estimates management makes to estimate the fair value of the reporting unit and the sensitivity of those assumptions to the fair value determination. This required a higher degree of auditor judgment, increased level of audit effort, use of more experienced audit professionals, as well as the involvement of our fair value specialists, when performing audit procedures related to forecasts and selection of discount rates and valuation multiples.

How the Critical Audit Matter Was Addressed in the Audit

Our audit procedures related to management’s forecasts, discount rates and valuation multiples used by management to determine the fair value of the Company’s Bronco Billy’s Casino reporting unit included the following, among others:

- We tested the effectiveness of controls over determining the fair value of the Company’s Bronco Billy’s Casino reporting unit, including controls over the forecasts, discount rates, and valuation multiples.
- We evaluated the reasonableness of the assumptions and estimates included in management’s forecasts by:
 - Comparing the forecasts to (1) historical results, (2) information included in the Company’s communications to the Board of Directors, and (3) forecasted information included in industry and analyst reports for the Company and certain companies in its peer group.
 - Evaluating the impact of changes in the regulatory environment on management’s projections.
 - Conducting inquiries with management.
 - Assessing the reasonableness of strategic plans incorporated by management into the projections.
 - Evaluating whether the forecasts were consistent with evidence obtained in other areas of the audit.
- With the assistance of our valuation specialists, we evaluated the discount rate and valuation multiples selected by management by:
 - Testing the inputs underlying the determination of the discount rate and testing the mathematical accuracy of the calculation.
 - Developing a range of independent estimates and comparing those to the discount rate selected by management.
 - Testing the source information underlying the determination of the valuation multiples.
 - Developing a range of independent estimates and comparing those to valuation multiples selected by management.

FULL HOUSE RESORTS, INC. AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION

Formed as a Delaware corporation in 1987, Full House Resorts, Inc. owns, leases, operates, develops, manages, and/or invests in casinos and related hospitality and entertainment facilities. References in this document to “Full House,” the “Company,” “we,” “our,” or “us” refer to Full House Resorts, Inc. and its subsidiaries, except where stated or the context otherwise indicates.

The following table identifies our segments, along with properties and their locations as of December 31, 2024:

Segments and Properties	Locations
Midwest & South	
American Place*	Waukegan, IL (northern suburb of Chicago)
Silver Slipper Casino and Hotel (“Silver Slipper”)	Hancock County, MS (near New Orleans)
Rising Star Casino Resort (“Rising Star”)	Rising Sun, IN (near Cincinnati)
West	
Bronco Billy’s Casino (“Bronco Billy’s”) and Chamonix Casino Hotel (“Chamonix”)*	Cripple Creek, CO (near Colorado Springs)
Grand Lodge Casino (“Grand Lodge”), leased and part of the Hyatt Regency Lake Tahoe Resort, Spa and Casino	Incline Village, NV (North Shore of Lake Tahoe)
Stockman’s Casino (“Stockman’s”), held for sale starting August 2024	Fallon, NV (one hour east of Reno)
Contracted Sports Wagering	
One active sports wagering website (“skin”), plus two others that are currently idle	Colorado
One active sports wagering website (“skin”), plus two others that are currently idle	Indiana
One active sports wagering website (“skin”), commenced in August 2023	Illinois

* The temporary American Place facility opened on February 17, 2023. Chamonix opened in phases between December 2023 and October 2024.

The Company currently operates seven casinos: six on real estate that we own or lease, and one located within a hotel owned by a third party. Additionally, we benefit from three active permitted sports wagering skins – one each in Colorado, Indiana, and Illinois.

In February 2023, we opened our temporary American Place facility, which we are permitted to operate until August 2027. We have begun the design work for the permanent gaming resort facility that we plan to build on adjoining land.

In August 2024, we entered into an agreement to sell Stockman’s to a privately owned company (see [Note 3](#)).

In October 2024, we completed the phased opening of Chamonix, our newest property, located adjacent to our existing Bronco Billy’s Casino.

For additional information about the Company’s segments, see [Note 12](#).

2. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation and Accounting. The consolidated financial statements include the accounts of Full House and its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated.

Except when otherwise required by accounting principles generally accepted in the United States of America (“GAAP”) and disclosed herein, the Company measures all of its assets and liabilities on the historical cost basis of accounting.

Use of Estimates. The consolidated financial statements have been prepared in conformity with GAAP. These principles require the Company’s management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value and the Fair Value Input Hierarchy. Fair value measurements affect the Company’s accounting for net assets acquired in acquisition transactions and certain financial assets and liabilities. Fair value measurements are also used in its periodic assessments of long-lived tangible and intangible assets for possible impairment, including for property and equipment, goodwill, and other intangible assets. Fair value is defined as the expected price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date.

GAAP categorizes the inputs used for fair value into a three-level hierarchy:

- Level 1: Observable inputs, such as quoted prices in active markets for identical assets or liabilities;
- Level 2: Comparable inputs, other than quoted prices, that are observable for similar assets or liabilities in less active markets; and
- Level 3: Unobservable inputs, which may include metrics that market participants would use to estimate values, such as revenue and earnings multiples and relative rates of return.

Methods and assumptions used to estimate the fair value of financial instruments are affected by the duration of the instruments and other factors used by market participants to estimate value. The carrying amounts for cash and equivalents, restricted cash, accounts receivable, and accounts payable approximate their estimated fair value because of the short durations of the instruments and inconsequential rates of interest.

Cash Equivalents and Restricted Cash. Cash equivalents include cash involved in operations and cash in excess of daily requirements that is invested in highly liquid, short-term investments with initial maturities of three months or less when purchased.

Restricted cash balances consisted of funds placed into a construction reserve account to fund the completion of the Chamonix construction project, in accordance with the Company’s debt covenants. Chamonix began its phased opening in December 2023 and completed its opening in October 2024. Accordingly, there are no restrictions on any cash balances at December 31, 2024.

Accounts Receivable and Credit Risk. Accounts receivable consist primarily of casino, hotel, certain sports wagering contracts that previously paid us in arrears, and other receivables. Accounts receivable are typically non-interest bearing, recorded initially at cost, and are carried net of an appropriate reserve to approximate fair value. Loss reserves are estimated based on specific review of customer accounts including the customers’ willingness and ability to pay and nature of collateral, if any, as well as historical collection experience and current and expected economic and business conditions. Accounts are written off when management deems the account to be uncollectible and recoveries of accounts previously written off are recorded when received.

Accounts receivable consists of the following:

<i>(In thousands)</i>	December 31,	
	2024	2023
Casino	\$ 653	\$ 343
Trade Accounts	2,898	3,479
Other Operations, excluding Contracted Sports Wagering	144	185
Contracted Sports Wagering ⁽¹⁾	1,017	1,932
Other	527	582
	5,239	6,521
Less: Provision for credit losses	(138)	(1,189)
	<u>\$ 5,101</u>	<u>\$ 5,332</u>

(1) Starting in July 2024, annual prepayments of contracted revenue are now required in all of the Company's active sports wagering contracts.

The following table shows the movement in the provision for credit losses recognized for accounts receivable that occurred during the period:

<i>(In thousands)</i>	2024	2023
Balance at January 1	\$ 1,189	\$ 249
Current period provision for credit losses	212	940
Write-offs	(1,263)	—
Balance at December 31	<u>\$ 138</u>	<u>\$ 1,189</u>

At December 31, 2024, estimated loss reserves reflect activity related to two online sports wagering agreements, which remain active in Colorado and Indiana (until their next anniversaries in 2025, as subsequently amended). In July 2024, the Company's respective subsidiaries in Colorado and Indiana each amended its respective sports wagering agreement, resulting in collections totaling \$2.1 million. Specifically, these amendments settled overdue payments owed to the Company, reduced certain future annual amounts due to the Company under the sports wagering agreements, and required such annual fees to be paid in advance of each annual term. Except as set forth in the respective amendments, all other terms of the sports wagering agreements remained in full force and effect in 2024.

Management regularly evaluates the adequacy of the Company's recorded reserves. At December 31, 2024, we believe that no significant concentrations of credit risk existed for which a reserve had not already been recorded.

Inventories. Inventories consist primarily of food, beverage and retail items, and are stated at the lower of cost or net realizable value. Costs are determined using the first-in, first-out and the weighted average methods.

Property and Equipment. Property and equipment are stated at cost and are capitalized and depreciated, while normal repairs and maintenance are expensed in the period incurred. A significant amount of the Company's property and equipment was acquired through business combinations, and therefore, were recognized at fair value measured at the acquisition date. Gains or losses on dispositions of property and equipment are included in operating expenses, effectively as adjustments to depreciation estimates.

Certain events or changes in circumstances may indicate that the recoverability of the carrying amount of property, plant and equipment should be assessed, including, among others, a significant decrease in market value, a significant change in the business climate in a particular market, or a current period operating or cash flow loss combined with historical losses or projected future losses. For assets to be held and used, the Company reviews for impairment whenever indicators of impairment exist. When such events or changes in circumstances are present, the Company estimates the future cash flows expected to result from the use of the asset (or asset group) and its eventual disposition. These estimated future cash flows are consistent with those we use in our internal planning. If the undiscounted cash flows exceed the carrying value, no impairment is indicated. If the sum of the expected future cash flows (undiscounted and without interest charges) is less than the carrying amount, then the Company would recognize an impairment loss based on the fair value of the asset, typically measured using a discounted cash flow model.

