

Apollo Global Management, LLC Reports Fourth Quarter and Full Year 2015 Results

Apollo Adopts Plan to Repurchase \$250 Million of Shares

New York, February 3, 2016-- Apollo Global Management, LLC (NYSE:APO) (together with its consolidated subsidiaries, “Apollo”) today reported results for the fourth quarter and full year ended December 31, 2015.

“During 2015 the funds we manage generated inflows of nearly \$24 billion and deployed more than \$13 billion, which we believe demonstrates the power of Apollo’s integrated global platform amid a volatile market backdrop,” said Leon Black, Chairman and Chief Executive Officer of Apollo. “In addition, since we do not believe the current share price of Apollo reflects the strength of our business model and growth opportunities, today we announced the adoption of a \$250 million share repurchase plan. This repurchase plan highlights the confidence we have in our business and our ongoing commitment to delivering value to Apollo’s shareholders.”

Apollo issued a full detailed presentation of its fourth quarter and full year ended December 31, 2015 results, which can be viewed through the Investor Relations section of Apollo’s website at <http://ir.agm.com>.

Share Repurchase Plan

Apollo has adopted a plan to repurchase up to \$250 million in the aggregate of its Class A shares, including up to \$150 million in the aggregate of its outstanding Class A shares through a share repurchase program and up to \$100 million through a reduction of Class A shares to be issued to employees to satisfy associated tax obligations in connection with the settlement of equity-based awards granted under the Company’s equity incentive plan. Under the share repurchase program, shares may be repurchased from time to time in open market transactions, in privately negotiated transactions or otherwise, with the size and timing of these repurchases depending on legal requirements, price, market and economic conditions and other factors.

Distribution

Apollo has declared a fourth quarter ended December 31, 2015 cash distribution of \$0.28 per Class A share. This distribution will be paid on February 29, 2016 to holders of record at the close of business on February 19, 2016. Apollo intends to distribute to its shareholders on a quarterly basis substantially all of its distributable earnings after taxes and related payables in excess of amounts determined by its manager to be necessary or appropriate to provide for the conduct of its business. However, Apollo cannot assure its shareholders that they will receive any distributions in the future.

Conference Call

Apollo will host a conference call on Wednesday, February 3, 2016 at 10:00 a.m. Eastern Time. During the call, members of Apollo’s senior management team will review Apollo’s financial results for the fourth quarter and full year ended December 31, 2015. The conference call may be accessed by dialing (888) 868-4188 (U.S. domestic) or +1 (615) 800-6914 (international), and providing conference call ID 4425452 when prompted by the operator. The number should be dialed at least ten minutes prior to the start of the call. A simultaneous webcast of the conference call will be available to the public on a listen-only basis and can be accessed through the Investor Relations section of Apollo’s website at <http://ir.agm.com>.

Following the call, a replay of the event may be accessed either telephonically or via audio webcast. A telephonic replay of the live broadcast will be available approximately two hours after the live broadcast by dialing (800) 585-8367 (U.S. callers) or +1 (404) 537-3406 (non-U.S. callers), passcode 4425452. To access the audio webcast, please visit Events in the Investor Relations section of Apollo’s website at <http://ir.agm.com>.

2015 Schedule K-1 Distribution

The 2015 schedules K-1 will be available on or about March 15, 2016 and can be accessed via www.partnerdatalink.com/Apollo. Shareholders can visit this site now to register to be notified when the 2015 schedules K-1 are available to be downloaded. Please note that the income, gain, loss, deduction, or credit reported to you on schedule K-1 is independent of the annual cash generated and the annual cash distributions made by Apollo. As a partnership for U.S. federal income tax purposes, investors in Apollo are required to report their share of the income, gain, loss, deduction, or credit that is allocated to them from Apollo. The U.S. federal taxable income of Apollo is determined by using the applicable U.S. federal income tax rules, and these amounts may vary from year to year depending on the nature of the income of Apollo and the activity of its subsidiaries.

About Apollo

Apollo is a leading global alternative investment manager with offices in New York, Los Angeles, Houston, Chicago, Bethesda, Toronto, London, Frankfurt, Madrid, Luxembourg, Mumbai, Delhi, Singapore, Hong Kong and Shanghai. Apollo had assets under management of approximately \$170 billion as of December 31, 2015 in private equity, credit and real estate funds invested across a core group of nine industries where Apollo has considerable knowledge and resources. For more information about Apollo, please visit www.agm.com.

Forward-Looking Statements

In this press release, references to “Apollo,” “we,” “us,” “our” and the “Company” refer collectively to Apollo Global Management, LLC, together with its consolidated subsidiaries. This press release may contain forward looking statements that are within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements include, but are not limited to, discussions related to Apollo’s expectations regarding the performance of its business, its liquidity and capital resources and the other non-historical statements in the discussion and analysis. These forward-looking statements are based on management’s beliefs, as well as assumptions made by, and information currently available to, management. When used in this press release, the words “believe,” “anticipate,” “estimate,” “expect,” “intend” and similar expressions are intended to identify forward-looking statements. Although management believes that the expectations reflected in these forward looking statements are reasonable, it can give no assurance that these expectations will prove to have been correct. These statements are subject to certain risks, uncertainties and assumptions, including risks relating to our dependence on certain key personnel, our ability to raise new private equity, credit or real estate funds, market conditions, generally, our ability to manage our growth, fund performance, changes in our regulatory environment and tax status, the variability of our revenues, net income and cash flow, our use of leverage to finance our businesses and investments by our funds and litigation risks, among others. We believe these factors include but are not limited to those described under the section entitled “Risk Factors” in Apollo’s annual report on Form 10-K filed with the Securities and Exchange Commission (the “SEC”) on February 27, 2015, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this press release and in other filings. We undertake no obligation to publicly update or review any forward-looking statements, whether as a result of new information, future developments or otherwise, except as required by applicable law. This press release does not constitute an offer of any Apollo fund.

