# MAXIMUS Reports Fourth Quarter and Full Year Results; Completes Strategic Review Process and Launches \$150 Million Accelerated Share Repurchase Program

RESTON, Va.--(BUSINESS WIRE)--

MAXIMUS (NYSE:MMS), a leading provider of government services, today reported results for its fourth quarter and fiscal year ended September 30, 2007. Concurrently, MAXIMUS announced that its Board of Directors has completed its process to explore the Company's strategic alternatives and has authorized the repurchase of up to \$150 million of the Company's outstanding shares under an Accelerated Share Repurchase program (ASR), which represents approximately 15% of the Company's outstanding stock based on the current stock price.

Highlights include:

- Fourth quarter and full year revenue totaling \$201.9 million and \$738.6 million, respectively,
- Fourth quarter diluted earnings per share of \$0.63, which includes approximately \$2.5 million, or \$0.06 per diluted share, in legal expense,
- Fourth quarter operating margin of 10.8%, above management's target margin of 10%,
- Pro forma earnings per share of \$2.01 for fiscal 2007, as presented in the supplemental pro forma information provided in the financial tables,
- Cash, cash equivalents and marketable securities at September 30, 2007 of \$196.7 million,
- Days Sales Outstanding of 80 days at September 30, 2007,
- Backlog of \$1.3 billion at September 30, 2007,
- New sales awards totaling \$569 million at September 30, 2007 and a total pipeline of \$1.7 billion at November 8, 2007,
- Completion of the strategic review process: MAXIMUS launches a \$150 million ASR program and plans to secure a \$50 million to \$75 million line of credit to provide additional financial flexibility, in addition to refining its focus on core health and human services operations and seeking possible alternatives for certain non-core assets.

Revenue for the fourth quarter increased 17.5% to \$201.9 million compared to \$171.8 million reported for the same period last year. Net income increased to \$14.2 million, or \$0.63 per diluted share, which includes legal and settlement expense of approximately \$2.5 million, or \$0.06 per diluted share, primarily related to ongoing arbitration. Prior-year-period net income was \$2.0 million, or \$0.09 per diluted share, which included a pre-tax loss of \$12.7 million, or \$0.36 per diluted share, related to the now-terminated Texas subcontract with Accenture. The Company is now serving as prime contractor and directly supporting the Texas Health and Human Services Commission.

For the full year, fiscal 2007 revenue increased 5.4% to \$738.6 million compared to \$700.9 million last year. Excluding revenue from the divested businesses for fiscal 2006, year-over-year organic growth was 6.8%. Net loss for the full year was \$8.3 million, or \$0.38 per share, which included approximately \$44.6 million, or \$1.61 per share, in legal and settlement expense, \$25.2 million net loss, or \$0.67 per share, from the now-terminated Accenture subcontract and a loss of \$4.2 million or \$0.11 per share from the Ontario project. This compares to fiscal 2006 net income of \$2.5 million, or \$0.11 per diluted share. Fiscal 2006 results included a pre-tax loss of \$49.4 million, or \$1.38 per diluted share, from the now-terminated subcontract with Accenture and other legal settlement expense of \$9.4 million or \$0.27 per diluted share.

"I'm pleased with our ongoing, strong financial performance in the fourth quarter and believe we have completed fiscal 2007 in a substantially improved position from the prior year," commented Richard Montoni, Chief Executive Officer of MAXIMUS. "In the past 12 months, our focus on quality and risk management has resulted in the elimination of several legacy issues, more favorable contract terms on new awards, improved operating margins and accelerating top-line growth. MAXIMUS is refining its focus around its core competencies and moving in a direction that builds on the progress made in fiscal 2007. We will emphasize those businesses which offer us more predictable, recurring streams of revenue and sustainable levels of profitability."

#### Consulting Segment

Consulting Segment revenue was \$22.5 million in the fiscal 2007 fourth quarter compared to \$26.1 million in the same period last year. For the full fiscal year, Consulting Segment revenue was \$93.7 million, or 13% of total revenue, versus \$102.8 million last year.

Fourth quarter operating income for the Consulting Segment was \$0.6 million compared to \$5.2 million reported for the same period last year. For the full year, operating income totaled \$6.4 million versus \$14.5 million last year. The reduction in revenue and operating income for the fourth quarter and full year relates primarily to the timing and billing of work as well as the Company's transition away from contingency-based federal healthcare engagements.

#### Systems Segment

Systems Segment revenue increased 24.8% to \$37.4 million in the fourth quarter versus \$30.0 million in the prior-year period. Systems Segment revenue represented 19% of total Company revenue in fiscal 2007 and grew to \$141.3 million versus \$127.2 million last year. Revenue growth for both periods was driven primarily by new ERP contracts.

