## **About AYRO, Inc.**

Texas-based AYRO, Inc. designs, engineers, and produces purpose-built electric vehicles (EVs) to enable sustainable fleets. With rapid, customized deployments that meet specific buyer needs, AYRO's agile EVs are an eco-friendly and cost-saving alternative to gasoline vehicles for microdistribution. Versatile enough for any microdistribution task, AYRO EVs can be found serving food on cutting-edge university campuses, supporting local delivery for restaurants, or moving goods and equipment around government or corporate campuses, hospitals, hotel resorts, sports stadiums, and airports. With a quality-focused, sustainability-minded approach to commercial micromobility, AYRO is spearheading the localized transition to EVs across a variety of market segments and needs. AYRO innovates with speed, discipline, and agility and was founded in 2017 by entrepreneurs, investors, and executives with a passion for creating sustainable urban EV solutions for micro-mobility.