(1) 2014 figures include monitoring fees paid by Athene and gains resulting from reductions of the tax receivable agreement liability. 2015 and 2014 figures include AAA management fees.

(2) Represents realized carried interest income settled by receipt of securities.

(3) Represents estimated current corporate, local and non-U.S. taxes as well as amounts payable under Apollo's tax receivable agreement.

(4) Calculation is based on end of period Class A shares outstanding and restricted share units ("RSUs") that participate in distributions (collectively referred to as "common & equivalents").

Highlights

- Economic Loss driven by negative unrealized mark-to-market performance within the Incentive Business and the impact of a reserve⁽⁵⁾ in the Management Business
- Traditional private equity fund depreciation during the quarter of 2.0%⁽¹⁾ was driven by energy-related investments and public debt held by the funds
- Deployed \$1.8 billion across primarily 10 investments during the quarter with an additional \$1.7 billion committed but not yet deployed capital⁽²⁾ at quarter end
- Realization activity driven by a partial sale of Veritable Maritime, a secondary sale of Norwegian Cruise Lines, and a full disposition of Nine Entertainment
- Inflows driven by the subsequent closes of the second natural resources fund
- At quarter end, Fund VI and VII escrow ratios were 95% and 106%, respectively, which were below the required escrow ratio of 115%

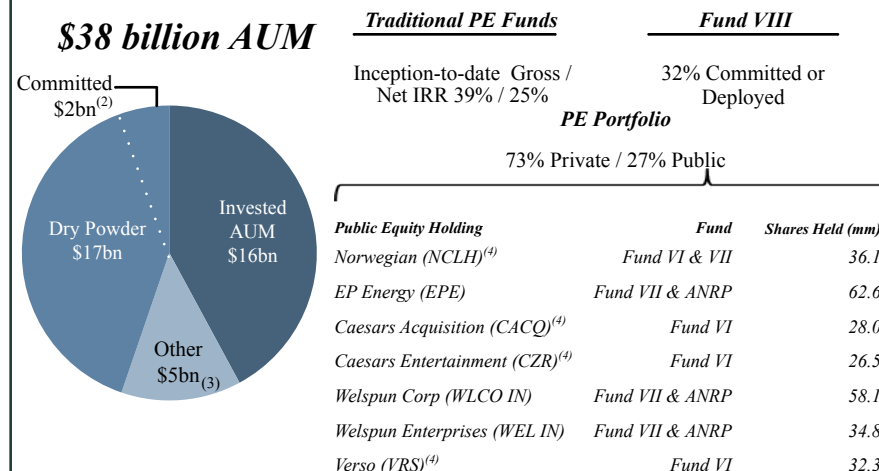

Financial Results Summary

(\$ in thousands)	4Q'14	3Q'15	4Q'15
MB Revenues	\$80,257	\$76,612	\$50,119

Business Drivers

	4Q'15	FY'15
Inflows	\$0.8bn	\$2.3bn
Deployment	\$1.8bn	\$5.1bn
Realizations	\$1.0bn	\$4.7bn
Performance⁽¹⁾	(2.0)%	(0.2)%

Key Stats

(1) Represents traditional private equity fund appreciation (depreciation) as defined in the non-GAAP financial information and definitions section of this presentation. (2) Represents capital committed to investments as of December 31, 2015 by Apollo's private equity funds. These investments have not yet closed and may be subject to a variety of closing conditions or other contractual provisions, which could result in such capital not ultimately being invested. (3) Other represents approximately \$5 billion of uncalled commitments which can be called for fund fees and expenses only and are not available for investment or reinvestment subject to the provisions of the applicable fund limited partnership agreements or other governing agreements. (4) Includes shares held by Athene in associated co-investment vehicles. (5) 4Q'15 includes impact of reserve of \$45 million accrued in connection with an ongoing SEC regulatory matter previously disclosed in our third quarter 2015 Form 10-Q principally concerning the acceleration of fees from fund portfolio companies.

Highlights

- Economic Income driven by Management Business earnings, and complemented by Incentive Business earnings
- Total credit gross and net returns⁽²⁾ of (1.2)% and (1.4)%, respectively, driven by negative unrealized mark-to-market losses amid a challenging market backdrop
- Inflows primarily driven by Athene's acquisition of Delta Lloyd, MidCap's partial acquisition of Mubadala GE Capital, and the inclusion of a private business development company that Apollo sub-advises
- Strong capital deployment activity in Drawdown funds driven by high yield corporates, hospitality, insurance and energy
- Realization activity driven by Liquid / Performing funds, as well as opportunistic Drawdown funds

Financial Results Summary

(2) Gross return represents gross return as defined in the non-GAAP financial information and definitions section of this presentation with the exception of CLO assets in Liquid/Performing which are calculated based on gross return on invested assets, which excludes cash. The 4Q'15 net returns for Liquid/Performing, Drawdown and Permanent Capital Vehicles ex AAM were (1.0)%, (2.7)%, (0.9)%, respectively, and (1.4)% for total credit excluding assets managed by AAM that are not directly invested in Apollo funds or sub-advised by Apollo. The FY'15 net returns for Liquid/Performing, Drawdown and Permanent Capital Vehicles ex AAM were 1.3%, (2.8)%, 0.1%, respectively, and 0.3% for total credit excluding assets managed by AAM that are not directly invested in Apollo funds or sub-advised by Apollo. (3) Athene Non-Sub-Advised includes \$44.9 billion of Athene Asset Management, L.P. AUM and \$5.1 billion of Athene Germany AUM, but excludes \$14.6 billion of assets that were either sub-advised by Apollo or invested in funds and investment vehicles managed by Apollo. (4) Significant Drawdown funds and strategic investment accounts ("SIAs") had inception-to-date ("ITD") gross and net IRRs of 16.3% and 12.5%, respectively, as of December 31, 2015. Significant Drawdown funds and SIAs include funds and SIAs with AUM greater than \$200 million that did not predominantly invest in other Apollo funds or SIAs.