The Systems Segment reported operating income of \$0.5 million in the fourth quarter

compared to a loss of \$2.0 million for the same period last year which included the deferral of revenue and income related to two software sales to future periods. For the full year, the Systems segment had an operating loss of \$4.7 million, compared to a loss of \$0.9 million for fiscal 2006. Strong results in the Asset Solutions and ERP divisions offset softness in the Justice and Education divisions.

### Operations Segment

Operations Segment revenue for the fourth quarter increased 22.7% to \$141.9 million compared to \$115.7 million in the prior-year period. Operations Segment revenue accounted for 68% of total Company revenue in fiscal 2007 and totaled \$503.6 million compared to \$470.9 million in the prior year which included \$29.8 million in revenue from voter hardware sales and divested businesses which did not recur in fiscal 2007.

Operations Segment operating income for the fourth quarter was \$23.5 million, compared to a loss of \$2.9 million reported for the fourth quarter of last year and for the full fiscal year totaled \$39.1 million compared to a loss of \$9.5 million in fiscal 2006. The improved profitability in the fourth quarter and the full year compared to the prior year periods was driven by the turnaround on the Texas project as well as strong organic growth.

### Backlog, Sales and Pipeline

Backlog at September 30, 2007 totaled \$1.3 billion compared to \$1.5 billion reported for the prior year period. Year-to-date signed contract wins at September 30, 2007, totaled \$569 million, compared to \$717 million reported last year. New contracts pending at September 30, 2007, (awarded but unsigned) totaled \$310 million compared to \$103 million reported last year. Sales opportunities (pipeline) at November 8, 2007, totaled \$1.7 billion (consisting of \$418 million in proposals pending, \$177 million in proposals in preparation, and \$1.06 billion in proposals tracking) compared to \$1.1 billion the prior year.

### Balance Sheet and Cash Flows

At September 30, 2007, cash, cash equivalents, and marketable securities totaled \$196.7 million. Days Sales Outstanding (DSO) increased modestly on a sequential basis to 80 days at September 30, 2007. MAXIMUS paid a quarterly cash dividend of \$0.10 per share on August 31, 2007. Net cash used from operations in the fourth quarter was \$8.2 million. For fiscal 2007 the Company generated net cash from operating activities of \$51.2 million and free cash flow, which the Company defines as cash from operations less purchased property and equipment and capitalized software costs, totaled \$33.4 million.

### Completion of Strategic Review Process and Accelerated Share Repurchase (ASR) Program

The Board of Directors has completed the strategic review process announced on July 23, 2007. After a thorough review process, the Board of Directors has concluded that launching a \$150 million ASR program, concentrating the Company's strategic focus on core health and human services offerings and considering alternatives for certain non-core assets, provides the best current opportunity to maximize shareholder value, reflecting the Company's strong financial position and future growth prospects. Under the ASR program, MAXIMUS will purchase up to \$150 million of shares from an affiliate of UBS Investment

Bank at the closing market price on November 15, 2007, subject to a future price adjustment based on the volume weighted average trading price of the shares. MAXIMUS will finance the program with cash on hand. In addition, MAXIMUS has approximately \$40.0 million available under its previously board-authorized share repurchase program and intends to resume this program after the completion of the ASR.

Peter Pond, MAXIMUS' chairman stated, "The Company, working with its financial advisors UBS, undertook an extensive process reviewing all possible alternatives, including a potential sale of MAXIMUS. While there was a substantial amount of interest among various parties with all options under consideration, the process was impacted largely by eroded capital market conditions and we ultimately concluded that remaining an independent public Company was the best option for all our constituencies."

Mr. Montoni commented, "The share repurchase program announced today represents an efficient mechanism to return value to shareholders. The ASR increases earnings per share and improves the efficiency of our capital structure while maintaining our ability to properly fund growth. Lastly, we also remain committed to increasing shareholder value on an ongoing basis through the opportunistic repurchase of shares pursuant to our current board authorized stock repurchase program, upon the completion of the ASR."

## Outlook

The Company expects fiscal 2008 revenue to be in the range of approximately \$850 million to \$880 million. The Company estimates that approximately 83% of its fiscal 2008 forecasted revenue is presently in the form of backlog. Diluted earnings per share for fiscal 2008 are expected to be in the range of \$2.40 to \$2.65. Earnings in the first fiscal quarter are traditionally lower compared to the rest of the year, and as a result the Company expects diluted earnings per share of \$0.45 to \$0.50. This guidance does not include the positive benefit from the expected \$0.15 to \$0.20 accretion from the ASR plan in fiscal 2008.
