Blink Charging CEO Michael D. Farkas To Participate In The Water Tower Research Fireside Chat Series: Building a Flexible Model For EV Charging Solutions

Fireside Chat to Be Held on Tuesday, November 3, 2020, at 2:00 pm ET.

Miami Beach, FL, Oct. 30, 2020 (GLOBE NEWSWIRE) -- Blink Charging Co. (Nasdaq: BLNK, BLNKW) ("Blink" or the "Company"), a leading owner and operator of electric vehicle (EV) charging equipment and services, will be participating in the Water Tower Research Virtual Conference and Fireside Chat Series on Tuesday, November 3, 2020, at 2:00 pm ET. Topics covered by Mr. Farkas and moderated by Shawn Severson, Head of Sustainable Investing at Water Tower Research, will be centered around building flexible models for EV charging solutions and how Blink is planning to meet the need for increased EV charging capacity.

During this fireside chat, Farkas will share how Blink is strategically poised to take advantage of the increase in demand for EV charging equipment. It is estimated, by 2030, nearly 2 million EV charging ports will be needed to meet the forecasted 25% CAGR increase in electric vehicles.¹

Investors interested in participating in this event must register using the link below. As a reminder, registration for the live event is limited but may be accessed at any time for replay.

About Blink Charging

Blink Charging Co. (NASDAQ: BLNK, BLNKW) is a leader in electric vehicle (EV) charging equipment that has deployed over 23,000 charging stations, many of which are networked EV charging stations, enabling EV drivers to easily charge at any of its charging locations worldwide. The Company's principal line of products and services is its Blink EV charging network ("Blink Network"), EV charging equipment, and EV charging services. The Blink Network utilizes a proprietary cloud-based software that operates, maintains, and tracks the EV charging stations connected to the network and the associated charging data. With global EV purchases forecasted to rise to 10 million by 2025 from approximately 2 million in

2019, the Company has established key strategic partnerships to rollout adoption across numerous location types, including parking facilities, multi-family residences and condos, workplace locations, healthcare/medical facilities, schools and universities, airports, auto dealers, hotels, mixed-use municipal locations, parks and recreation areas, religious institutions, restaurants, retailers, stadiums, supermarkets, and transportation hubs.
