Intel Proxy Materials Available Online

SANTA CLARA, Calif.--(BUSINESS WIRE)--

Intel Corporation has filed its proxy materials, including its annual report and proxy statement, with the U.S. Securities and Exchange Commission (SEC). Intel's proxy materials are now available online at www.intel.com/intel/annualreports under the SEC Notice and Access rule.

Intel stockholders may still obtain a copy of the company's proxy materials free of charge by following instructions provided on the Intel investor relations Web site or in the Notice of Internet Availability of Proxy Materials mailed to stockholders. By making its proxy information available primarily on the Internet, Intel is able to save approximately \$2 million in printing and postage costs while avoiding the generation of approximately 4 million pounds of carbon dioxide equivalent and more than 13 million gallons of wastewater.

Intel's Annual Stockholders' Meeting will be held at 8:30 a.m. May 21 at the Computer History Museum in Mountain View, Calif.

Intel, the world leader in silicon innovation, develops technologies, products and initiatives to continually advance how people work and live. Additional information about Intel is available at www.intel.com/pressroom and blogs.intel.com.
