Camber Energy Redeems Preferred Shares

HOUSTON, TX / ACCESSWIRE / June 16, 2022 / Camber Energy, Inc. (NYSE American:CEI) ("Camber" or the "Company") is pleased to announce that on June 15, 2022 it redeemed 2,636 shares of Series G Preferred Stock (the "**Series G Shares**"), which were previously issued by the Company on December 31, 2021 as part of a financing commitment from an institutional investor.

The 2,636 Series G Shares were associated with a promissory note issued by the investor in favor of the Company in the principal amount of \$23,750,000, due June 30, 2022, and the Company exercised its right to redeem the shares and cancel the promissory note. The other two promissory notes issued by the investor in favor of the Company remain outstanding and the Company has the right to redeem the Series G Shares associated with such notes.

James Doris, President and Chief Executive Officer of Camber, commented, *"Given global economic conditions and the overall pressure on equities, we believe it is prudent to refrain from taking funds under this preferred share structure as the conversion metrics in the current environment would result in a disproportionate amount of dilution. We are committed to ensuring future financings are on the best terms possible for the company's stakeholders."*

Further details regarding the above are contained in Camber's Current Report on Form 8-K filed with the Securities and Exchange Commission ("SEC") on June 16, 2022, and available under "[investors](#)" - "[SEC filings](#)" at www.camber.energy.