Depreciation and amortization are computed using the straight-line method over the estimated useful lives of the assets or the term of the lease, whichever is appropriate under the circumstances. The Company determines the estimated useful lives based on our experience with similar assets, estimated usage of the asset, and industry practice. Whenever events or circumstances occur, which change the estimated useful life of an asset, the Company accounts for the change prospectively.

Depreciation and amortization is provided over the following estimated useful lives:

Class of Assets	Estimated Useful Lives
Land improvements	10 to 18 years
Buildings and improvements	3 to 44 years
Furniture, fixtures and equipment	2 to 10 years

Capitalized Interest. Interest costs associated with major construction projects are capitalized and included in the cost of the projects. When no debt is incurred specifically for construction projects, interest is capitalized on amounts expended using the weighted average cost of the Company's outstanding borrowings. Capitalization of interest ceases when the project is substantially complete or construction activity is suspended for more than a brief period.

Leases. The Company determines if a contract is, or contains, a lease at inception or modification of the agreement. A contract is, or contains, a lease if there are identified assets and the right to control the use of an identified asset is conveyed for a period of time in exchange for consideration. Control over the use of the identified asset means that the lessee has both the right to obtain substantially all of the economic benefits from the use of the asset and the right to direct the use of the asset.

For material leases with terms greater than a year, the Company records right-of-use ("ROU") assets and lease liabilities on the balance sheet, as measured on a discounted basis. For finance leases, the Company recognizes interest expense associated with the lease liability, as well as depreciation (or amortization) expense associated with the ROU asset, depending on whether those ROU assets are expected to transfer to the Company upon lease expiration. If ownership of a finance lease ROU asset is expected to transfer to the Company upon lease expiration, then it is included with the Company's property and equipment; other qualifying finance lease ROU assets, based on other classifying criteria under Accounting Standards Codification 842 ("ASC 842"), are disclosed separately on their own line, "Finance Lease Right-of-Use Assets, Net." For operating leases, the Company recognizes straight-line rent expense.

The Company does not recognize ROU assets or lease liabilities for leases with a term of 12 months or less. However, costs related to short-term leases with terms greater than one month, which the Company deems material, are disclosed as a component of lease expenses when applicable. Additionally, the Company accounts for new and existing leases containing both lease and non-lease components ("embedded leases") together as a single lease component by asset class for gaming-related equipment; as a result, the Company will not allocate contract consideration to the separate lease and non-lease components based on their relative standalone prices.

Finance and operating lease ROU assets and liabilities are recognized based on the present value of future minimum lease payments over the expected lease term at commencement, plus any qualifying initial direct costs paid prior to commencement for ROU assets. As the implicit rate is not determinable in most of the Company's leases, management uses the Company's incremental borrowing rate in determining the present value of future payments based on the information available at the commencement date and/or modification date. The expected lease terms include options to extend or terminate the lease when it is reasonably certain that the Company will exercise such options. Lease expense for minimum lease payments is recognized on a straight-line basis over the expected lease term for operating leases. For finance leases, the ROU asset depreciates/amortizes on a straight-line basis over the shorter of the lease term or useful life of the ROU asset as applicable, and the lease liability accretes interest based on the interest method using the discount rate determined at such lease commencement or modification.

Goodwill and Indefinite-lived Intangible Assets. Goodwill represents the excess of the purchase price of Bronco Billy's, Silver Slipper, and Stockman's over the estimated fair value of their net tangible and other intangible assets on the acquisition date, net of subsequent impairment charges, if any. The Company's other indefinite-lived intangible assets primarily include certain license rights to conduct gaming in certain jurisdictions and trade names. Goodwill and other indefinite-lived intangible assets are not amortized, but are periodically tested for impairment. The impairment loss recognized is the amount by which the carrying amount exceeds the fair value.

Tests of goodwill and indefinite-lived intangible assets start with a qualitative assessment to determine whether it is necessary to perform a quantitative test. Items that are considered in the qualitative assessment include, but are not limited to, the following: macroeconomic conditions, industry and market conditions and overall financial performance. If the results of the qualitative assessment indicate it is "more likely than not" that a reporting unit's carrying value exceeds its fair value, or if the Company elects to bypass the qualitative assessment, then a quantitative test is performed.

For indefinite-lived intangible assets, if quantitative tests are performed, the value of the gaming license rights is determined using a multi-period excess earnings method, which is a specific discounted cash flow model.

For goodwill, if quantitative tests are performed, the Company estimates the fair value of the reporting unit utilizing a weighted average allocation of both the income approach (discounted cash flow method) and a market-based approach that utilizes a comparison of the reporting unit to comparable publicly-traded companies and transactions and, based on the observed business enterprise value multiples, ultimately selects market multiples to apply to the reporting unit.

The determination of fair value under the income approach requires the use of significant estimates about expected revenues and operating profit, as well as discount rates to determine the estimated fair value. Changes in the assumptions can materially affect these estimates. Thus, to the extent that gaming volumes deteriorate in the future, discount rates increase significantly, or reporting units do not meet projected performance, the Company could have impairment losses in the future and such amounts could be material. These tests for impairment are performed annually during the fourth quarter or when a triggering event occurs.

Finite-lived Intangible Assets. The Company's finite-lived intangible assets primarily include land lease acquisition costs and water rights. Finite-lived intangible assets are amortized over the shorter of their contractual or economic lives. The Company periodically evaluates the remaining useful lives of these intangible assets to determine whether events and circumstances warrant a revision to the remaining period of amortization and the possible need for impairment whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. If the sum of the expected future cash flows (undiscounted and without interest charges) is less than the carrying amount, then the Company would recognize an impairment loss.

Debt Issuance Costs and Debt Discounts/Premiums. Debt issuance costs and debt discounts/premiums incurred in connection with the issuance of debt have been included as a component of the carrying amount of debt, and are amortized/accreted over the contractual term of the debt to interest expense, using the straight-line method, which approximates the effective interest method. When its existing debt agreements are determined to have been modified, the Company amortizes such costs to interest expense using the effective interest method over the terms of the modified debt agreement.

Revenue Recognition:

Accrued Club Points and Customer Loyalty Programs: Operating Revenues and Related Costs and Expenses. The Company's revenues consist primarily of casino gaming, food and beverage, hotel, and other revenues (such as sports wagering, golf, RV park operations, and entertainment). The majority of its revenues are derived from casino gaming, principally slot machines.

The transaction price for a casino wager is the difference between gaming wins and losses, not the total amount wagered. As such wagers have similar characteristics, the Company accounts for its gaming transactions on a portfolio basis by recognizing net win per gaming day versus on an individual basis.

The Company sometimes provides discretionary complimentary goods and services ("discretionary comps"). For these types of transactions, the Company allocates revenue to the department providing the complimentary goods or services based upon its estimated standalone selling price, offset by a reduction in casino revenues.

Many of the Company's customers choose to earn points under its customer loyalty programs. The Company's properties have separate customer loyalty programs: the Slipper Rewards Club, the Bronco Billy's / Chamonix Casino's Mile High Rewards Club, the Rising Star VIP Club, the Grand Lodge Players Advantage Club, the Stockman's Winner's Club, and American Place's Legacy Rewards. As points are accrued, the Company defers a portion of its gaming revenue based on the estimated standalone value of loyalty points being earned by the customer. The standalone value of loyalty points is derived from the retail value of food, beverages, hotel rooms, and other goods or services for which such points may be redeemed. A liability related to these customer loyalty points is recorded, net of estimated breakage and other factors, until the customer redeems these points under such loyalty programs for various benefits, such as "free casino play," complimentary dining, or hotel stays, among others, depending on each property's specific offers. Upon redemption, the related revenue is recognized at retail value within the department providing the goods or services. Unredeemed points are forfeited if the customer becomes and remains inactive for a specified period of time. Liabilities based on the standalone retail value of such benefits were approximately \$0.9 million at December 31, 2024 and \$0.8 million at December 31, 2023, and these amounts are included in "other accrued liabilities" on the consolidated balance sheets.

Revenue for food and beverage, hotel, and other revenue transactions, as described in "Other Revenues" below, includes the retail value of (i) discretionary comps and (ii) comps provided in return for redemption of loyalty points. Additionally, the Company may collect deposits in advance for future hotel reservations or entertainment, among other services, which represent obligations of the Company until the service is provided to the customer.

