Achieve Life Sciences to Present at HC Wainwright Global Life Sciences Conference on April 8, 2019

SEATTLE, Wash. and VANCOUVER, British Columbia, April 3, 2019 /PRNewswire/ -- Achieve Life Sciences, Inc. (Nasdaq: ACHV), a clinical-stage pharmaceutical company committed to the global development and commercialization of cytisinicline for smoking cessation, today announced that Rick Stewart, Chairman and Chief Executive Officer, will present at HC Wainwright Global Life Sciences Conference being held at the Grosvenor House in Mayfair, London on Monday, April 8 at 11:50 a.m. BST.

A live webcast of the presentation can be accessed at <http://ir.achievelifesciences.com/events-and-webcasts>. A replay of the webcast will also be archived on Achieve's website following the conference.

About Achieve

Tobacco use is currently the leading cause of preventable death and is responsible for nearly seven million deaths annually worldwide¹. It is estimated that 28.7% of cancer deaths in the U.S. are attributable to cigarette smoking².

Achieve's focus is to address the global smoking health epidemic through the development and commercialization of cytisinicline. Cytisinicline is a plant-based alkaloid with a high binding affinity to the nicotinic acetylcholine receptor. It is believed to aid in smoking cessation by interacting with nicotine receptors in the brain by reducing the severity of nicotine withdrawal symptoms and by reducing the reward and satisfaction associated with smoking.

As an approved, branded product in Central and Eastern Europe for more than two decades, it is estimated that over 20 million people have used cytisinicline to help combat nicotine addiction.
