"Following a landmark year of incredible growth and opportunity for Blink, our first quarter performance delivered an exceptionally strong start to 2023, including total revenue growth of 121%," said **Brendan Jones, President and Chief Executive Officer**.

"We have a world class team in place and as we move through the year and beyond, our focus remains on continuing to develop and bring to market our advanced and innovative technology, products and services. Likewise, we are expanding our manufacturing capabilities in the U.S. and internationally, to enhance our ability to meet consumer demands and exceed customer expectations as more and more drivers worldwide transition to EVs. Blink is fundamentally changing the way the U.S. and the world think about EV charging, and our robust pipeline reflects the strength of our brand and the recognition of our technology and capabilities in the marketplace."

#### **First Quarter Financial Results**

#### Revenues

Total Revenues increased 121% to \$21.7 million for the first quarter of 2023 compared to the first quarter of 2022.

Product Sales increased 104% to \$16.4 million in the first quarter of 2023, an increase of \$8.3 million from the same period in 2022 primarily driven by increased sales of commercial chargers, DC fast chargers, and residential chargers, as well as revenues from the 2022 acquisitions.

Service Revenues, which consist of charging service revenues, network fees, and ride-sharing service revenues, increased 216% to \$4.8 million in the first quarter of 2023, up \$3.3 million from the first quarter of 2022, primarily driven by greater utilization of chargers, an increased number of chargers on the Blink networks, revenues associated with the Blink Mobility ride-sharing service program, and revenues from the 2022 acquisitions.

Other Revenues, which are comprised of warranty fees, grants and rebates, and other revenues, increased 113% to \$514 thousand in the first quarter of 2023, compared to \$241 thousand in the first quarter of 2022.

#### **Gross Profit**

Gross Profit increased 186% to \$4.5 million, or 21.0% of revenue, in the first quarter of 2023, compared to gross profit of \$1.6 million, or 16.2% of revenue, in the first quarter of 2022. Gross margin declined in in first quarter of 2023, when compared to fourth quarter of 2022, due primarily to significantly more sales of contract manufactured chargers, which carry a lower overall contribution margin compared to the units manufactured in-house. As Blink continues its transition to in-house manufacturing, the gross margin profile is expected to improve throughout 2023 and into 2024.

#### Net Loss and Loss Per Share

Net Loss for the first quarter of 2023 was \$29.8 million, or \$(0.53) per share, compared to a Net Loss of \$15.1 million, or \$(0.36) per share in the first quarter of 2022.

# Adjusted EBITDA <sup>(3)</sup> and Adjusted EPS <sup>(4)</sup>

Adjusted EBITDA for the first quarter of 2023 was a loss of \$17.8 million compared to an Adjusted EBITDA loss of \$12.4 million in the prior year period. Adjusted EBITDA as a percentage of revenues for the first quarter of 2023 improved over 4,400 basis points compared to the first quarter of 2022.

Adjusted EPS for the first quarter of 2023 was \$(0.49) compared to Adjusted EPS of \$(0.34) in the first quarter of 2022 and compared to Adjusted EPS of \$(0.41) in the fourth quarter of 2022.

#### Cash and cash equivalents

As of March 31, 2023, Cash and Cash Equivalents totaled \$103.2 million.

#### **Looking Forward**

Mr. Jones continued, "With our visibility today, for full year 2023, we continue to target

revenues in the range of \$100 million to \$110 million and gross margin in excess of 30%."

- (3) Adjusted EBITDA (defined as earnings (loss) before interest income (expense), provision for income taxes, depreciation and amortization, stock-based compensation, and acquisition related costs) is a non-GAAP financial measure management uses as a proxy for net income (loss). See "Non-GAAP Financial Measures" for a reconciliation of GAAP to Non-GAAP financial measures included at the end of this release.
- (4) Adjusted EPS (defined as earnings (loss) per diluted share) is a non-GAAP financial measure management uses to assess earnings per diluted share excluding non-recurring items such as acquisition-related costs, amortization expense of intangible assets and additional stock-based compensation expense. See "Non-GAAP Financial Measures" for a reconciliation of GAAP to Non-GAAP financial measures included at the end of this release.

Blink Charging Co. publicly reports its financial information in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). To facilitate external analysis of the Company's operating performance, Blink Charging also presents financial information that is considered "non-GAAP financial measures" under Regulation G and related reporting requirements promulgated by the U.S. Securities and Exchange Commission. Non-GAAP measures should be considered in addition to, and not as a substitute for, or superior to, Net Income (Loss) or other measures of financial performance prepared in accordance with GAAP and may be different than those presented by other companies, including Blink Charging's competitors. EBITDA and Adjusted EBITDA are not performance measures calculated in accordance with GAAP and are therefore considered non-GAAP measures. Reconciliation tables are presented above.