Highlights

- Increase in Economic Income quarter-over-quarter driven by improved results in both the Management and Incentive Businesses
- Year-over-year Management Business revenue growth primarily driven by strong growth in the commercial real estate debt business
- Inflows for the quarter driven by capital raised for the AGRE Debt Fund, managed account activity, as well as capital raised for Apollo U.S. Real Estate Fund II where 77% of the capital has been invested or committed
- Inflows in 2015 were the highest level for the segment since 2010
- Deployment activity driven by commercial mortgage lending activity, as well as equity investments in office and hotel properties
- Realizations driven by both debt and equity funds

(1) Inflows at the individual segment level represent subscriptions, commitments, and other increases in available capital, such as acquisitions or leverage, net of inter-segment transfers. Outflows represent redemptions and other decreases in available capital. Realizations represent fund distributions of realized proceeds. Market activity represents gains (losses), the impact of foreign exchange rate fluctuations and other income.

(2) Included in the FY'15 outflows for Total AUM and FGAUM is \$1,202 million and \$595 million of redemptions, respectively.

(1) DE Before Certain Payables represents Distributable Earnings before the deduction for estimated current corporate taxes and the amounts payable under Apollo's tax receivable agreement.

(2) Per share calculations are based on end of period total Class A shares outstanding and RSUs that participate in distributions (see page 26 for the share rollforward), (collectively referred to as "common & equivalents").

(3) Retained capital is withheld pro-rata from common and equivalent holders and Apollo Operating Group ("AOG") unitholders.

- At December 31, 2015, Apollo had \$613 million in total cash, \$1.2 billion of investments, and \$348 million of net carried interest receivable for a total net value of \$2.2 billion, or \$5.33 DE per share outstanding
- Long-term debt of \$1.0 billion, includes \$495 million in senior notes due 2024 and \$499 million of term loan due 2019
- Apollo has a \$500 million revolving credit facility expiring in 2019, which remained undrawn as of December 31, 2015
- Unfunded future general partner commitments totaled \$566 million as of December 31, 2015, of which \$290 million were commitments to Fund VIII

- (1) As of December 31, 2015, the remaining investments and escrow cash of Fund VII and Fund VI were valued at 106% and 95% of the fund's unreturned capital, respectively, which were below the required escrow ratio of 115%. As a result, these funds are required to place in escrow current and future carried interest income distributions to the general partner until the specified return ratio of 115% is met (at the time of a future distribution) or upon liquidation. As of December 31, 2015, Fund VI had \$167.6 million of gross carried interest income, or \$110.7 million net of profit sharing, in escrow. Of these amounts, assuming a hypothetical liquidation on December 31, 2015, \$52.6 million of gross carried interest, or \$34.7 million net of profit sharing, would be paid to the general partner. As of December 31, 2015, Fund VII had no carried interest held in escrow. With respect to Fund VI, realized carried interest income currently distributed to the general partner is limited to tax distributions per the fund's partnership agreement.
- (2) AAA includes \$185.5 million of carried interest receivable, or \$122.6 million net of profit sharing, from AAA Investments, L.P. ("AAA Investments") which will be paid in common shares of Athene Holding (valued at the then fair market value) if there is a distribution in kind of shares of Athene Holding (unless such payment in shares would violate Section 16(b) of the U.S. Securities Exchange Act of 1934, as amended), or paid in cash if AAA sells the shares of Athene Holding. In addition, Other includes certain SLAs.
- (3) As of December 31, 2015, Fund V, APC, ANRP, ACLF, COF II, and certain SLAs within the credit segment had \$10.8 million, \$2.1 million, \$3.4 million, \$25.6 million, \$0.4 million, and \$29.7 million, respectively, in general partner obligations to return previously distributed carried interest income. The fair value gain on investments and income at the fund level needed to reverse the general partner obligations in Fund V, APC, ANRP, ACLF, COF II, and certain SLAs within the credit segment was \$71.7 million, \$12.3 million, \$217.5 million, \$64.5 million, \$5.1 million, and \$191.5 million, respectively, as of December 31, 2015.
- (4) There was a corresponding profit sharing payable of \$295.7 million as of December 31, 2015, including profit sharing payable related to amounts in escrow and contingent consideration obligations of \$79.6 million.

- As of December 31, 2015, Apollo had \$82.7 billion of AUM across seven Permanent Capital Vehicles⁽¹⁾
- Apollo generated \$113.0 million of Management Business revenues from Permanent Capital Vehicles during the quarter, representing 51% of total Management Business revenues and \$449.4 million during the full year 2015
- The compound annualized growth rate (“CAGR”) of permanent capital AUM since 2010 is 64%. Apollo will continue to seek to grow its base of permanent capital opportunistically

⁽¹⁾ The investment management arrangements of the Permanent Capital Vehicles that Apollo manages may be terminated under certain circumstances. Refer to page 30 of this presentation for a definition of Permanent Capital Vehicles and additional information regarding the circumstances under which the investment management arrangements of the Permanent Capital Vehicles may be terminated.

