# MAXIMUS Reports Fiscal 2012 First Quarter Results and Reiterates Fiscal 2012 Guidance

RESTON, Va.--(BUSINESS WIRE)-- MAXIMUS (NYSE: MMS), a leading provider of government services worldwide, today reported financial results for its fiscal first quarter ended December 31, 2011.

Key highlights include:

- Revenue for the first quarter grew 12% to \$239.6 million compared to the same period last year.
- Diluted earnings per share from continuing operations were \$0.51 for the first quarter, in-line with the Company's expectations.
- Revenue and earnings in the quarter were impacted by unfavorable currency trends and the timing of a change order that is currently expected to be recognized in the second half of fiscal 2012.
- The Company generated strong cash in the first quarter with cash provided by operating activities from continuing operations of \$27.6 million and free cash flow of \$24.3 million.
- Cash and cash equivalents totaled \$191.0 million at December 31, 2011.

Revenue for the fiscal 2012 first quarter increased 12% to \$239.6 million versus \$214.1 million reported for the same period last year. Year-over-year revenue increases were driven by growth in the Health Services Segment, offsetting the expected decline in revenue from the Human Services Segment related to the start up of the new Work Programme in the United Kingdom.

First quarter income from continuing operations, net of taxes, totaled \$17.7 million, which was consistent with the same period last year. For the first quarter, diluted earnings per share from continuing operations were \$0.51, in-line with expectations and consistent with the prior-year period.

Revenue and earnings in the quarter were impacted by unfavorable currency trends, relative to the Company's guidance, and the timing of a change order for a project in the Health Services Segment. The change order is currently expected to be recognized in the second half of the fiscal year.

"As expected, growth in Medicaid managed care helped MAXIMUS deliver 12% year-over-year revenue growth in the first quarter. And while our initial revenue expectations for the quarter were somewhat higher, we remain on track to achieve our full-year revenue and

earnings guidance,” commented Richard A. Montoni, Chief Executive Officer of MAXIMUS. “Within our core markets, the United Kingdom operations are ramping up as expected, and we continue to see a broader movement towards the demand for our services as governments continue to seek new ways to manage programs while cost-effectively addressing the needs of their constituents around the world.”

### **Health Services Segment**

Health Services Segment revenue for the first quarter of fiscal 2012 increased 22% to \$158.0 million compared to \$130.0 million for the same period last year, driven by the expansion of managed care in Texas. Operating income for the first quarter totaled \$16.8 million with an operating margin of 10.6%. Operating income was lower compared to last year due to the timing of a change order and normal life-cycle fluctuations in contracts. In addition, Segment margin was also tempered by anticipated growth from a lower margin, cost-reimbursable contract in Texas.

### **Human Services Segment**

Human Services Segment results in the quarter included the expected reimbursement for the termination of the predecessor Flexible New Deal (FND) contract, which was replaced by the Work Programme contract. The termination payment included \$2.7 million for revenue earned and an additional \$1.5 million, net of subcontractor expenses, for cost recoveries.

Human Services Segment revenue for the fiscal 2012 first quarter totaled \$81.6 million, which was 3% lower (4% on a constant currency basis) than the prior-year period principally due to the transition to the Work Programme contract. Operating income for the first quarter was \$10.3 million with an operating margin of 12.6% and benefitted from the FND termination payment, which partially offset the expected impacts from the ramp up of the Work Programme contract. Margins were higher compared to the prior year period, which was impacted by cost growth on a fixed-price contract that has since been successfully resolved.

### **Sales and Pipeline**

At January 30, 2012, fiscal year-to-date signed contract wins totaled \$298 million compared to \$753 million reported for the same period last year, which included nearly \$600 million for two contract renewals. New contracts pending (awarded but unsigned) totaled \$579 million compared to \$177 million last year. Sales opportunities (pipeline) at January 30, 2012 totaled \$1.7 billion (consisting of \$301 million in proposals pending, \$334 million in proposals in preparation and \$1.1 billion in proposals tracking) compared to \$1.6 billion the prior year.

### **Balance Sheet and Cash Flows**

Cash and cash equivalents increased to \$191.0 million at December 31, 2011. For the fiscal 2012 first quarter, cash provided by operating activities from continuing operations totaled \$27.6 million with free cash flow of \$24.3 million. The Company defines free cash flow as cash provided by operating activities from continuing operations less cash paid for property, equipment and capitalized software. Cash flow in the quarter was driven by solid net income and strong collections.

Days Sales Outstanding (DSO) from continuing operations were 60 days. On November 30, 2011, MAXIMUS paid a quarterly cash dividend of \$0.09 per share and in January 2012, the Company announced its next quarterly cash dividend of \$0.09 per share, payable on February 29, 2012 to shareholders of record on February 15, 2012.

During the first quarter of fiscal 2012, MAXIMUS used \$8.8 million to purchase 236,700 shares of common stock, and at December 31, 2011, the Company had \$127.9 million available for repurchases under the current program.

## **Outlook**

The Company is reiterating its fiscal 2012 revenue and earnings guidance. MAXIMUS continues to expect to generate revenue from continuing operations in the range of \$980 million to \$1.015 billion and adjusted diluted earnings per share from continuing operations in the range of \$2.20 to \$2.30.

Mr. Montoni concluded, "On a global basis, many governments are facing fiscal challenges coupled with rising caseloads and the overarching need to reform their welfare and health systems. We see significant opportunities ahead as governments realize the value of our expertise to build and implement efficient delivery models that provide quality services to citizens in an affordable manner."

## **Website Presentation, Conference Call and Webcast Information**

MAXIMUS will host a conference call this morning, February 2, 2012, at 9:00 a.m. (ET). The call is open to the public and can be accessed under the Investor Relations page of the Company's website at [www.maximus.com](http://www.maximus.com) or by calling:

877.407.8289 (Domestic)/201.689.8341 (International)

For those unable to listen to the live call, a replay will be available through February 16, 2012. Callers can access the replay by calling:

877.660.6853 (Domestic)/201.612.7415 (International)

Replay account number: 316

Replay conference ID number: 387441

## **About MAXIMUS**

MAXIMUS is a leading health and human services administrator for governments in the United States, United Kingdom, Canada and Australia. The Company delivers administrative solutions to improve the cost effectiveness, efficiency and quality of government-sponsored benefit programs, such as Medicaid, Medicare, Children's Health Insurance Program (CHIP), Health Insurance BC (British Columbia), as well as welfare-to-work and child support enforcement programs across the globe. The Company's primary customer base includes federal, provincial, state, county and municipal governments. Operating under its founding mission of *Helping Government Serve the People*<sup>®</sup>, MAXIMUS has more than 7,000 employees located in more than 220 offices worldwide. For more information, visit [www.maximus.com](http://www.maximus.com).

*Statements that are not historical facts, including statements about the Company's*

*confidence and strategies and the Company's expectations about revenues, results of operations, profitability, future contracts, market opportunities, market demand or acceptance of the Company's products are forward-looking statements that involve risks and uncertainties. These uncertainties could cause the Company's actual results to differ materially from those indicated by such forward-looking statements and include reliance on government clients; risks associated with government contracting; risks involved in managing government projects; legislative changes and political developments; opposition from government unions; challenges resulting from growth; adverse publicity; and legal, economic, and other risks detailed in Exhibit 99.1 to the Company's most recent Annual Report filed with the Securities and Exchange Commission, found on [www.maximus.com](http://www.maximus.com).*