Deferred Revenues: Market Access Fees from Sports Wagering Agreements. The Company entered into several agreements with various unaffiliated companies allowing for online sports wagering within Indiana, Colorado and Illinois, as well as on-site sports wagering at American Place (the "Sports Agreements"). As part of these long-term Sports Agreements, the Company received one-time "market access" fees, which are recorded as long-term liabilities and then recognized as revenue ratably over the initial contract terms (or as accelerated due to early termination), beginning with the earlier of operations commencement or contractual commencement. In the third quarter of 2023, one of the Company's contracted parties ceased online operations in Indiana and Colorado. Accordingly, this accelerated the revenue recognition of \$1.5 million in related market access fees, which was recognized in the third quarter of 2023. Another contracted party ceased online operations in Colorado during the second quarter of 2024, resulting in \$0.9 million of accelerated revenue from market access fees.

Indiana. Under the Company's one active Sports Agreement in Indiana that commenced in December 2021, we receive a percentage of revenues (as defined), subject to an annualized minimum amount. Additionally, a \$1.0 million market access fee, received upon signing of the agreement, is being amortized over the initial 10-year term of the agreement. In July 2024, the agreement was amended to settle overdue payments and to reduce future annual amounts for the remainder of the initial term, which resulted in annualized straight-line revenues of \$0.5 million through the remainder of the current term. In January 2025, such operator gave notice that it was discontinuing operations in Indiana prior to its next anniversary in December 2025.

Colorado. Similarly in Colorado, under the Company's one active Sports Agreement that commenced in June 2020, we receive a percentage of revenues (as defined), subject to an annualized minimum amount. Additionally, a \$1.0 million market access fee, received upon signing of the agreement, is being amortized over the initial 10-year term of the agreement. In July 2024, the agreement was amended to settle overdue payments and to reduce future annual amounts for the remainder of the initial term, which resulted in annualized straight-line revenues of \$0.5 million through the remainder of the current term. In January 2025, such operator gave notice that it was discontinuing operations in Colorado prior to its next anniversary in June 2025.

Illinois. Under the Company's Sports Agreement in Illinois, we receive a percentage of revenues (as defined), subject to a minimum of \$5.0 million per year. A market access fee of \$5.0 million is being amortized over the eight-year term of the Sports Agreement, which began its contractual term in August 2023.

In addition to the market access fees, deferred revenue includes annual prepayments of contracted revenue. With the July 2024 amendment of two Sports Agreements, all of the Company's active Sports Agreements require the prepayment of contracted revenue.

Deferred revenues consisted of the following as discussed above:

<i>(In thousands)</i>	Balance Sheet Location	December 31,	
		2024	2023
Deferred revenue, current	Other accrued liabilities	\$ 5,854	\$ 6,175
Deferred revenue, net of current portion	Contract liabilities, net of current portion	4,550	6,192
		<u>\$ 10,404</u>	<u>\$ 12,367</u>

Other Revenues. The transaction price of rooms, food and beverage, and retail contracts is the net amount collected from the customer for such goods and services. The transaction price for such contracts is recorded as revenue when the good or service is transferred to the customer over their stay at the hotel or when the delivery is made for the food, beverage, retail and other contracts. Sales and usage-based taxes are excluded from revenues.

Revenue by Source. The Company presents earned revenue as disaggregated by the type or nature of the good or service (casino, food and beverage, hotel, and other operations comprised mainly of retail, golf, entertainment, and contracted sports wagering) and by relevant geographic region within Note 12.

Contract and Contract-Related Liabilities. There may be a difference between the timing of cash receipts from the customer and the recognition of revenue, resulting in a contract or contract-related liability. The Company generally has four types of liabilities related to contracts with customers: (1) outstanding chip liability, which represents the amounts owed in exchange for gaming chips held by a customer; (2) players club points, which represents the deferred allocation of revenue relating to loyalty program incentives earned; (3) contracted sports wagering, which represents payments received in advance from contracted parties relating to Sports Agreements to be recognized as revenue ratably over their respective initial contract terms; and (4) progressive jackpots and other, which represents accumulated slot jackpots not yet won, and includes unpaid wagers and advance payments on goods and services yet to be provided such as deposits on rooms and convention space. With the exception of noncurrent portions of deferred revenues from contracted sports wagering, these liabilities are generally expected to be recognized as revenue within one year of being purchased, earned, or deposited and are recorded within "Other accrued liabilities" on the consolidated balance sheets.

The following table summarizes the activity related to short-term and long-term contract and contract related liabilities:

<i>(In thousands)</i>	Outstanding Chip Liability		Players Club Points		Contracted Sports Wagering⁽¹⁾		Progressive Jackpots and Other	
	2024	2023	2024	2023	2024	2023	2024	2023
Balance at January 1	\$ 527	\$ 416	\$ 765	\$ 710	\$ 12,367	\$ 10,507	\$ 4,477	\$ 2,843
Balance at December 31	683	527	930	765	10,404	12,367	5,767	4,477
Increase / (Decrease)	<u>\$ 156</u>	<u>\$ 111</u>	<u>\$ 165</u>	<u>\$ 55</u>	<u>\$ (1,963)</u>	<u>\$ 1,860</u>	<u>\$ 1,290</u>	<u>\$ 1,634</u>

(1) There were three active skins at December 31, 2024, compared to four active skins at December 31, 2023.

Advertising Costs. Costs for advertising are expensed as incurred, or the first time the advertising takes place, and are included in selling, general and administrative expenses. Total advertising costs were \$8.4 million and \$8.5 million for the years ended December 31, 2024 and 2023, respectively.

Project Development and Acquisition Costs. Project development and acquisition costs consist of amounts expended on the pursuit of new business opportunities and acquisitions, as well as other business development activities in the ordinary course of business, which are expensed as incurred.

Preopening costs. Preopening costs are related to the preopening phases of new ventures, in accordance with accounting standards regarding start-up activities, and are expensed as incurred. These costs consist of payroll, advertising, outside services, organizational costs and other expenses directly related to both the Chamonix and American Place developments.

Stock-based Compensation. The Company has various stock-based compensation programs, which provide for equity awards including stock options, time-based restricted stock and performance-based restricted stock. Stock-based compensation costs are measured at the grant date, based on the estimated fair value of the award using the Black-Scholes option pricing model for stock options, and based on the closing share price of the Company's stock on the grant date for restricted and performance stock. These costs are recognized as an expense on a straight-line basis over the recipient's requisite service period (the vesting period of the award), net of forfeitures and cancellations, which are recognized as they occur, and are included within selling, general and administrative expense on the consolidated statements of operations.

Estimated compensation costs for performance stock, in particular, reflect meeting certain growth-rate targets for the applicable year-to-date period and may be subject to partial or full reversals in the current or following year if not completely met at year-end.

Income Taxes. We classify deferred tax assets and liabilities, along with any related valuation allowance, as non-current on the consolidated balance sheets. Deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that included the enactment date. Valuation allowances are provided against deferred tax assets when it is deemed "more likely than not" that some portion or all of the deferred tax assets will not be realized within a reasonable time period.

Our income tax returns are subject to examination by the Internal Revenue Service ("IRS") and other tax authorities. Positions taken in tax returns are sometimes subject to uncertainty in the tax laws and may not ultimately be accepted by the IRS or other tax authorities. We assess our tax positions using a two-step process. A tax position is recognized if it meets a "more likely than not" threshold, and is measured at the largest amount of benefit that is greater than 50 percent likely of being realized. Additionally, we recognize accrued interest and penalties, if any, related to unrecognized tax benefits in income tax expense.

Reclassifications. To conform to the current-period presentation, the Company made certain minor financial statement presentation reclassifications to prior-period amounts. Such reclassifications had no effect on the previously reported results of operations or financial position.

Earnings (loss) per share. Earnings (loss) per share is computed by dividing net income (loss) applicable to common stock by the weighted-average number of common shares outstanding during the period. Diluted earnings per share reflects the additional dilution for all potentially-dilutive securities, including stock options, restricted stock and performance-based shares, using the treasury stock method.

(In thousands)

Accounting Pronouncements:

ASU 2023-07, Segment Reporting, Topic 280, Improvements to Reportable Segment Disclosures (“Update 2023-07”)

In November 2023, the FASB issued Update 2023-07 to improve reportable segment disclosure requirements, primarily through enhanced disclosures about significant segment expenses. Update 2023-07 is to be applied retrospectively and is effective for financial statements issued for annual periods beginning after December 15, 2023, and interim periods beginning after December 15, 2024, with early adoption permitted. The Company adopted Update 2023-07 for the two annual periods ended December 31, 2024. See Note 12 for details.

ASU 2023-09, Income Taxes, Topic 740, Improvements to Income Tax Disclosures (“Update 2023-09”)

In December 2023, the FASB issued Update 2023-09 to improve income tax disclosure requirements, primarily related to rate reconciliations and income taxes paid. Update 2023-09 is effective for financial statements issued for annual periods beginning after December 15, 2024, with early adoption permitted. The Company is evaluating the impact of the adoption of Update 2023-09 to the consolidated financial statements, and plans to adopt Update 2023-09 for its annual period ending December 31, 2025.

ASU 2024-03, Income Statement - Reporting Comprehensive Income - Expense Disaggregation Disclosures, Subtopic 220-40, Disaggregation of Income Statement Expenses (“Update 2024-03”)

In November 2024, the FASB issued Update 2024-03, which expands disclosures about specific expense categories presented on the face of the income statement. Update 2024-03 is effective for financial statements issued for annual periods beginning after December 15, 2026, with early adoption permitted. The Company is evaluating the impact of the adoption of Update 2024-03 to the consolidated financial statements.