EBITDA is defined as earnings (loss) attributable to Blink Charging Co. before interest income (expense), provision for income taxes, and depreciation and amortization. Blink Charging believes EBITDA is useful to its management, securities analysts, and investors in evaluating operating performance because it is one of the primary measures used to evaluate the economic productivity of the Company's operations, including its ability to obtain and maintain its customers, its ability to operate its business effectively, the efficiency of its employees and the profitability associated with their performance. It also helps Blink

Charging's management, securities analysts, and investors to meaningfully evaluate and compare the results of the Company's operations from period to period on a consistent basis by removing the impact of its merger and acquisition expenses, financing transactions, and the depreciation and amortization impact of capital investments from its operating results.

The Company also believes that Adjusted EBITDA, defined as EBITDA adjusted for stock-based compensation expense, is useful to securities analysts and investors to evaluate the Company's core operating results and financial performance because it excludes items that are significant non-cash or non-recurring expenses reflected in the Condensed Consolidated Statements of Operations.

Our definition of Adjusted EBITDA and Adjusted EPS may differ from other companies reporting similarly named measures. These measures should be considered in addition to, and not as a substitute for, or superior to, other measures of financial performance prepared in accordance with GAAP, such as Net Loss, and Diluted Earnings per Share.

#### **About Blink Charging**

Blink Charging Co. (Nasdaq: BLNK), a leader in electric vehicle (EV) charging equipment, has contracted, sold, or deployed nearly 73,000 charging ports worldwide, many of which are networked EV charging stations, enabling EV drivers to easily charge at any of Blink's charging locations worldwide. Blink's principal line of products and services includes the Blink EV charging network ("Blink Network"), EV charging equipment, EV charging services, and the products and services of recent acquisitions, including SemaConnect, Blink Charging UK, Blue Corner, BlueLA and Envoy. The Blink Network uses proprietary, cloud-based software that operates, maintains, and tracks the EV charging stations connected to the network and the associated charging data. With global EV purchases forecasted to half of passenger carssold in the US by 2030, Blink has established key strategic partnerships for rolling out adoption across numerous location types, including parking facilities, multifamily residences and condos, workplace locations, health care/medical facilities, schools and universities, airports, auto dealers, hotels, mixed-use municipal locations, parks and recreation areas, religious institutions, restaurants, retailers, stadiums, supermarkets, and transportation hubs.

#### **Forward-Looking Statements**

This presentation contains statements that are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, or the Exchange Act, that are based on management's current expectations and assumptions and are subject to risks and uncertainties. Such statements include, but are not limited to, statements about (i) delays in product development and deployment, (ii) market acceptance of our EV charging products and related services, (iii) technological change in the EV charging equipment industry, (iv) competition in EV markets generally in the United States and abroad, (v) results and costs associated with governmental investigations and litigation, (vi) intellectual property issues, and (vii) other aspects of our business identified in this press release, as well as in our periodic reports that we file from time to time with the SEC. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "could," "would," "should,"

"expect," "plan," "anticipate," "intend," "tends," "believe," "estimate," "predict," "potential," "project" or "continue" or the negative of those terms or other comparable terminology. These statements are only predictions. Actual events or results may differ materially from those expressed or implied by these forward-looking statements because of market conditions in our industries or other factors that are in some cases beyond our control. All of the forward-looking statements are subject to risks and uncertainties. Various factors, including but not limited to the risks described from time to time in Blink Charging Co.'s periodic reports with the SEC, including, without limitation, the risks described in Blink Charging Co.'s Annual Report on Form 10-K for the year ended December 31, 2022 under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations," could cause actual results to differ from those implied by the forward-looking statements. Given these risks and uncertainties, you are cautioned not to place undue reliance on these forward-looking statements. All information is current as of the date this press release is issued, and except as required by law, Blink Charging Co. does not undertake, and specifically declines, any obligation to update any of these statements or to publicly announce the results of any revisions to these statements to reflect future events or developments.

#### **Non-GAAP Disclosure**

The information provided herein includes certain non-GAAP financial measures. These non-GAAP financial measures are intended to supplement the GAAP financial information by providing additional insight regarding the results of operations of the Company. The non-GAAP Adjusted EBITDA financial measure used by the Company is intended to provide an enhanced understanding of our underlying operational measures to manage the Company's business, to evaluate performance compared to prior periods and the marketplace, and to establish operational goals. Certain items are excluded from this non-GAAP financial measure to provide additional comparability measures from period to period. These non-GAAP financial measures will not be defined in the same manner by all companies and may not be comparable to other companies. Non-GAAP financial measures are reconciled in the accompanying tables to the most directly comparable measures as reported in accordance with GAAP, and should be viewed in addition to, and not in lieu of, such comparable financial measures.
