About Car Charging Group, Inc.

Car Charging Group, Inc. is an owner and provider of electric car charging stations with the mission to build-out a nationwide infrastructure, enabling vehicle owners to charge their electric cars anytime, anywhere. As part of its strategy, the Company owns, provides, installs and maintains electric vehicle car charging units and works with its landowner partners to identify appropriate locations for its charging stations. The Company seeks to provide convenient, safe and affordable charging stations away from home in customer-friendly public locations, including municipalities, shopping malls and parking garages.

With an estimated 40 million plug-in electric vehicles on the road by 2030, the need to establish charging station networks throughout the transportation infrastructure is critical to providing easy access to energy everywhere drivers live and work. By investing at the forefront of the electric car revolution, Car Charging Group seeks to become the leading provider of electric car charging stations. The Company initially plans to launch its service in the South Florida market and expand nationally and internationally over time.

Car Charging Group, Inc. is based in Miami, Florida. The Company's website can be viewed
