

Finance of America Reports Fourth Quarter and Full Year 2022 Results

- Net loss for the year of \$716 million or \$3.06 basic loss per share entirely attributable to balance sheet adjustments and Mortgage Originations segment which has been discontinued –
- Adjusted net loss* of \$61 million for the year, entirely attributable to businesses that have been discontinued or divested in first half of 2023 –
 - Announced acquisition of AAG, further strengthening our market position in Reverse Mortgage Lending –

PLANO, Texas--(BUSINESS WIRE)-- Finance of America Companies Inc., ("Finance of America" or the "Company") (NYSE: FOA), a leading specialty finance and solutions platform, reported financial results for the guarter and year ended December 31, 2022.

Full Year 2022 Financial Highlights

- For the full year 2022, the Company recognized a net loss of \$716 million or \$3.06 basic loss per share. The Company recognized an adjusted net loss of \$61 million.
- On an adjusted basis, the full year net loss is entirely attributable to the operational losses associated with the Mortgage Originations, Commercial Originations, and Lender Services segments. These segments are expected to be discontinued or divested by the end of Q2 2023.
- Announced the acquisition of the assets and operations of AAG, a leading reverse mortgage lender. The transaction has received regulatory approval, is scheduled to close on March 31, 2023 and is expected to create the leading U.S. reverse mortgage originator.
- Wind down of Mortgage Originations, announced in the fourth quarter of 2022, was completed in February 2023.
- During the first quarter of 2023, the Company announced the execution of definitive agreements for the sale of its Title Insurance and Commercial Originations businesses.

*See the sections titled "Reconciliation to GAAP" and "Non-GAAP Financial Measures" for reconciliations to the most directly comparable GAAP measures and other important disclosures.

Graham A. Fleming, President and Interim Chief Executive Officer commented, "Thank you to all our team members for their hard work and dedication over the past 12 months. 2022 was a transformative year for FOA. We made decisions to account for uncertainty in the residential mortgage market, while continuing to invest in areas where we see solid, sustainable growth. By divesting our non-core operations and adding to our reverse lending business, we are well-positioned for future growth and will continue to invest and expand on our strategy to help Americans achieve their retirement goals."

Balance Sheet Highlights

(\$ amounts in millions)	Dec	ember 31, 2022	Sep	tember 30, 2022	Variance (%) Q4 2022 vs. Q3 2022
Cash and cash equivalents	\$	97	\$	169	(43) %
Securitized loans held for investment (HMBS & nonrecourse)		18,569		17,658	5%
Mortgage servicing rights (MSRs)		95		103	(8) %
Total assets		20,873		21,190	(1) %
Total liabilities		20,468		20,615	(1) %
Total equity		405		575	(30) %
Total tangible equity ⁽¹⁾		30		137	(78) %

- (1) Total tangible equity calculated as total equity less intangible assets, net.
 - Cash and cash equivalents ended the fourth quarter at \$97 million. The \$72 million decrease in cash was almost entirely attributable to operational losses associated with the Mortgage Originations segment.
 - Securitized loans held for investment (HMBS & nonrecourse) increased by \$911 million as a result of the completion of two securitizations of non-agency reverse mortgages during the quarter.
 - Total assets declined 1% from prior quarter due to reduced loans held for sale related to the wind down of the Mortgage Originations segment.
 - Total liabilities declined \$147 million on a sequential quarter basis primarily due to reduced warehouse lines of credit related to the wind down of the Mortgage Originations segment.
 - Total tangible equity decreased \$107 million to \$30 million, predominantly due to

operational losses associated with the Mortgage Originations, Commercial Originations, and Lender Services segments.

Segment Results

Reverse Originations

The Reverse Originations segment generates revenue and earnings in the form of net origination gains and origination fees earned on the origination of reverse mortgage loans.

(\$ amounts in millions)		14'22	_ Q	3'22	Variance (%) Q4'22 vs Q3'22		Q4'21	Variance (%) Q4'22 vs Q4'21		2022	 2021 mbined	Variance (%) 2022 vs 2021

other assets		(6)		34	(118) %		75	(108) %		132	243	(46) %

Financial results of combined successor and predecessor of the business combination with Replay.

- In 2022, Reverse Originations funded \$4,834 million; an increase of 13% over 2021, which was driven by strong refinance volume in the first half of 2022 and an increase in new-to-reverse volumes.
- 2022 revenue declined 26% from 2021 to \$289 million due primarily to the impact of widening credit spreads experienced during the year, partially offset by higher volumes.
- 2022 pre-tax income excluding impairment of goodwill, intangibles, and other assets of \$132 million declined \$111 million in line with the decline in revenue.

