# Media Alert: Intel to Keynote at IAA Mobility

**Join Intel CEO Pat Gelsinger live from Germany on Sept. 7 to learn about the vital role of technology in the future of mobility.**

SANTA CLARA, Calif.--(BUSINESS WIRE)-- The future of mobility is a tech story – a story that will one day be as consequential as the shift from horse and buggy to automobiles. Intel, together with subsidiary Mobileye, has the vision along with the technical depth and breadth to help bring about the promises of digital mobility and full autonomy: safer roads, accessible mobility for all and more efficient transport of goods, among them.
