# **NeuBase Therapeutic's CEO, Dietrich A. Stephan, Ph.D., to Present at Tribe Public's Presentation and Q&A Webinar Event on August 26, 2020**

**SAN FRANCISCO, CA / ACCESSWIRE / August 24, 2020/** Tribe Public announced today that Dietrich Stephan, Chief Executive Officer of NeuBase Therapeutics, Inc. (NASDAQ:NBSE), a biotechnology company developing next-generation antisense oligonucleotide (ASO) therapies using its scalable PATrOL™ platform to address genetic diseases, will present at Tribe Public's Presentation and Q&A Webinar Event at 8 am pacific/11 am eastern on Wednesday, August 26th, 2020. During this complimentary, 30-minute event, Dr. Stephan will introduce the NeuBase's next-generation gene silencing technology and discuss the company's progress with treatment candidates in Huntington's Disease (HD) and Myotonic Dystrophy (DM1). A question and answer session will follow the presentation. To register to join the complimentary event, please visit the Tribe Public LLC website: [www.tribepublic.com](http://www.tribepublic.com), or send a message to Tribe's management at [research@tribepublic.com](mailto:research@tribepublic.com) to request your seat for this limited capacity Zoom-based event.

Dietrich A. Stephan, Ph.D. is an industry veteran who is considered one of the fathers of the field of precision medicine, having trained with the leadership of the Human Genome Project at the NIH and then going on to lead discovery research at the Translational Genomics Research Institute and serve as professor and chairman of the Department of Human Genetics at the University of Pittsburgh. Dr. Stephan has identified the molecular basis of dozens of genetic diseases and published extensively in journals such as Science, the New England Journal of Medicine, Nature Genetics, PNAS, and Cell. In parallel, Dr. Stephan has founded or co-founded more than ten biotechnology companies and has advised numerous other companies. These companies are backed by top-tier investors such as Sequoia Capital, KPCB, Thiel Capital, and Khosla Ventures as well as corporate partners such as Life Technologies, Pfizer, and Mayo Clinic. Notably, Dr. Stephan founded NeuBase Therapeutics in August 2018, took it public in 2019, and has since grown the company to market capitalization to the tune of hundreds of millions of dollars. Dr. Stephan received his Ph.D. from the University of Pittsburgh and his B.S. from Carnegie Mellon University.

## **ABOUT NEUBASE THERAPEUTICS**

NeuBase Therapeutics, Inc. is developing the next generation of gene silencing therapies with its flexible, highly specific synthetic antisense oligonucleotides. The proprietary NeuBase peptide-nucleic acid (PNA) antisense oligonucleotide (PATrOL™) platform allows for the rapid development of targeted drugs, increasing the treatment opportunities for the hundreds of millions of people affected by rare genetic diseases, including those that can only be treated through accessing of secondary RNA structures. Using PATrOL technology, NeuBase aims to first tackle rare, genetic neurological disorders. NeuBase is continuing its progress towards developing treatment candidates in Huntington's Disease (HD) and Myotonic Dystrophy (DM1.)