⁽²⁾ Athene Asset Management / Athene Germany includes \$44.9 billion of Athene Asset Management, L.P. AUM, \$5.1 billion of Athene Germany AUM and \$14.6 billion of assets that were either sub-advised by Apollo or invested in funds and investment vehicles managed by Apollo.

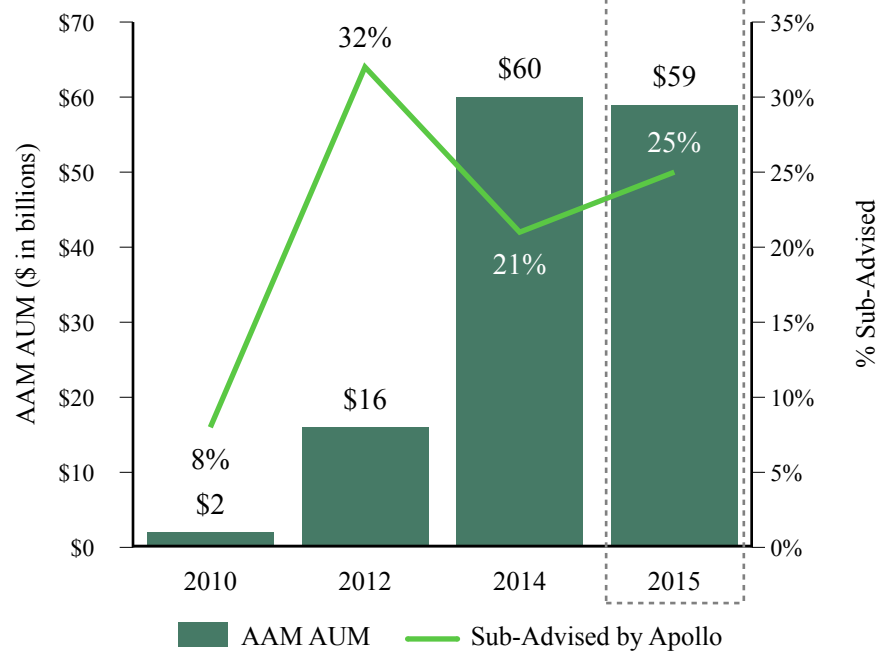

⁽³⁾ Amounts are as of September 30, 2015. Refer to www.apolloic.com for the most recent financial information on AINV. The information contained on AINV's website is not part of this presentation. Includes \$1.4 billion of AUM related to a private business development company.

⁽⁴⁾ Amounts are as of September 30, 2015. Refer to www.apolloreidentialmortgage.com for the most recent financial information on AMTG. The information contained on AMTG's website is not part of this presentation.

⁽⁵⁾ Amounts are as of September 30, 2015. Refer to www.apolloreit.com for the most recent financial information on ARI. The information contained on ARI's website is not part of this presentation.

- As of December 31, 2015, AAM had \$59.5 billion of total AUM in accounts owned by or related to Athene Holding
- Of the total AUM, \$14.6 billion, or 25%, was either sub-advised by Apollo or invested in funds and investment vehicles managed by Apollo, compared to \$12.6 billion and 21%, respectively, at December 31, 2014
- During the quarter, \$454 million of AAM assets under management moved from non-sub-advised to sub-advised by Apollo, bringing the total amount of new sub-advised AUM over the twelve months ended December 31, 2015 to \$3.0 billion
- Apollo will continue to seek attractive investment opportunities that are consistent with AAM's investment objectives on behalf of Athene

(1) Apollo adopted new GAAP consolidation and collateralized financing entity ("CFE") guidance in 2Q'15 which resulted in the deconsolidation of certain funds as of January 1, 2015 and a measurement alternative of the financial assets and liabilities of the remaining consolidated CLOs. The adoption did not impact net income attributable to Apollo Global Management, LLC in FY'15, but did change various line items within the statement of operations. Such amounts have been recast in FY'15.

Note: The Drawdown funds included in the investment record table above have greater than \$500 million of AUM and/or form part of a flagship series of funds. The SIAs included in the investment record table above have greater than \$200 million of AUM and do not predominantly invest in other Apollo funds or SIAs. Footnotes to the above table appear on page 23.