Portfolio Management

The Portfolio Management segment generates revenue and earnings in the form of gain on sale of loans, fair value gains or losses, interest income, servicing income, fees for underwriting, advisory and valuation services and other ancillary fees.

(\$ amounts in millions)				Variance (%)		Variance (%)				Variance (%)

⁽¹⁾ Financial results of combined successor and predecessor of the business combination with Replay.

- 2022 assets under management grew 6% to \$20,186 million compared to 2021. This growth is directly attributable to the eight securitizations completed during the year.
- 2022 revenue was materially impacted by negative fair value adjustments on assets held for investment and related liabilities as we updated model assumptions to account for higher credit spreads and increased interest rates experienced during the year. The residual value of assets subject to nonrecourse debt within the securitization trusts as of December 31, 2022 was \$110 million, down from \$390 million as of December 31, 2021.

Lender Services

The Lender Services business generates revenue and earnings in the form of lender service support fees.

• On February 1, the Company entered into an agreement to sell its Title Insurance Businesses. The transaction is expected to close in the second quarter of 2023. For

additional detail, please refer to the Company's Current Report on Form 8-K filed with the SEC on February 2, 2023.

Commercial Originations

During the period, the Commercial Originations segment provided business purpose lending solutions for residential real estate investors. The Commercial Originations segment generated revenue and earnings in the form of net origination gains and origination fees earned on the origination of mortgage loans.

Webcast and Conference Call

Management will host a webcast and conference call on Monday, March 13th at 5:00 pm Eastern Time to discuss the Company's results for the fourth quarter and full year ended December 31, 2022. A copy of the press release and investor presentation will be posted prior to the call under the "Investors" section on Finance of America's website at https://www.financeofamerica.com/investors.

To listen to the audio webcast of the conference call, please visit the "Investors" section of the Company's website at https://www.financeofamerica.com/investors. The conference call can also be accessed by dialing the following:

- a. 1-844-200-6205 (Domestic)
- b. 1-929-526-1599 (International)

c. Conference ID: 095724

Replay

A replay of the call will also be available on the Company's website approximately two hours after the conclusion of the conference call through March 28, 2023. To access the replay, dial 1-866-813-9403 (United States) or +44 204 525 0658 (International). The replay pin number is 148194. The replay can also be accessed on the "Investors" section of the Company's website at https://www.financeofamerica.com/investors.

About Finance of America

Finance of America (NYSE: FOA) is a specialty finance consumer lending platform that provides customers with access to an innovative range of flexible solutions including reverse mortgages and home improvement loans. In addition, FOA offers complementary lending services to enhance the customer experience, as well as capital markets and portfolio management capabilities to optimize distribution to investors. FOA is headquartered in Plano, Texas. For more information, please visit www.financeofamerica.com.

Forward-Looking Statements

This release includes "forward-looking statements" within the meaning of the "safe harbor" provisions of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements are not historical facts or statements of current conditions, but instead represent only management's beliefs regarding future events, many of which, by their nature, are inherently uncertain and outside of the Company's control. It is possible that our actual results, financial condition and liquidity may differ, possibly materially, from the anticipated results, financial condition and liquidity in these forward-looking statements. The Company's actual results may differ from its expectations, estimates, and projections and, consequently, you should not rely on these forward-looking statements as predictions of future events. Words such as "expect," "estimate," "project," "budget," "forecast," "anticipate," "intend," "plan," "may," "will," "could," "should," "believes," "predicts," "potential," "continue," and similar expressions (or the negative versions of such words or expressions) are intended to identify such forward-looking statements. The Company cautions readers not to place undue reliance upon any forward-looking statements, which are current only as of the date of this release. Results for any specified guarter are not necessarily indicative of the results that maybe expected for the full year or any future period. The Company does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in its expectations or any change in events, conditions, or circumstances on which any such statement is based, except as required by law. All subsequent written and oral forward-looking statements concerning the Company or other matters and attributable to the Company or any person acting on its behalf are expressly qualified in their entirety by the cautionary statements above. Readers are cautioned not to place undue reliance upon any forward-looking statements, which speak only as of the date made. A number of important factors exist that could cause future results to differ materially from historical performance and these forward-looking statements. Factors that might cause such a difference include, but are not limited to: the transformation of our business the transformation of our business from a vertically-integrated, diversified lending platform to a focused, reverse mortgage lending business; our ability to obtain sufficient capital and liquidity to meet the financing and operational requirements of our