A variety of proposed or otherwise potential accounting standards are currently being studied by standard-setting organizations and certain regulatory agencies. Because of the tentative and preliminary nature of such proposed standards, the Company believes that there are no other recently-issued accounting standards not yet effective that are currently likely to have a material impact on its financial statements.

3. ASSETS HELD FOR SALE

On August 28, 2024, the Company entered into an agreement to sell Stockman's for total gross proceeds of \$9.2 million, plus certain expected working capital adjustments at closing. The sale was designed to be completed in two phases: the sale of Stockman's real property for \$7.0 million, which closed on September 27, 2024; and the sale of certain remaining operating assets and related liabilities for \$2.2 million (excluding any adjustments for working capital), upon the receipt of customary gaming approvals. Since the disposition of Stockman's is not expected to have a major effect on the Company's operations and financial results, such sale does not qualify for presentation as discontinued operations.

To accommodate the buyer while it seeks its gaming approvals, the Company is temporarily continuing to operate Stockman's under the West segment. Upon the second closing that is expected to occur in the first half of 2025, the Company will transfer all operations of Stockman's to the buyer. During 2024, the Company recognized a \$1.9 million gain from the sale of Stockman's real property to operating income, net of \$0.8 million in transaction costs.

The carrying amounts of Stockman's assets and liabilities held for sale consisted of the following:

<i>(In thousands)</i>	December 31, 2024	
ASSETS		
Current assets		
Cash	\$	250
Inventories		45
Total current assets held for sale		295
Property and equipment, net		378
Goodwill		1,809
Other intangible assets, net		4
Total assets held for sale	\$	2,486
LIABILITIES		
Current liabilities		
Other accrued liabilities	\$	86
Total liabilities related to assets held for sale	\$	86

4. PROPERTY AND EQUIPMENT, NET

Property and equipment, net consisted of the following:

<i>(In thousands)</i>	December 31,	
	2024	2023
Land and improvements	\$ 35,644	\$ 37,601
Buildings and improvements	444,513	256,722
Furniture and equipment	92,860	88,522
Construction in progress	15,922	188,841
	588,939	571,686
Less: Accumulated depreciation	(142,265)	(113,779)
	\$ 446,674	\$ 457,907

Property and equipment included assets under finance leases related to our hotel at Rising Star (see [Note 8](#)) are as follows:

(In thousands)

	December 31,	
	2024	2023
Leased land and improvements	\$ 215	\$ 215
Leased buildings and improvements	5,787	5,787
Leased furniture and equipment	1,133	1,133
	7,135	7,135
Less: Accumulated amortization	(2,890)	(2,726)
	<u>\$ 4,245</u>	<u>\$ 4,409</u>

5. GOODWILL AND OTHER INTANGIBLES

Goodwill:

The following table sets forth changes in the carrying value of goodwill by segment:

(In thousands)

	Midwest & South	West	Contracted Sports Wagering	Total Goodwill, Net
Balance, January 1, 2023	\$ 14,671	\$ 6,615	\$ —	\$ 21,286
Account activity	—	—	—	—
Balance, December 31, 2023	14,671	6,615	—	21,286
Goodwill related to assets held for sale ⁽¹⁾	—	(1,809)	—	(1,809)
Balance, December 31, 2024	<u>\$ 14,671</u>	<u>\$ 4,806</u>	<u>\$ —</u>	<u>\$ 19,477</u>

(1) Related to assets held for sale at Stockman's (see [Note 3](#) for details).

Other Intangible Assets:

The following tables set forth changes in the carrying value of intangible assets other than goodwill:

(In thousands)

	December 31, 2024				
	Weighted Useful Life Remaining (in years)	Gross Carrying Value	Additions	Accumulated Amortization	Other Intangible Assets, Net

		<u>\$ 11,184</u>	<u>\$ 65,433</u>	<u>\$ (346)</u>	<u>\$ 76,271</u>

There were no impairments to goodwill or other intangible assets during 2023 and 2024.

Land Lease Acquisition Costs and Water Rights. Upon its acquisition by the Company in 2012, Silver Slipper recognized intangible assets related to its lease agreement with Cure Land Company, LLC (see [Note 8](#)). The lease was valued at \$970,000 and represents the excess fair value of the land over the estimated net present value of the land lease payments, and the water rights value of \$450,000 represents the fair value of the water rights based upon market rates in Hancock County, Mississippi.

Development Agreement. Chamonix recognized an intangible asset related to its payment of \$275,000 in 2023 under a 5-year agreement with a third party to design, develop, construct, and operate its high-end steakhouse under certain exclusivity provisions. Amortization began upon the commencement of operations in April 2024.

Gaming Licenses. Gaming licenses primarily represent the value of the license to conduct gaming in certain jurisdictions, which are subject to highly extensive regulatory oversight and, in some cases, a limitation on the number of licenses available for issuance. The values of gaming licenses were primarily estimated using a multi-period excess earning method of the income approach, which examines the economic returns contributed by the identified tangible and intangible assets of a company, and then isolates the excess return, which is attributable to the asset being valued, based on cash flows attributable to the gaming license.

During 2023, a gaming license payment of \$50.3 million was required to open American Place. Starting on December 31, 2023, additional accruals were made to the estimated cost of such acquisition, reflecting the contingent component of an additional one-time gaming license fee in Illinois (see [Note 10](#)).

Trade Names. Trade names represent the value of the Bronco Billy's casino name, which has existed for approximately 33 years and provides brand recognition. The value was estimated using a relief-from-royalty method of the income approach based upon comparable trade name royalty agreements.

Current and Future Amortization. Intangible asset amortization expense was approximately \$99,000 and \$31,000 for the years ended December 31, 2024 and 2023, respectively.

Future amortization expense for intangible assets is as follows:

(In thousands)

For Years ending December 31,	Amortization Expense
2025	\$ 139
2026	139
2027	139
2028	139
2029	101
Thereafter	1,148
	<u>\$ 1,805</u>

6. OTHER ACCRUED LIABILITIES

Other accrued liabilities consisted of the following:

(In thousands)

Professional fees	175	40
Short-term portion of note payable for asset acquisition	278	252
Other	2,661	1,758
	<u>\$ 24,716</u>	<u>\$ 19,779</u>

7. LONG-TERM DEBT

Senior Secured Notes due 2028. On February 12, 2021, the Company issued \$310.0 million aggregate principal amount of 8.25% Senior Secured Notes due 2028 (the “2028 Notes”) to refinance all of its prior notes and repurchase all of its outstanding warrants. Additionally, \$180 million of bond proceeds were initially placed into a construction reserve account to fund construction of Chamonix, which was later increased to \$221 million in January 2022 to reflect an expansion of the project. Such construction reserve account was effectively closed during the fourth quarter of 2024, as Chamonix’s phased opening was completed in October 2024.

On February 7, 2022, the Company closed a private offering for an additional \$100.0 million of Senior Secured Notes due 2028, which sold at a price of 102.0% of such principal amount. Proceeds from this sale were used: (i) to develop, equip and open the temporary American Place facility, which the Company intends to operate while it designs and constructs its permanent facility, (ii) to pay the transaction fees and expenses of such offer and sale, and (iii) for general corporate purposes. The additional notes from this sale were issued pursuant to the indenture, dated as of February 12, 2021 (the “Original Indenture”), to which the Company issued the \$310.0 million of 2028 Notes described above. In connection with the issuance of the additional notes in February 2022, the Company and the subsidiary guarantors party to the Original Indenture also entered into three Supplemental Indentures with Wilmington Trust, National Association, as trustee.

On February 21, 2023, the Company issued an additional \$40.0 million of senior secured notes (the “Additional Notes”), thereby increasing the outstanding borrowing under the 2028 Notes to \$450.0 million (collectively, the “Notes”). Related to the issuance of the Additional Notes, the Company further amended the indenture governing the Notes (collectively, the “Amended Indenture”) and amended its revolving credit facility. Proceeds from the offering of the Additional Notes, net of related expenses and discounts, were approximately \$34 million and were used: (i) to open American Place, including the payment of related Illinois gaming license fees in March 2023, and (ii) for general corporate purposes. The Additional Notes are essentially identical to the 2028 Notes, as they are treated as a single series of senior secured debt securities with the 2028 Notes and also as a single class for all purposes under the Amended Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase.

The Notes bear interest at a fixed rate of 8.25% per year and mature on February 15, 2028. There is no mandatory debt amortization prior to the maturity date. Interest on the Notes is payable on February 15 and August 15 of each year.

The Notes are guaranteed, jointly and severally (such guarantees, the “Guarantees”), by each of the Company’s restricted subsidiaries (collectively, the “Guarantors”). The Notes and the Guarantees are the Company’s and the Guarantors’ general senior secured obligations, subject to the terms of the Collateral Trust Agreement (as defined in the Amended Indenture), ranking senior in right of payment to all of the Company’s and the Guarantors’ existing and future debt that is expressly subordinated in right of payment to the Notes and the Guarantees, if any. The Notes and the Guarantees will rank equally in right of payment with all of the Company’s and the Guarantors’ existing and future senior debt.