- (1) Refer to the definitions of Total Invested Capital, Realized Value, Remaining Cost, Unrealized Value, Total Value, Gross IRR and Net IRR in the non-GAAP financial information & definitions section of this presentation.
- (2) Returns have not been presented as the fund commenced investing capital less than 24 months prior to the period indicated and therefore such return information was deemed not meaningful.
- (3) Fund I and Fund II were structured such that investments were made from either fund depending on which fund had available capital. Apollo does not differentiate between Fund I and Fund II investments for purposes of performance figures because it believes they are not meaningful on a separate basis and do not demonstrate the progression of returns over time. The general partners and managers of Funds I, II and MIA, as well as the general partner of Fund III, were excluded assets in connection with the 2007 Reorganization. As a result, Apollo did not receive the economics associated with these entities. The investment performance of these funds is presented to illustrate fund performance associated with Apollo's Managing Partners and other investment professionals.
- (4) Total IRR is calculated based on total cash flows for all funds presented.
- (5) ANRP II and Apollo U.S. Real Estate Fund II, L.P. were launched prior to December 31, 2015 and have not established their vintage year.
- (6) Funds are denominated in Euros and historical figures are translated into U.S. dollars at an exchange rate of €1.00 to \$1.09 as of December 31, 2015.
- (7) Amounts presented have been aggregated for (i) Drawdown funds with AUM greater than \$500 million that do not form part of a flagship series of funds and (ii) SIAs with AUM greater than \$200 million that do not predominantly invest in other Apollo funds or SIAs. Certain SIAs' historical figures are denominated in Euros and translated into U.S. dollars at an exchange rate of €1.00 to \$1.09 as of December 31, 2015. Additionally, certain SIAs totaling \$1.4 billion of AUM have been excluded from Total Invested Capital, Realized Value, Remaining Cost, Unrealized Value and Total Value. These SIAs have an open ended life and a significant turnover in their portfolio assets due to the ability to recycle capital. These SIAs had \$8.3 billion of Total Invested Capital through December 31, 2015.
- (8) AGRE U.S. Real Estate Fund, L.P., a closed-end private investment fund, has \$150 million of co-investment commitments raised, which are included in the figures in the table. A co-invest entity within AGRE U.S. Real Estate Fund, L.P. is denominated in GBP and translated into U.S. dollars at an exchange rate of £1.00 to \$1.47 as of December 31, 2015.
- (9) As part of the acquisition of Citi Property Investors ("CPI"), Apollo acquired general partner interests in fully invested funds. CPI Funds refers to CPI Capital Partners North America, CPI Capital Partners Asia Pacific, CPI Capital Partners Europe and other CPI funds or individual investments of which Apollo is not the general partner or manager and only receives fees pursuant to either a sub-advisory agreement or an investment management and administrative agreement. For CPI Capital Partners North America, CPI Capital Partners Asia Pacific and CPI Capital Partners Europe, the gross and net IRRs are presented in the investment record table since acquisition on November 12, 2010. The aggregate net IRR for these funds from their inception to December 31, 2015 was (1)%. This net IRR was primarily achieved during a period in which Apollo did not make the initial investment decisions and Apollo only became the general partner or manager of these funds upon completing the acquisition on November 12, 2010.
- (10) Certain private equity co-investment vehicles and funds with AUM less than \$500 million have been excluded. These co-investment vehicles and funds had \$3.2 billion of aggregate AUM as of December 31, 2015.
- (11) Certain credit funds and SIAs with AUM less than \$500 million and \$200 million, respectively, have been excluded. These funds and SIAs had \$2.8 billion of aggregate AUM as of December 31, 2015.
- (12) Certain accounts owned by or related to Athene, certain co-investment vehicles and certain funds with AUM less than \$500 million have been excluded. These accounts, co-investment vehicles and funds had \$5.3 billion of aggregate AUM as of December 31, 2015.
- (13) Remaining cost for certain of our credit funds may include physical cash called, invested or reserved for certain levered investments.

Note: The above table summarizes the investment record for our Liquid/Performing and Permanent Capital Vehicles excluding AAM/AAA as defined in the non-GAAP financial information & definitions section of this presentation. All amounts are as of December 31, 2015, unless otherwise noted. Footnotes to the above tables appear on page 25.

- (1) *Hedge funds includes Apollo Credit Strategies Master Fund Ltd., Apollo Credit Master Fund Ltd., Apollo Credit Short Opportunities Fund and Apollo Value Strategic Fund, L.P.*
- (2) *CLO returns are calculated based on gross return on invested assets, which excludes cash.*
- (3) *Total returns are based on the change in closing trading prices during the respective periods presented taking into account dividends and distributions, if any, as if they were reinvested without regard to commission.*
- (4) *An initial public offering (“IPO”) year represents the year in which the vehicle commenced trading on a national securities exchange.*
- (5) *MidCap Financial is not a publicly traded vehicle and therefore IPO year is not applicable.*
- (6) *Returns have not been presented as the Permanent Capital Vehicle commenced investing capital less than 24 months prior to the period indicated and therefore such return information was deemed not meaningful.*
- (7) *All amounts are as of September 30, 2015 except for total returns. Refer to www.apollosresidentialmortgage.com for the most recent financial information on AMTG. The information contained on AMTG’s website is not part of this presentation.*
- (8) *All amounts are as of September 30, 2015 except for total returns. Refer to www.apolloic.com for the most recent financial information on AINV. The information contained on AINV’s website is not part of this presentation. Includes \$1.4 billion of AUM related to a private business development company sub-advised by Apollo. Net returns exclude performance of the private business development company.*
- (9) *All amounts are as of September 30, 2015 except for total returns. Refer to www.apolloreit.com for the most recent financial information on ARI. The information contained on ARI’s website is not part of this presentation.*
- (10) *SIAs/Other excludes \$0.9 billion of AUM related to advisory assets under management.*

Apollo discloses the following financial measures that are calculated and presented on the basis of methodologies other than in accordance with generally accepted accounting principles in the United States of America (“Non-GAAP”):

