Intel Announces Pricing of Notes Offering

SANTA CLARA, Calif.--(BUSINESS WIRE)-- Intel Corporation today announced the pricing of its public offering of \$5 billion aggregate principal amount of its notes pursuant to an effective shelf registration statement previously filed with the Securities and Exchange Commission (SEC). The public offering consists of \$1.5 billion of 1.950 percent notes due October 1, 2016, \$2 billion of 3.300 percent notes due October 1, 2021 and \$1.5 billion of 4.800 percent notes due October 1, 2041. The notes were offered to the public at a price of 99.847% of par in the case of the 2016 notes, 99.762% of par in the case of the 2021 notes and 99.258% of par in the case of the 2041 notes. The offering is expected to close on Sept. 19, 2011, subject to customary closing conditions.

Intel expects to receive net proceeds from this offering of approximately \$4.959 billion, after deducting underwriting discounts. Intel intends to use the net proceeds from this offering primarily to repurchase shares of its common stock; and for general corporate purposes.

Citigroup Global Markets Inc., Goldman, Sachs & Co. and Merrill Lynch, Pierce, Fenner & Smith Inc. are acting as joint book-running managers for the offering of the notes. Credit Suisse Securities (USA) LLC, Needham & Company, LLC and RBS Securities Inc. are acting as co-managers for the offering.