The Notes contain representations and warranties, covenants, and restrictions on dividends customary for notes of this type. Mandatory prepayments, in whole or in part, of the Notes will be required upon the occurrence of certain events, including sales of certain assets (unless such net proceeds are reinvested in the business), upon certain changes of control, or if the Company were to have material unused funds in the construction disbursement account following the completion of Chamonix in October 2024. However, such was not the case for the Company at December 31, 2024.

The Company may redeem some or all of the Notes for cash at the following redemption prices:

Redemption Periods	Percentage Premium
February 15, 2024 to February 14, 2025	104.125 %
February 15, 2025 to February 14, 2026	102.063 %
February 15, 2026 and Thereafter	100.000 %

Revolving Credit Facility. On February 7, 2022, the Company entered into a First Amendment to Credit Agreement with Capital One, N.A. (“Capital One”), which, among other things, increased the borrowing capacity under the Company’s Credit Agreement, dated as of March 31, 2021, from \$15.0 million to \$40.0 million. The amended \$40.0 million senior secured revolving credit facility includes a letter of credit sub-facility and may be used for working capital and other ongoing general purposes.

On February 21, 2023, the Company entered into a Second Amendment to Credit Agreement with Capital One, which, among other things, increased the amount of additional indebtedness permitted under the Company’s Credit Agreement from \$25.0 million to \$40.0 million (collectively, the “Credit Facility”). Such amendment permitted the issuance of the Additional Notes, as described above.

On March 5, 2025, the Company entered into a Third Amendment to Credit Agreement with Capital One, which extended the revolving credit facility’s maturity date from March 31, 2026 to January 1, 2027.

The interest rate per annum applicable to loans under the Credit Facility is currently, at the Company’s option, either (i) the Secured Overnight Financing Rate (“SOFR”) plus a margin equal to 3.00% and a Term SOFR adjustment of 0.15%, or (ii) a base rate plus a margin equal to 2.00%. Terms regarding the annual commitment fee and customary letter of credit fees remain unchanged from the original Credit Agreement, dated as of March 31, 2021.

The Credit Facility is equally and ratably secured by the same assets and guarantees securing the Notes. The Company may make prepayments of any amounts outstanding under the Credit Facility (without any reduction of the revolving commitments) in whole or in part at any time without penalty.

The Credit Facility contains a number of negative covenants that, subject to certain exceptions, are substantially similar to the covenants contained in the Notes. The Credit Facility also requires compliance with a financial covenant as of the last day of each fiscal quarter, such that Adjusted EBITDA (as defined) for the trailing 12-month period must equal or exceed the utilized portion of the Credit Facility, if drawn. At December 31, 2024, the Company complied with this financial covenant and \$27.0 million of borrowings remain outstanding under the Credit Facility.

Long-term debt consists of the following:

(In thousands)

	December 31,	
	2024	2023
Revolving Credit Facility ⁽¹⁾	\$ 27,000	\$ 27,000
8.25% Senior Secured Notes due 2028	450,000	450,000
Less: Unamortized debt issuance costs and discounts/premiums, net	(8,861)	(11,847)
	<u>\$ 468,139</u>	<u>\$ 465,153</u>

(1) On March 5, 2025, the Company entered into an amendment with Capital One to extend the Credit Facility's maturity date from March 31, 2026 to January 1, 2027.

Fair Value of Long-Term Debt. The estimated fair value of the Notes was approximately \$447.5 million at December 31, 2024 and \$423.0 million at December 31, 2023, which values were estimated using quoted market prices (Level 1 inputs). The fair value of the Credit Facility approximates its carrying amount, as it is revolving, variable rate debt, and is classified as a Level 2 measurement.

Maturities of Long-Term Debt. Future maturities under the Credit Facility and Notes are as follows:

(In thousands)

For Years ending December 31,	Revolving Credit Facility ⁽¹⁾	Senior Secured Notes due 2028	Total
2025	\$ —	\$ —	\$ —
2026	—	—	—
2027	27,000	—	27,000
2028	—	450,000	450,000
2029	—	—	—
Thereafter	—	—	—
	<u>\$ 27,000</u>	<u>\$ 450,000</u>	<u>\$ 477,000</u>

(1) On March 5, 2025, the Company entered into an amendment with Capital One to extend the Credit Facility's maturity date from March 31, 2026 to January 1, 2027.

The following table summarizes information related to interest expense:

<i>(In thousands)</i>	Year Ended December 31,	
	2024	2023
Interest expense (excluding bond fee amortization and discounts/premiums)	\$ 42,091	\$ 39,860
Amortization of debt issuance costs and discounts/premiums	2,987	2,793
Capitalized interest	(1,114)	(15,938)
Interest income and other	(763)	(3,738)
	<u>\$ 43,201</u>	<u>\$ 22,977</u>

8. LEASES

The Company has no material leases in which it is the lessor. As lessee, the Company has finance leases for a hotel and certain equipment, as well as operating leases for land, casino and office space, equipment, and buildings. The Company's remaining lease terms, including extensions, range from one month to approximately 97 years as of December 31, 2024. The Company's lease agreements do not contain any material residual value guarantees or material restrictive covenants, but the land leases at Silver Slipper and American Place do include contingent rent, as further discussed below.

Operating Leases

Waukegan Ground Lease through February 2122 and Option to Purchase. In January 2023, the Company's subsidiary, FHR-Illinois, LLC, entered into a 99-year ground lease (the "Ground Lease") for approximately 32 acres of land (the "City-Owned Parcel") with the City of Waukegan in Illinois (the "City"). The ground lease commenced concurrently with the opening of American Place on February 17, 2023. The City-Owned Parcel and an adjacent 10-acre parcel owned by the Company comprise the location of American Place, including its temporary facility. Annual rent under the Ground Lease is the greater of (i) \$3.0 million (the "Annual Guaranteed Minimum Rent"), or (ii) 2.5% of gross gaming revenue (as defined in the lease) generated by American Place. We recognized \$3.0 million of rent expense with no contingent rent during 2024, compared to \$2.6 million of rent expense with no contingent rent during 2023.

The Company has the right to purchase the City-Owned Parcel at any time during the term of the Ground Lease for \$30 million. If it does so prior to the opening of the permanent American Place facility, then it must continue to pay rent due to the City under the Ground Lease until the permanent casino is open.

Silver Slipper Casino Land Lease through April 2058 and Options to Purchase. In 2004, the Company's subsidiary, Silver Slipper Casino Venture, LLC, entered into a land lease with Cure Land Company, LLC, for approximately 31 acres of marshlands and a seven-acre parcel on which the Silver Slipper is situated. Annual minimum rent is \$0.9 million throughout the lease term until 2058, plus contingent rents of 3% of gross gaming revenue (as defined in the lease) in excess of \$3.65 million per month. We recognized \$1.6 million of rent expense, including \$0.7 million of contingent rents, during 2024, compared to \$1.7 million of rent expense, including \$0.8 million of contingent rents, during 2023.

Through October 1, 2027, the Company may buy out the lease for \$15.5 million, plus a seller-retained interest in Silver Slipper's operations of 3% of net income (as defined) for 10 years following the purchase date. In the event that the Company sells or transfers either: (i) substantially all of the assets of Silver Slipper or (ii) its membership interests in Silver Slipper in its entirety, then the purchase price will increase to \$17.1 million, plus the retained interest mentioned above. In either case, the Company also has an option to purchase a four-acre portion from the total 38 acres of leased land for \$2.0 million in connection with the development of an owned hotel, which may be exercised at any time and would accordingly reduce the purchase price of the remaining land by \$2.0 million.

Bronco Billy's / Chamonix Lease through January 2035 and Option to Purchase. The Company's subsidiary, FHR-Colorado LLC, leases certain parcels, including a portion of the hotel and casino, under a long-term lease. The lease term includes six renewal options in three-year increments to 2035. The Company exercised its fourth renewal option to extend the lease term through January 2029, with current annual lease payments of \$0.4 million. We recognized \$0.5 million of rent expense during 2024, compared to \$0.5 million of rent expense during 2023, which was reclassified to preopening expenses for Chamonix.

Annual minimum rent will increase to \$0.5 million starting in February 2026 with adjustments on each anniversary thereafter, based on the consumer price index. The lease also contains a \$7.6 million purchase option exercisable at any time during the lease term, or as extended, and a right of first refusal on any sale of the property.

The Company's related ROU asset and liability balances on its balance sheet factor in all renewal terms through January 2035, as the Company is deemed likely to exercise each renewal option, unless it exercises its purchase buyout right.

