CarCharging Reaches Agreement with Blue Ridge Realty

Largest EV Charging Service Owner and Operator Will Operate and Manage Sixteen EV Charging Stations in Eastern Tennessee

MIAMI BEACH, Fla., April 23, 2015 /PRNewswire/ -- Car Charging Group, Inc. (OTCQB: CCGI) ("CarCharging" or the "Company"), the largest owner, operator, and provider of electric vehicle (EV) charging services, today announced that it has executed an agreement with Blue Ridge Realty for the ownership and operation of 16 Blink EV charging stations in Eastern Tennessee. Blue Ridge Realty is a full service real estate firm specializing in the development, leasing, and management of various retail, office, and industrial properties in the greater Knoxville area, with approximately 900,000 square feet currently under management.

The Blink EV charging stations are located in and around Knoxville, Tennessee, including at each of the office buildings at the Lakeside Centre office park; the office building parking garage at Brookview Town Centre, an upscale mixed-use development in the Bearden area; and at Cross Park Plaza, a multi-tenant office park in Cedar Bluff.

"We are very pleased to maintain our relationship with Blue Ridge Realty, a leading developer and manager of properties, and continue to own, operate, and manage the Blink EV charging stations at their various locations," said Michael D. Farkas, CarCharging's Founder and Chief Executive Officer. "In Tennessee, and Knoxville in particular, electric cars are becoming more prevalent, which drives the demand for our EV charging services. With an unmatched presence coast-to-coast, we remain the leading EV charging brand nationwide, and partnering with businesses, such as Blue Ridge Realty, allows us to continue to service the EV drivers in the region."

"We are excited to work with CarCharging and provide the amenity of electric vehicle charging stations to our tenants," said Louise Frazier, president of Blue Ridge Realty. "Knoxville was recently named a Top 25 Solar America City by the U.S. Department of Energy, and this service is a natural extension of the green initiatives already in place in our area."

Blink Level 2 EV chargers are able to rapidly recharge electric cars and EV charging sessions can be initiated via the station touchscreen, [Blink](#) mobile application, [Blink Network website](#), or Blink Customer Support. Electric car drivers can enjoy discounted charging fees for EV charging stations on the Blink Network, the software that operates, monitors, and tracks the Blink stations and all of its charging data, by becoming a Blink Member at

www.BlinkNetwork.com. The Blink Network website also allows EV drivers to the ability to pinpoint EV charging station locations and provides links to download the [Blink](#) mobile application.

About Car Charging Group, Inc.
