AYRO to Host Test Drive Event at Texas Headquarters

Media, Investors, Partners, and Dealers are invited to participate on October 19, 2023.

ROUND ROCK, TX / ACCESSWIRE / September 26, 2023 /[AYRO, Inc.](https://www.ayro.com) (NASDAQ:AYRO) ("AYRO" or the "Company"), a designer and manufacturer of electric, purpose-built delivery vehicles and solutions for micro distribution, micro mobility and last-mile delivery, announces that the Company will host an exclusive opportunity for individuals to drive the Company's utility low-speed electric vehicle, the AYRO Vanish (the "Vanish"), at the Company's headquarters in Round Rock, Texas on October 19, 2023.

The Vanish offers adaptable payloads to meet a myriad of needs for fleet, commercial and personal use.

"Our team has worked diligently over the past few weeks to prepare for this test drive event," said Shauna Geron, marketing communications director for AYRO. "This one-of-a-kind event will provide opportunities for attendees to test drive the Vanish with our engineers on hand to explain the features and capabilities of the vehicle, as well as answer questions."

The Vanish recently completed California Air Resources Board (CARB) testing certification, and has also completed homologation for both the United States and Canada by demonstrating compliance with Federal Motor Vehicle Safety Standards, Canada Motor Vehicle Safety Standards and SAE J2358. The Vanish is currently in low-rate initial production with availability of the vehicle for dealers and partners expected to follow shortly.

"The Vanish is the first vehicle in our line of products that we believe will redefine expectations within the low-speed electric vehicle industry," noted Tom Wittenschlaeger, CEO of AYRO. "We couldn't be more proud of the work we have completed on this vehicle

and look forward to seeing the Vanish used in commercial, fleet and personal use cases throughout North America."

Due to the nature of this event, participants must first register to attend this event and receive notification of invitation acceptance. If you are interested in attending, please contact marketing@ayro.com to receive additional details or your formal invitation.

About AYRO

AYRO designs and produces zero emission vehicles and systems that redefine the very nature of sustainability. Our goal is to craft solutions in a way that leaves minimal impact on not only carbon emissions, but the space itself. From tire tread, fuel cells, sound and even discordant visuals, we apply engineering and artistry to every element of our product mix. The AYRO Vanish is the first in this new product roadmap. Forward Looking Statements

This press release may contain forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause actual results, performance or achievements to be materially different from any expected future results, performance, or achievements. Words such as "anticipate," "believe," "could," "estimate," "intend," "expect," "may," "plan," "will," "would" and their opposites and similar expressions are intended to identify forward-looking statements and include the development and launch of the AYRO Vanish. Such forward-looking statements are based on the beliefs of management as well as assumptions made by and information currently available to management. Important factors that could cause actual results to differ materially from those indicated by such forward-looking statements include, without limitation: AYRO's success depends on its ability to complete the development of and successfully introduce new products; AYRO may experience delays in the development and introduction of new products; the ability of AYRO's suppliers to deliver parts and assemble vehicles; the ability of the purchaser to terminate or reduce purchase orders; AYRO has a history of losses and has never been profitable, and AYRO expects to incur additional losses in the future and may never be profitable; AYRO's failure to meet the continued listing requirements of The Nasdaq Capital Market could result in a delisting of its common stock; AYRO may be unable to replace lost manufacturing capacity on a timely and cost-effective basis, which could adversely impact its operations and ability to meet delivery timelines; the impact of public health epidemics, including the COVID-19 pandemic; the market for AYRO's products is developing and may not develop as expected and AYRO, accordingly, may never meet its targeted production and sales goals; AYRO's limited operating history makes evaluating its business and future prospects difficult and may increase the risk of any investment in its securities; AYRO may experience lower-than-anticipated market acceptance of its vehicles; developments in alternative technologies or improvements in the internal combustion engine may have a materially adverse effect on the demand for AYRO's electric vehicles; the markets in which AYRO operates are highly competitive, and AYRO may not be successful in competing in these industries; AYRO may become subject to product liability claims, which could harm AYRO's financial condition and liquidity if AYRO is not able to successfully defend or insure against such claims; increases in costs, disruption of supply or shortage of raw materials, in particular lithium-ion cells, chipsets and displays, could harm AYRO's business; AYRO may be required to raise additional capital to fund its

operations, and such capital raising may be costly or difficult to obtain and could dilute AYRO stockholders' ownership interests, and AYRO's long term capital requirements are subject to numerous risks; AYRO may fail to comply with evolving environmental and safety laws and regulations; and AYRO is subject to governmental export and import controls that could impair AYRO's ability to compete in international market due to licensing requirements and subject AYRO to liability if AYRO is not in compliance with applicable laws. A discussion of these and other factors with respect to AYRO is set forth in our most recent Annual Report on Form 10-K and subsequent reports on Form 10-Q. Forward-looking statements speak only as of the date they are made and AYRO disclaims any intention or obligation to revise any forward-looking statements, whether as a result of new information, future events or otherwise.