Grand Lodge Casino Lease through December 2034. The Company's subsidiary, Gaming Entertainment (Nevada), LLC, has a lease (the "Hyatt Lease") with Incline Hotel, LLC, the owner of the Hyatt Regency Lake Tahoe Resort ("Hyatt Lake Tahoe"), to operate Grand Lodge. It is collateralized by the Company's interests under the lease and property (as defined in the lease) and is subordinate to the liens of the Notes (see Note 7). The lessor has an option to purchase the Company's leasehold interest and related operating assets of Grand Lodge at any time prior to lease expiration, subject to assumption of applicable liabilities. The option price is an amount equal to Grand Lodge's positive working capital, plus Grand Lodge's earnings before interest, income taxes, depreciation and amortization ("EBITDA") for the 12-month period preceding the acquisition (or pro-rated if less than 12 months remain on the lease), plus the fair market value of Grand Lodge's personal property.

In July 2024, the lease was further amended to extend the term through December 31, 2034 and, additionally, permits the lessor to terminate the lease early with six months' notice for a significant renovation of the property, on different terms than above. The annual rent of \$2.00 million prior to the amendment will increase nominally in 2025 to \$2.01 million, followed by annual increases of 2% for the remainder of the extended term. Except as set forth in the amendment, all other terms of the Hyatt Lease remain in full force and effect. Accordingly, the Company has remeasured this lease's related ROU asset and liability balances upon the effective date of this amendment. We recognized \$2.1 million of rent expense during 2024, compared to \$1.9 million during 2023.

Corporate Office Lease through April 2030. The Company leases 4,479 square feet of office space in Las Vegas, Nevada. In September 2024, the Company entered into an amendment with the landlord to extend the lease through April 30, 2030. The annual rent of \$0.20 million in 2024 will decline in February 2025 to \$0.17 million, increase in February 2026 to \$0.23 million, and then increase 3% annually on each anniversary for the remainder of the extended term. The amended lease also includes one renewal at the Company's option for five years with rent to be determined at the fair market rate. Accordingly, the Company has remeasured this lease's related ROU asset and liability balances upon the effective date of this amendment. We recognized \$0.2 million of rent expense during 2024, compared to \$0.1 million during 2023.

Stockman's Sale-Leaseback. In connection with the sale of Stockman's real estate that closed on September 27, 2024, the Company's subsidiary, Stockman's Casino, Inc., entered into a short-term lease with Propco for use of its facilities with monthly rent of \$50,000. Such leaseback will terminate upon the second closing of the Stockman's sale, when Opco has obtained the requisite gaming approvals to operate Stockman's. See Note 3 for details.

Finance Lease

Rising Star Casino Hotel Lease through October 2027 and Option to Purchase. The Company's Indiana subsidiary, Gaming Entertainment (Indiana) LLC, leases a 104-room hotel at Rising Star Casino Resort. At any time during the lease term, the Company has the option to purchase the hotel, and approximately 3.01 acres of land on which it resides, at a price based upon the project's original cost of \$7.7 million (see Note 4), reduced by the cumulative principal finance lease payments made by the Company during the lease term. At December 31, 2024, such net amount was \$1.7 million. Upon expiration of the lease term in October 2027, (i) the landlord has the right to sell the hotel to the Company, and (ii) the Company has the option to purchase the hotel. In either case, the purchase price is \$1 plus closing costs. Annual payments for this finance lease were \$0.7 million for each of 2024 and 2023.

The components of lease expense are as follows:

<i>(In thousands)</i>		Year Ended December 31,	
		2024	2023
Lease Costs	Classification within Statement of Operations		
Operating leases:			
Fixed/base rent	Selling, General and Administrative Expenses	\$ 8,000	\$ 7,933
Short-term payments ⁽¹⁾	Selling, General and Administrative Expenses	238	22
Variable payments	Selling, General and Administrative Expenses	1,241	1,213
Finance leases:			
Amortization of leased assets	Depreciation and Amortization	1,506	1,496
Interest on lease liabilities	Interest Expense, Net	263	371
Total lease costs		<u>\$ 11,248</u>	<u>\$ 11,035</u>

(1) Includes payments for the leaseback of Stockman's real estate totaling \$0.2 million during 2024.

Leases recorded on the balance sheet consist of the following:

<i>(In thousands)</i>		December 31,	
		2024	2023
Leases	Balance Sheet Classification		
Assets			
Operating lease assets	Operating Lease Right-of-Use Assets, Net	\$ 55,957	\$ 44,704
Finance lease assets	Property and Equipment, Net ⁽¹⁾	4,245	4,409

Finance	Finance Lease Obligations, Net of Current Portion	1,095	2,705
Total lease liabilities		<u>\$ 59,255</u>	<u>\$ 49,431</u>

(1) Finance lease assets are recorded net of accumulated depreciation of \$2.9 million and \$2.7 million as of December 31, 2024 and 2023, respectively.

(2) These finance lease assets are recorded separately from Property and Equipment due to meeting qualifying classification criteria under ASC 842, but ownership of such assets is not expected to transfer to the Company upon term expiration. Additionally, amortization of these assets are expensed over the duration of the lease term or the assets' estimated useful lives, whichever is earlier.

Maturities of lease liabilities at December 31, 2024 are summarized as follows:

(In thousands)

Years Ending December 31,	Operating Leases	Finance Leases
2025	\$ 7,883	\$ 1,721
2026	7,147	652
2027	6,847	489
2028	6,895	—

Other	(1.7)%	692	— %	6
	<u>(0.5)%</u>	<u>\$ 221</u>	<u>(4.8)%</u>	<u>\$ 1,149</u>

The Company's deferred tax assets (liabilities) consisted of the following:

(In thousands)

	December 31,	
	2024	2023
Deferred tax assets:		
Deferred compensation	\$ 2,505	\$ 2,452
Intangible assets and amortization	5,706	6,071
Net operating loss carry-forwards	21,810	12,158
Accrued expenses	1,255	804
Credits	1,269	1,152
Loan Fees	1,133	1,269
Interest limitation	6,647	4,418
Lease liabilities	14,675	12,085
Deferred revenues	1,352	1,781
Valuation allowance	(35,634)	(23,966)
Other	177	354
	<u>20,895</u>	<u>18,578</u>
Deferred tax liabilities:		
Depreciation of fixed assets	(692)	(1,777)
Amortization of indefinite-lived intangibles	(6,859)	(5,621)
Right-of-use assets	(14,509)	(12,033)
Other	(781)	(831)
	<u>(22,841)</u>	<u>(20,262)</u>
	<u>\$ (1,946)</u>	<u>\$ (1,684)</u>

As of December 31, 2024, the Company had gross federal net operating loss carryforwards totaling \$57.4 million and state tax carryforwards of \$193.2 million. In general, our federal tax net operating loss carryforwards can be carried forward indefinitely and our state tax carryforwards can be carried forward 20 years. The Company also has general business credits of \$1.3 million, which begin to expire in 2035.

In assessing the realizability of its deferred tax assets ("DTAs"), the Company considered whether it is "more likely than not" that some portion or all of the DTAs will not be realized. The ultimate realization of DTAs is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. The Company considered all of the available positive and negative evidence when determining the need for a valuation allowance, including, but not limited to, the scheduled reversal of existing deferred tax liabilities, projected future taxable income, and tax planning strategies in making this assessment. As of December 31, 2024, the Company continues to provide a valuation allowance against its DTAs that cannot be offset by existing deferred tax liabilities. In accordance with ASC 740, this assessment has taken into consideration the jurisdictions in which these DTAs reside. The valuation allowance against DTAs has no effect on the actual taxes paid or owed by the Company. In the future, if it is determined that we meet the "more likely than not" threshold of utilizing our deferred tax assets as required under ASC 740, we may reverse some or all of our valuation allowance. We will continue to evaluate the need for the valuation allowance during each interim period in 2025.

As of December 31, 2024 and 2023, the Company had \$1.9 million and \$1.7 million, respectively, of deferred tax liabilities relating to goodwill and other indefinite-lived intangibles, net of the maximum benefit allowed under the statute after netting with the indefinite-lived DTAs.

The Company's utilization of net operating loss ("NOL") and the general business tax credit carryforwards may be subject to an annual limitation under Sections 382 and 383 of the Internal Revenue Code of 1986 (the "IRC"), and similar state provisions due to ownership changes that may have occurred or that could occur in the future. These ownership changes may limit the amount of NOL and tax credit carryforwards that can be utilized annually to offset future taxable income and tax, respectively. In general, an ownership change, as defined by IRC Sections 382 and 383, results from transactions increasing ownership of certain stockholders or public groups in the stock of the corporation by more than 50 percentage points over a three-year period. The Company has completed a Section 382 analysis as of the date of this report and determined that there have not been any of such greater-than-50% ownership changes within a three-year period during the last five years that would prohibit the Company from utilizing all of its tax attributes.

Management has made an annual analysis of its federal and state tax returns and concluded that the Company has no recordable liability, as of December 31, 2024 or 2023, for unrecognized tax benefits as a result of uncertain tax positions taken.

The Company files income tax returns in the U.S. federal jurisdiction and various state jurisdictions. The Company is generally not subject to federal or state examination for periods prior to December 31, 2021. However, as the Company utilizes its NOLs, prior periods can be subject to examination.