- **“Economic Income”** (previously referred to as Economic Net Income), or **“EI”**, as well as **“Economic Net Income”** (previously referred to as ENI After Taxes), or **“ENI”**, are key performance measures used by management in evaluating the performance of Apollo’s private equity, credit and real estate segments. Management uses these performance measures in making key operating decisions such as the following:
 - Decisions related to the allocation of resources such as staffing decisions including hiring and locations for deployment of the new hires;
 - Decisions related to capital deployment such as providing capital to facilitate growth for the business and/or to facilitate expansion into new businesses; and
 - Decisions related to expenses, such as determining annual discretionary bonuses and equity-based compensation awards to its employees. With respect to compensation, management seeks to align the interests of certain professionals and selected other individuals with those of the investors in the funds and those of Apollo’s shareholders by providing such individuals a profit sharing interest in the carried interest income earned in relation to the funds. To achieve that objective, a certain amount of compensation is based on Apollo’s performance and growth for the year.
- **EI** represents segment income (loss) before income tax provision excluding transaction-related charges arising from the 2007 private placement, and any acquisitions. Transaction-related charges includes equity-based compensation charges, the amortization of intangible assets, contingent consideration and certain other charges associated with acquisitions. In addition, segment data excludes non-cash revenue and expense related to equity awards granted by unconsolidated affiliates to employees of the Company, as well as the assets, liabilities and operating results of the funds and VIEs that are included in the consolidated financial statements.
- **ENI** represents EI adjusted to reflect income tax provision on EI that has been calculated assuming that all income is allocated to Apollo Global Management, LLC, which would occur following an exchange of all AOG Units for Class A shares of Apollo Global Management, LLC. The economic assumptions and methodologies that impact the implied income tax provision are similar to those methodologies and certain assumptions used in calculating the income tax provision for Apollo’s consolidated statements of operations under U.S. GAAP.
- **“Distributable Earnings”**, or **“DE”**, as well as **“DE After Taxes and Related Payables”** are derived from Apollo’s segment reported results, and are supplemental measures to assess performance and amounts available for distribution to Class A shareholders, holders of RSUs that participate in distributions and holders of AOG Units. DE represents the amount of net realized earnings without the effects of the consolidation of any of the affiliated funds. DE, which is a component of EI, is the sum across all segments of (i) total management fees and advisory and transaction fees, excluding monitoring fees received from Athene based on its capital and surplus (as defined in Apollo’s transaction advisory services agreement with Athene), (ii) other income (loss), excluding the gains (losses) arising from the reversal of a portion of the tax receivable agreement liability, (iii) realized carried interest income, and (iv) realized investment income, less (i) compensation expense, excluding the expense related to equity-based awards, (ii) realized profit sharing expense, and (iii) non-compensation expenses, excluding depreciation and amortization expense. DE After Taxes and Related Payables represents DE less estimated current corporate, local and non-U.S. taxes as well as the payable under Apollo’s tax receivable agreement.

- **“Assets Under Management”, or “AUM”,** refers to the assets we manage or advise for the funds, partnerships and accounts to which we provide investment management or advisory services, including, without limitation, capital that such funds, partnerships and accounts have the right to call from investors pursuant to capital commitments. Our AUM equals the sum of:
 - i) the fair value of the investments of the private equity funds, partnerships and accounts we manage or advise plus the capital that such funds, partnerships and accounts are entitled to call from investors pursuant to capital commitments;
 - ii) the net asset value, or “NAV,” of the credit funds, partnerships and accounts for which we provide investment management or advisory services, other than certain collateralized loan obligations (“CLOs”) and collateralized debt obligations (“CDOs”), which have a fee-generating basis other than the mark-to-market value of the underlying assets, plus used or available leverage and/or capital commitments;
 - iii) the gross asset value or net asset value of the real estate funds, partnerships and accounts we manage or advise, and the structured portfolio company investments of the funds, partnerships and accounts we manage or advise, which includes the leverage used by such structured portfolio company investments;
 - iv) the incremental value associated with the reinsurance investments of the portfolio company assets we manage or advise; and
 - v) the fair value of any other assets that we manage or advise for the funds, partnerships and accounts to which we provide investment management or advisory services, plus unused credit facilities, including capital commitments to such funds, partnerships and accounts for investments that may require pre-qualification before investment plus any other capital commitments to such funds, partnerships and accounts available for investment that are not otherwise included in the clauses above.

Our AUM measure includes Assets Under Management for which we charge either no or nominal fees. In addition our AUM measure includes certain assets for which we do not have investment discretion. Our definition of AUM is not based on any definition of Assets Under Management contained in our operating agreement or in any of our Apollo fund management agreements. Given the differences in the investment strategies and structures among other alternative investment managers, our calculation of AUM may differ from the calculations employed by other investment managers and, as a result, this measure may not be directly comparable to similar measures presented by other investment managers. Our calculation also differs from the manner in which our affiliates registered with the SEC report “Regulatory Assets Under Management” on Form ADV and Form PF in various ways.

We use AUM as a performance measurement of our investment activities, as well as to monitor fund size in relation to professional resource and infrastructure needs.

- **“AUM with Future Management Fee Potential”** refers to the committed uninvested capital portion of total AUM not currently earning management fees. The amount depends on the specific terms and conditions of each fund.
- **“Fee-Generating AUM”** consists of assets we manage or advise for the funds, partnerships and accounts to which we provide investment management or advisory services and on which we earn management fees, monitoring fees pursuant to management or other fee agreements on a basis that varies among the Apollo funds, partnerships and accounts we manage or advise. Management fees are normally based on “net asset value,” “gross assets,” “adjusted par asset value,” “adjusted cost of all unrealized portfolio investments,” “capital commitments,” “adjusted assets,” “stockholders’ equity,” “invested capital” or “capital contributions,” each as defined in the applicable management agreement. Monitoring fees, also referred to as advisory fees, with respect to the structured portfolio company investments of the funds, partnerships and accounts we manage or advise, are generally based on the total value of such structured portfolio company investments, which normally includes leverage, less any portion of such total value that is already considered in Fee-Generating AUM.
- **“Carry-Eligible AUM”** refers to the AUM that may eventually produce carried interest income. All funds for which we are entitled to receive a carried interest income allocation are included in Carry-Eligible AUM, which consists of the following:
 - **“Carry-Generating AUM”,** which refers to invested capital of the funds, partnerships and accounts we manage or advise, that is currently above its hurdle rate or preferred return, and profit of such funds, partnerships and accounts is being allocated to the general partner in accordance with the applicable limited partnership agreements or other governing agreements;
 - **“AUM Not Currently Generating Carry”,** which refers to invested capital of the funds, partnerships and accounts we manage or advise that is currently below its hurdle rate or preferred return; and
 - **“Uninvested Carry-Eligible AUM”,** which refers to capital of the funds, partnerships and accounts we manage or advise that is available for investment or reinvestment subject to the provisions of applicable limited partnership agreements or other governing agreements, which capital is not currently part of the NAV or fair value of investments that may eventually produce carried interest income allocable to the general partner.

