

Solventum Announces \$1 Billion Share Repurchase Program

ST. PAUL, Minn., Nov. 20, 2025 /PRNewswire/ -- [Solventum](#) (NYSE: SOLV) announced today its Board of Directors has approved a share repurchase program, which authorizes the Company to purchase up to \$1 billion of the Company's outstanding common stock.

"Our strong financial performance, operating cash generation, and healthy balance sheet give us the flexibility to invest in opportunities that accelerate sustainable growth, pursue targeted tuck-in M&A—such as today's [announced](#) acquisition of Acera Medical to expand our advanced wound care portfolio—and return capital to shareholders," said Bryan Hanson, chief executive officer of Solventum. "Leveraging this momentum, we are pleased to announce Solventum's first share repurchase program, an important step in achieving a more balanced capital allocation strategy."

Solventum expects to begin repurchasing shares in 2026 and had approximately 173.4 million shares outstanding as of October 31, 2025.

Pursuant to the authorization, repurchases may be made from time to time in the open market, including through a Rule 10b5-1 or Rule 10b-18 trading plan, privately negotiated transactions, or other means. In addition, any repurchases under the authorization will be subject to prevailing market conditions, liquidity and cash flow considerations, applicable securities laws requirements (including under Rule 10b5-1 and Rule 10b-18 of the Securities Exchange Act of 1934, as applicable), and other factors. The share repurchase program has no time limit, does not require the Company to acquire any amount of shares, and may be suspended or discontinued at any time.