10. COMMITMENTS AND CONTINGENCIES

Litigation

The Company is party to a number of pending legal proceedings related to matters that occurred in the normal course of business. Management does not expect that the outcome of any such proceedings, either individually or in the aggregate, will have a material effect on our financial position, results of operations and cash flows.

Contingent Gaming License Fees in Illinois

As required for its gaming licensure at American Place, the Company continues to accrue for a "Reconciliation Payment" that will be due to the State of Illinois over a long-term basis. The Reconciliation Payment is calculated in February 2026 (three years after the commencement of gaming operations in Illinois) in an amount equal to 75% of the adjusted gross receipts for the most lucrative trailing 12-month period of operations, offset by certain licensing fees already paid by the Company. The Reconciliation Payment is due in annual installments over a period of six years, beginning in 2026.

The minimum present value of the long-term obligation for the Company's gaming license in Illinois consisted of the following as discussed above, with a corresponding increase to the Illinois gaming license valuation:

<i>(In thousands)</i>	December 31,	
	2024	2023
Minimum IGB Reconciliation Fee ⁽¹⁾	\$ 46,039	\$ 22,092
Less: Amount representing interest ⁽²⁾	(11,173)	(7,187)
Minimum present value of IGB Reconciliation Fee	<u>\$ 34,866</u>	<u>\$ 14,905</u>

(1) Calculated based upon gaming revenues generated at American Place through the corresponding year-end. This one-time fee will be paid in six annual installments (without interest) beginning in February 2026.

(2) The effective interest rate of the Revolving Credit Facility (see [Note 7](#)) is used to impute interest on this long-term obligation and its corresponding increase to the Illinois gaming license valuation, which approximates their fair values.

Defined Contribution Plan

The Company sponsors a defined contribution plan for all eligible employees, allowing voluntary contributions by eligible employees and matching contributions made by the Company. Matching contributions made by the Company were \$0.3 million for each of 2024 and 2023, excluding nominal administrative expenses. For both years, the Company's employer matching contribution rate was at 50% of employee contributions, up to a maximum of 4% of eligible compensation.

Liquidity, Concentrations and Economic Risks and Uncertainties

The Company carries cash on deposit with financial institutions that may be in excess of federally-insured limits. The extent of any loss that might be incurred as a result of uninsured deposits in the event of a future failure of a bank or other financial institution, if any, is not subject to estimation at this time.

11. STOCK-BASED COMPENSATION

2015 Equity Incentive Plan. The 2015 Equity Incentive Plan ("2015 Plan"), as approved by stockholders and further amended in May 2021, allows for the issuance of up to 4,500,000 shares of common stock. The 2015 Plan allows for stock-based awards to be granted to directors, employees and consultants and allows for a variety of forms of awards, including stock options, stock appreciation rights, restricted stock, restricted stock units, dividend equivalents and performance-based compensation. Stock option awards have maximum 10-year terms, and no awards issued under the 2015 Plan vest on an accelerated basis if there is a change in control of the Company, unless the awards are not assumed by the successor, as defined.

As of December 31, 2024, the Company had 133,962 stock-based awards authorized by stockholders and available for grant from the 2015 Plan.

Performance-Based Shares. The Company issued a total of 176,377 performance-based shares to its executives in 2024. The vesting for these performance-based shares is based on the compounded annual growth rate of the Company's Adjusted EBITDA and Free Cash Flow Per Share, as defined and adjudicated by the Company's compensation committee, for the three-year periods ending December 31, 2024, December 31, 2025, and December 31, 2026.

Restricted Stock Awards. On May 9, 2024, the Company issued to non-executive members of its Board of Directors, as compensation for their annual service, a total of 84,906 restricted shares under the 2015 Plan, with a one-year vesting period. Also in May 2024, the Company issued to employees a total of 207,125 restricted shares under the 2015 Plan, with a three-year vesting period. An additional 28,135 restricted shares were issued to newly-hired employees in November 2024 as "inducement grants" outside of the 2015 Plan, with a three-year vesting period.

Stock Options. The following table summarizes information related to the Company's common stock options:

	Number of Stock Options	Weighted Average Exercise Price	Weighted Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value
Options outstanding at January 1, 2024	3,757,227	\$ 3.22		
Granted	87,822	5.15		
Exercised	(1,054,360)	1.28		
Canceled/Forfeited	(5,000)	7.40		
Expired	—	—		
Options outstanding at December 31, 2024	2,785,689	\$ 4.01	4.70	\$ 3,629,196
Options exercisable at December 31, 2024	2,342,499	\$ 3.45	4.04	\$ 3,629,196

Compensation Cost. Compensation expense is as follows:

(In thousands)

Compensation Expense	Year Ended December 31,	
	2024	2023
Stock options	\$ 1,326	\$ 1,517
Restricted and performance-based shares	1,547	1,365
	<u>\$ 2,873</u>	<u>\$ 2,882</u>

At December 31, 2024, there was approximately \$1.1 million of unrecognized compensation cost related to unvested stock options granted by the Company, which is expected to be recognized over a weighted-average period of 1.3 years. At such date, there was also \$2.2 million of unrecognized compensation cost related to unvested restricted and performance shares, which is expected to be recognized over a weighted-average period of 1.7 years.

The Company estimates the fair value of each stock option award on the grant date using the Black-Scholes valuation model. Option valuation models require the input of highly subjective assumptions, and changes in assumptions used can materially affect the fair value estimate. Option valuation weighted-average assumptions were as follows:

	Year Ended December 31,	
	2024	2023
Expected volatility	71.70 %	69.54 %
Expected dividend yield	— %	— %
Expected term (in years)	6.00	6.00
Weighted average risk-free rate	3.94 %	3.72 %

Expected volatility is based on the historical volatility of our stock price. Dividend yield is based on the estimate of annual dividends expected to be paid at the time of the grant. The expected term considers the contractual term of the option as well as historical exercise and forfeiture behavior. The risk-free interest rate is based on the rates in effect on the grant date for U.S. Treasury instruments with maturities matching the relevant expected term of the award.

Therefore, the weighted-average grant date fair value per share of options granted is as follows:

	Year Ended December 31,	
	2024	2023
Weighted average grant date fair value	\$ 3.42	\$ 4.79

12. SEGMENT REPORTING

The Company manages its reporting segments based on geographic regions within the United States and type of income. The Company's management views the regions where each of its casino resorts are located as reportable segments, in addition to its contracted sports wagering segment. Reportable segments are aggregated based on geography, economic characteristics, types of customers, types of services and products provided, the regulatory environments in which they operate, and their management and reporting structure. Therefore, the Company has determined three reportable segments as follows: Midwest & South, West, and Contracted Sports Wagering (see [Note 1](#)).

The Company's chief operating decision maker ("CODM") is the chief executive officer.

The Company's CODM assesses the performance of each segment by using Adjusted Segment EBITDA as the measure of segment profitability. Adjusted Segment EBITDA is defined as earnings before interest and other non-operating income (expense), taxes, depreciation and amortization, preopening expenses, impairment charges, asset write-offs, recoveries, gain (loss) from asset sales and disposals, project development and acquisition costs, non-cash share-based compensation expense, and corporate-related costs and expenses that are not allocated to each segment.

The Company's CODM uses Adjusted Segment EBITDA for each segment predominantly in the annual budget and forecasting process. The CODM considers budget-to-actual variances and period-over-period fluctuations when making decisions about the allocation of operating and capital resources to each segment, as well as a basis for determining certain incentive compensation.

The following tables present the Company's segment information:

(In thousands)

	December 31,	
	2024	2023
Total Assets		
Midwest & South	\$ 293,466	\$ 298,072
West	360,057	372,875

- Contracted Sports Wagering — Credit loss expense net of recoveries, as well as certain overhead expenses.

Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

None.

Item 9A. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures — As of December 31, 2024, we completed an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in the Exchange Act Rule 13a-15(e) and 15d-15(e)). Based upon that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that, as of December 31, 2024, our disclosure controls and procedures are effective at a reasonable assurance level.

We have established controls and procedures designed at the reasonable assurance level to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms and is accumulated and communicated to management, including the principal executive officer and the principal financial officer, to allow timely decisions regarding required disclosure.

Management's Annual Report on Internal Control Over Financial Reporting — Our management is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control system was designed to provide reasonable assurance to our management and board of directors regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Our internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of our assets; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures are being made only in accordance with authorizations of management and our directors; and (iii) provide reasonable assurance regarding prevention or timely detection of the unauthorized acquisition, use or disposition of assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Management assessed the effectiveness of our internal control over financial reporting (as defined in Exchange Act Rule 13a-15(f) and 15d-15(f)) as of December 31, 2024. In making this assessment, it used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework (2013). Based on its assessment, management concluded that, as of December 31, 2024, our internal control over financial reporting is effective based on those criteria.

The Company's independent registered public accounting firm's report on the effectiveness of our internal control over financial reporting appears herein.

Changes in Internal Control Over Financial Reporting — There have been no changes during the quarter ended December 31, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Item 9B. Other Information.

During the quarter ended December 31, 2024, none of our directors or officers adopted or terminated a “Rule 10b5-1 trading arrangement” or “non-Rule 10b5-1 trading arrangement,” as those terms are defined in Item 408 of Regulation S-K.