- **“Capital deployed”** or **“Deployment”** is the aggregate amount of capital that has been invested during a given period (which may, in certain cases, include leverage) by (i) our drawdown funds (ii) SIAs that have a defined maturity date and (iii) funds and SIAs in our real estate debt strategy.
- **“Drawdown”** refers to commitment-based funds and certain SIAs in which investors make a commitment to provide capital at the formation of such funds and deliver capital when called as investment opportunities become available. It includes Athene assets managed by AAM that are invested in commitment-based funds.
- **“Distributable Earnings Shares Outstanding”** or **“DE Shares Outstanding”** represents Non-GAAP Diluted Shares Outstanding and unvested RSUs that participate in distributions. Management uses this measure in determining DE per share as well as DE After Taxes and Related Payables per share described below.
- **“Dry Powder”** represents the amount of capital available for investment or reinvestment subject to the provisions of the applicable limited partnership agreements or other governing agreements of the funds, partnerships and accounts we manage.
- **Gross IRR** of a private equity fund represents the cumulative investment-related cash flows in the fund itself (and not any one investor in the fund) on the basis of the actual timing of investment inflows and outflows (for unrealized investments assuming disposition on December 31, 2015 or other date specified) aggregated on a gross basis quarterly, and the return is annualized and compounded before management fees, carried interest and certain other fund expenses (including interest incurred by the fund itself) and measures the returns on the fund’s investments as a whole without regard to whether all of the returns would, if distributed, be payable to the fund’s investors.
- **Gross IRR** of a credit fund represents the annualized return of a fund based on the actual timing of all cumulative fund cash flows before management fees, carried interest income allocated to the general partner and certain other fund expenses. Calculations may include certain investors that do not pay fees. The terminal value is the net asset value as of the reporting date. Non- U.S. dollar denominated (“USD”) fund cash flows and residual values are converted to USD using the spot rate as of the reporting date.
- **Gross IRR** of a real estate fund represents the cumulative investment-related cash flows in the fund itself (and not any one investor in the fund), on the basis of the actual timing of cash inflows and outflows (for unrealized investments assuming disposition on December 31, 2015 or other date specified) starting on the date that each investment closes, and the return is annualized and compounded before management fees, carried interest, and certain other fund expenses (including interest incurred by the fund itself) and measures the returns on the fund’s investments as a whole without regard to whether all of the returns would, if distributed, be payable to the fund’s investors. Non-USD fund cash flows and residual values are converted to USD using the spot rate as of the reporting date.
- **Gross Return** of a credit or real estate fund is the monthly or quarterly time-weighted return that is equal to the percentage change in the value of a fund’s portfolio, adjusted for all contributions and withdrawals (cash flows) before the effects of management fees, incentive fees allocated to the general partner, or other fees and expenses. Returns of Athene Sub-advised portfolios and CLOs represent the gross returns on invested assets, which exclude cash. Returns over multiple periods are calculated by geometrically linking each period’s return over time.
- **“Inflows”** represents (i) at the individual segment level, subscriptions, commitments, and other increases in available capital, such as acquisitions or leverage, net of inter-segment transfers, and (ii) on an aggregate basis, the sum of Inflows across the private equity, credit and real estate segments.
- **“Liquid/Performing”** includes CLOs and other performing credit vehicles, hedge fund style credit funds, structured credit funds and SIAs. It also includes sub-advised managed accounts owned by or related to Athene. Certain commitment-based SIAs are included as the underlying assets are liquid.
- **“Multiple of Invested Capital”** or **“MOIC”** is calculated as Total Value divided by Total Invested Capital.
- **Net IRR** of a private equity fund means the Gross IRR, including returns for related parties which may not pay fees or carried interest, net of management fees, certain fund expenses (including interest incurred by the fund itself) and realized carried interest all offset to the extent of interest income, and measures returns on amounts that, if distributed, would be paid to investors of the fund. To the extent that an Apollo private equity fund exceeds all requirements detailed within the applicable fund agreement, the estimated unrealized value is adjusted such that a percentage of up to 20.0% of the unrealized gain is allocated to the general partner of the fund, thereby reducing the balance attributable to fund investors. Net IRR does not represent the return to any fund investor.
- **Net IRR** of a credit fund represents the annualized return of a fund after management fees, carried interest income allocated to the general partner and certain other fund expenses, calculated on investors that pay such fees. The terminal value is the net asset value as of the reporting date. Non-USD fund cash flows and residual values are converted to USD using the spot rate as of the reporting date.