business, and our ability to comply with our debt agreements and pay down our substantial debt; our proposed acquisition of American Advisors Group, as well as the proposed sale of our Incenter subsidiaries and their respective expected benefits and increased liquidity, anticipated cost savings, financial and accounting impact, and timing; our ability to successfully and timely integrate the business of American Advisors Group into the legacy business of the Company; the possibility that the Company may be adversely affected by other economic, business and/or competitive factors in our business markets worldwide financial markets, including a sustained period of higher interest rates; our ability to respond to significant changes in prevailing interest rates, and to develop a profitable business; our ability to manage disruptions in the secondary home loan market, including the mortgagebacked securities market; our ability to finance and recover costs of our reverse servicing operations; our ability to manage changes in our licensing status, business relationships, or servicing guidelines with Ginnie Mae, HUD or other governmental entities; our geographic market concentration if the economic conditions in our current markets should decline or as a result of natural disasters; our use of estimates in measuring or determining the fair value of the majority of our assets and liabilities, which may require us to write down the value of these assets or write up the value of these liabilities if they prove to be incorrect; our ability to manage various legal proceedings and compliance matters, federal or state governmental examinations and enforcement investigations we are subject to from time to time, including consumer protection laws applicable to reverse mortgage lenders, which may be highly complex and slow to develop, and results are difficult to predict or estimate; our ability to prevent cyber intrusions and mitigate cyber risks; our ability to compete with national banks, which are not subject to state licensing and operational requirements; our holding company status and dependency on distributions from Finance of America Equity Capital LLC; our "controlled company" status under New York Stock Exchange rules, which exempts us from certain corporate governance requirements and affords stockholders fewer protections; our substantial number of shares of Class A common stock issuable upon conversion of Finance of America Equity Capital LLC Units, which may dilute your investment, and the sale of which could cause significant downward pricing pressure on our stock; and our common stock trading history has been characterized by low trading volume, which may result in an inability to sell your shares at a desired price, if at all.

All of these factors are difficult to predict, contain uncertainties that may materially affect actual results and may be beyond our control. New factors emerge from time to time, and it is not possible for our management to predict all such factors or to assess the effect of each such new factor on our business. Although we believe that the assumptions underlying the forward-looking statements contained herein are reasonable, any of the assumptions could be inaccurate, and any of these statements included herein may prove to be inaccurate. Given the significant uncertainties inherent in the forward-looking statements included herein, the inclusion of such information should not be regarded as a representation by us or any other person that the results or conditions described in such statements, or our objectives and plans will be achieved. Please refer to Risk Factors included in our Annual Report on Form 10-K for the year ended December 31, 2021, originally filed with the Securities and Exchange Commission (the "SEC") on March 15, 2022, for further information on these and other risk factors affecting us, as such factors may be amended and updated from time to time in the Company's subsequent periodic filings with the SEC, which are accessible on the SEC's website at www.sec.gov.

The Company's management evaluates performance of the Company through the use certain non-GAAP financial measures, including Adjusted Net Income, Adjusted EBITDA, and Adjusted Diluted Earnings per Share.

We define Adjusted Net Income as net income adjusted for change in fair value of loans and securities held for investment due to assumption changes, change in fair value of deferred purchase price obligations (including earnouts and TRA obligations), warrant liability, and minority investments, amortization and other impairments, equity based compensation, and certain non-recurring costs.

We define Adjusted EBITDA as Adjusted Net Income (defined above) adjusted for taxes, interest on non-funding debt and depreciation.

We define Adjusted Diluted Earnings Per Share as Adjusted Net Income (defined above) divided by our weighted average diluted share count, which includes our issued and outstanding Class A Common Stock shares plus Finance of America Equity Capital LLC's Class A LLC units owned by our noncontrolling interests on an if-converted basis.

The presentation of non-GAAP measures is used to enhance investors' understanding of certain aspects of our financial performance. This discussion is not meant to be considered in isolation, superior to, or as a substitute for the directly comparable financial measures prepared in accordance with U.S. Generally Accepted Accounting Principles ("GAAP"). Management believes these key financial measures provide an additional view of our performance over the long-term and provide useful information that we use in order to maintain and grow our business.

These non-GAAP financial measures should not be considered as an alternate to (i) net income (loss) or any other performance measures determined in accordance with GAAP or (ii) operating cash flows determine in accordance with GAAP. Adjusted Net Income, Adjusted EBITDA, and Adjusted Diluted Earnings per Share have important limitations as analytical tools and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP. Some of the limitations of these metrics are: (i) cash expenditures for future contractual commitments; (ii) cash requirements for working capital needs; (iii) cash requirements for certain tax payments; and (iv) all non-cash income/expense items.

Because of these limitations, Adjusted Net Income, Adjusted EBITDA, and Adjusted Diluted Earnings per Share should not be considered as measures of discretionary cash available to us to invest in the growth of our business or distribute to stockholders. We compensate for these limitations by relying primarily on our GAAP results and using our non-GAAP financial measures only as a supplement. Users of our interim unaudited consolidated financial statements are cautioned not to place undue reliance on our non-GAAP financial measures.