On March 5, 2025, the Company entered into a Third Amendment to Credit Agreement with Capital One, which extended the revolving Credit Facility’s maturity date from March 31, 2026 to January 1, 2027. Except as set forth in the amendment, all other terms of the Credit Facility remain in full force and effect. See Note 7 for details.

Item 9C. Disclosure Regarding Foreign Jurisdictions that Prevent Inspections.

Not applicable.

PART III**Item 10. Directors, Executive Officers and Corporate Governance.**

The information required by this Item will be set forth under the captions “Election of Directors” and “Section 16(a) Beneficial Ownership Reporting Compliance” and elsewhere in the definitive Proxy Statement for our 2025 Annual Meeting of Stockholders to be filed with the Securities and Exchange Commission within 120 days of December 31, 2024 (our “Proxy Statement”) and is incorporated herein by this reference.

Item 11. Executive Compensation.

The information required by this Item will be set forth under the caption “Executive Compensation” and elsewhere in our Proxy Statement and is incorporated herein by this reference.

Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Stockholder Matters.

The information required by this Item will be set forth under the captions “Security Ownership of Certain Beneficial Owners and Management” and “Executive Compensation — Equity Compensation Plan Information” and elsewhere in our Proxy Statement and is incorporated herein by this reference.

Item 13. Certain Relationships and Related Transactions, and Director Independence.

The information required by this Item will be set forth under the caption “Certain Relationships and Related Transactions” and “Independence of Directors” and elsewhere in our Proxy Statement and is incorporated herein by this reference.

Item 14. Principal Accounting Fees and Services.

The information required by this Item will be set forth under the caption “Ratification of Independent Registered Public Accounting Firm” and elsewhere in our Proxy Statement and is incorporated herein by this reference.

PART IV

Item 15. Exhibits, Financial Statement Schedules.

(a) Financial statements of the Company (including related Notes to consolidated financial statements) included herein under Item 8 of Part II hereof are listed below:

- Reports of Independent Registered Public Accounting Firm
- Consolidated Balance Sheets as of December 31, 2024 and 2023
- For the Years Ended December 31, 2024 and 2023:
 - Consolidated Statements of Operations
 - Consolidated Statements of Stockholders' Equity
 - Consolidated Statements of Cash Flows
- Notes to Consolidated Financial Statements

(b) Exhibits

Exhibit Number	Description
3.1	Amended and Restated Certificate of Incorporation as amended to date (Incorporated by reference to Exhibit 3.1 to the Registrant's Quarterly Report on Form 10-Q (SEC File No. 1-32583) filed on May 9, 2011).
3.2	Second Amended and Restated Bylaws of Full House Resorts, Inc., effective July 1, 2020 (incorporated by reference to Exhibit 3.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on July 2, 2020).
4.1*	Description of the Registrant's Securities Registered Pursuant to Section 12 of the Securities Exchange Act of 1934 "Registered Securities of Full House Resorts, Inc."
4.2	Specimen Certificate for Shares of Full House Resorts, Inc.'s Common Stock, par value \$.0001 per share (Incorporated by reference to the Registrant's Registration Statement on Form S-3 (SEC file No. 333-213123) filed on August 15, 2016).
4.3	Indenture (including form of Notes), dated as of February 12, 2021, among Full House Resorts, Inc., the guarantors party thereto and Wilmington Trust, National Association, as trustee (Incorporated by reference to Exhibit 4.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on February 12, 2021).
4.4	Form of Senior Secured Note due 2028 (included in Exhibit 4.3) (Incorporated by reference to Exhibit 4.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on February 12, 2021).
4.5	First Supplemental Indenture, dated as of February 1, 2022, among the Company, the guarantors party thereto and Wilmington Trust, National Association, as trustee (Incorporated by reference to Exhibit 4.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on February 2, 2022).
4.6	Second Supplemental Indenture, dated as of February 7, 2022, among the Company, the guarantors party thereto and Wilmington Trust, National Association, as trustee (Incorporated by reference to Exhibit 4.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on February 8, 2022).
4.7	Third Supplemental Indenture, dated as of March 3, 2022, among Full House Resorts, Inc., the guarantors party thereto and Wilmington Trust, National Association, as trustee (Incorporated by reference to Exhibit 4.7 to the Registrant's Annual Report on Form 10-K (SEC File No. 1-32583) filed on March 15, 2022).
4.8	Fourth Supplemental Indenture, dated as of February 21, 2023, among Full House Resorts, Inc., the guarantors party thereto and Wilmington Trust, National Association, as trustee (Incorporated by reference to Exhibit 4.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on February 22, 2023).
10.1	Lease Agreement with Option to Purchase dated as of November 17, 2004, by and between Cure Land Company, LLC, as landlord, and Silver Slipper Casino Venture LLC, as tenant. (Incorporated by reference to Exhibit 10.11 to the Registrant's Annual Report on Form 10-K (SEC File No. 1-32583) filed on March 6, 2013).

10.2	First Amendment to Lease Agreement with Option to Purchase dated as of March 13, 2009, by and between Cure Land Company, LLC, as landlord, and Silver Slipper Casino Venture LLC, as tenant. (Incorporated by reference to Exhibit 10.12 to the Registrant's Annual Report on Form 10-K (SEC File No. 1-32583) filed on March 6, 2013).
10.3	Second Amendment to Lease Agreement with Option to Purchase dated as of September 26, 2012, by and between Cure Land Company, LLC, as landlord, and Silver Slipper Casino Venture LLC, as tenant. (Incorporated by reference to Exhibit 10.13 to the Registrant's Annual Report on Form 10-K (SEC File No. 1-32583) filed on March 6, 2013).
10.4	Third Amendment to Lease Agreement with Option to Purchase dated as of February 26, 2013, by and between Cure Land Company, LLC, as landlord, and Silver Slipper Casino Venture LLC, as tenant. (Incorporated by reference to Exhibit 10.14 to the Registrant's Annual Report on Form 10-K (SEC File No. 1-32583) filed on March 6, 2013).
10.5	Fourth Amendment to Lease Agreement with Option to Purchase dated as of March 20, 2020, by and between Cure Land Company, LLC, as landlord, and Silver Slipper Casino Venture LLC, as tenant (Incorporated by reference to Exhibit 10.1 to the Registrant's Quarterly Report on Form 10-Q (SEC File No. 1-32583) filed on May 13, 2020).
10.6	Casino Operations Lease dated June 28, 2011 by and between Hyatt Equities, L.L.C. and Gaming Entertainment (Nevada) LLC. (Incorporated by reference to Exhibit 10.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on June 30, 2011).
10.7	First Amendment to Casino Operations Lease dated April 8, 2013 by and between Hyatt Equities, L.L.C. and Gaming Entertainment (Nevada) LLC. (Incorporated by reference to Exhibit 10.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on April 11, 2013).
10.8	Second Amendment to Casino Operations Lease effective as of November 25, 2015, by and between Gaming Entertainment (Nevada) LLC, a Nevada limited liability company, and Hyatt Equities, L.L.C., a Delaware limited liability company (Incorporated by reference to Exhibit 10.1 to Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on December 17, 2015).
10.9	Third Amendment to Casino Operations Lease, effective August 29, 2016, between Hyatt Equities, L.L.C. and Gaming Entertainment (Nevada) LLC (Incorporated by reference to Exhibit 10.1 to Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on August 30, 2016).
10.10	Fourth Amendment to Casino Operations Lease dated November 13, 2019 by and between Hyatt Equities, L.L.C., as landlord, and Gaming Entertainment (Nevada) LLC, as tenant (Incorporated by reference to Exhibit 10.10 to the Registrant's Annual Report on Form 10-K (SEC File No. 1-32583) filed on March 12, 2021).
10.11	Fifth Amendment to Casino Operations Lease dated July 31, 2020 by and between Hyatt Equities, L.L.C., as landlord, and Gaming Entertainment (Nevada) LLC, as tenant (Incorporated by reference to Exhibit 10.3 to the Registrant's Quarterly Report on Form 10-Q (SEC File No. 1-32583) filed on August 13, 2020).
10.12	Sixth Amendment to Casino Operations Lease dated February 13, 2023 by and between Incline Hotel LLC, as landlord, and Gaming Entertainment (Nevada) LLC, as tenant (Incorporated by reference to Exhibit 10.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on February 16, 2023).
10.13	Seventh Amendment to Casino Operations Lease dated July 1, 2024 by and between Incline Hotel LLC, as landlord, and Gaming Entertainment (Nevada) LLC, as tenant (Incorporated by reference to Exhibit 10.1 to the Registrant's Current Report on Form 8-K (SEC File No. 1-32583) filed on July 3, 2024).

**CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER PURSUANT TO
EXCHANGE ACT RULE 13A-14(A)/15(D)-14(A) AS ADOPTED PURSUANT TO SECTION 302 OF THE
SARBANES-OXLEY ACT OF 2002**

I, Daniel R. Lee, certify that:

1. I have reviewed this Annual Report on Form 10-K of Full House Resorts, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