- **Net IRR** of a real estate fund represents the cumulative cash flows in the fund (and not any one investor in the fund), on the basis of the actual timing of cash inflows received from and outflows paid to investors of the fund (assuming the ending net asset value as of December 31, 2015 or other date specified is paid to investors), excluding certain non-fee and non-carry bearing parties, and the return is annualized and compounded after management fees, carried interest, and certain other expenses (including interest incurred by the fund itself) and measures the returns to investors of the fund as a whole. Non-USD fund cash flows and residual values are converted to USD using the spot rate as of the reporting date.
- **Net Return** of a credit or real estate fund represents the Gross Return after management fees, incentive fees allocated to the general partner, or other fees and expenses. Returns of Athene sub-advised portfolios and CLOs represent the gross or net returns on invested assets, which exclude cash. Returns over multiple periods are calculated by geometrically linking each period's return over time.
- **"Non-GAAP Diluted Shares Outstanding"** is calculated using the GAAP outstanding Class A shares plus non-GAAP adjustments assuming (i) the exchange of all of the AOG Units for Class A shares and (ii) the settlement of the vested RSUs in the form of Class A shares during the period. Management uses this measure, taking into account the unvested RSUs that participate in distributions, in determining our Class A shares eligible for cash distributions.
- **"Non-GAAP Weighted Average Diluted Shares Outstanding"** is calculated using the GAAP weighted average outstanding Class A shares plus non-GAAP adjustments assuming (i) the exchange of all of the AOG Units for Class A shares and (ii) the settlement of the weighted average vested RSUs in the form of Class A shares during the period. Management uses this measure in determining EI and ENI per share.
- **"Permanent Capital Vehicles"** refers to (a) assets that are managed by Athene Asset Management, L.P., (b) assets that are owned by or related to MidCap FinCo Limited and managed by Apollo Capital Management, L.P., (c) assets of publicly traded vehicles managed by Apollo such as AP Alternative Assets, L.P. ("AAA"), Apollo Investment Corporation ("AINV"), Apollo Commercial Real Estate Finance, Inc. ("ARI"), Apollo Residential Mortgage, Inc. ("AMTG"), Apollo Tactical Income Fund Inc. ("AIF"), and Apollo Senior Floating Rate Fund Inc. ("AFT"), in each case that do not have redemption provisions or a requirement to return capital to investors upon exiting the investments made with such capital, except as required by applicable law and (d) a private business development company sub-advised by Apollo. The investment management arrangements of AINV, AIF and AFT have one year terms, are reviewed annually and remain in effect only if approved by the boards of directors of such companies or by the affirmative vote of the holders of a majority of the outstanding voting shares of such companies, including in either case, approval by a majority of the directors who are not "interested persons" as defined in the Investment Company Act of 1940. In addition, the investment management arrangements of AINV, AIF and AFT may be terminated in certain circumstances upon 60 days' written notice. The investment management arrangements of ARI and AMTG have one year terms and are reviewed annually by each company's board of directors and may be terminated under certain circumstances by an affirmative vote of at least two-thirds of such company's independent directors. The investment management arrangements between MidCap FinCo Limited and Apollo Capital Management, L.P. and Athene and Athene Asset Management, L.P. may also be terminated under certain circumstances.
- **"Realized Value"** refers to all cash investment proceeds received by the relevant Apollo fund, including interest and dividends, but does not give effect to management fees, expenses, incentive compensation or carried interest to be paid by such Apollo fund.
- **"Remaining Cost"** represents the initial investment of the general partner and limited partner investors in a fund, reduced for any return of capital distributed to date, excluding management fees, expenses, and any accrued preferred return.
- **"Total Invested Capital"** refers to the aggregate cash invested by the relevant Apollo fund and includes capitalized costs relating to investment activities, if any, but does not give effect to cash pending investment or available for reserves.
- **"Total Value"** represents the sum of the total Realized Value and Unrealized Value of investments.
- **Traditional Private Equity fund appreciation (depreciation)** refers to gain (loss) and income for the traditional private equity funds (i.e., Funds I-VIII) for the periods presented on a total return basis before giving effect to fees and expenses. The performance percentage is determined by dividing (a) the change in the fair value of investments over the period presented, minus the change in invested capital over the period presented, plus the realized value for the period presented, by (b) the beginning unrealized value for the period presented plus the change in invested capital for the period presented.
- **"Unrealized Value"** refers to the fair value consistent with valuations determined in accordance with GAAP, for investments not yet realized and may include pay in kind, accrued interest and dividends receivable, if any. In addition, amounts include committed and funded amounts for certain investments.

In this presentation, references to “Apollo,” “we,” “us,” “our” and the “Company” refer collectively to Apollo Global Management, LLC, together with its consolidated subsidiaries. This presentation may contain forward-looking statements that are within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements include, but are not limited to, discussions related to Apollo’s expectations regarding the performance of its business, its liquidity and capital resources and the other non-historical statements in the discussion and analysis. These forward-looking statements are based on management’s beliefs, as well as assumptions made by, and information currently available to, management. When used in this presentation, the words “believe,” “anticipate,” “estimate,” “expect,” “intend” and similar expressions are intended to identify forward-looking statements. Although management believes that the expectations reflected in these forward-looking statements are reasonable, it can give no assurance that these expectations will prove to have been correct. These statements are subject to certain risks, uncertainties and assumptions, including risks relating to our dependence on certain key personnel, our ability to raise new private equity, credit or real estate funds, market conditions, generally, our ability to manage our growth, fund performance, changes in our regulatory environment and tax status, the variability of our revenues, net income and cash flow, our use of leverage to finance our businesses and investments by our funds and litigation risks, among others. We believe these factors include but are not limited to those described under the section entitled “Risk Factors” in Apollo’s annual report on Form 10-K filed with the SEC on February 27, 2015, as such factors may be updated from time to time in our periodic filings with the SEC, which are accessible on the SEC’s website at www.sec.gov. These factors should not be construed as exhaustive and should be read in conjunction with the other cautionary statements that are included in this presentation and in other filings. We undertake no obligation to publicly update or review any forward-looking statements, whether as a result of new information, future developments or otherwise, except as required by applicable law. This presentation does not constitute an offer of any Apollo fund.
