Amesite Inc. Launches Free Course on Generative AI: ChatGPT Fundamentals

DETROIT, Feb. 21, 2023 (GLOBE NEWSWIRE) -- Amesite Inc. (NASDAQ: AMST), a leading artificial intelligence software company offering a cloud-based learning platform for education, business and government markets, announced the launch of ChatGPT Fundamentals – a FREE course on the Amesite Learning Community Environment®, AmesiteEngage – available to the first 1,000 people who register.

The course topics include the history and technical capabilities of generative AI, how to access and use ChatGPT, ethical considerations surrounding its use, and its potential applications in various fields. This course is designed for people who want to start using the most talked-about technology in the world: ChatGPT.

"We are excited to offer this free resource to equip people with the knowledge needed to understand and use ChatGPT," said Amesite Founder and CEO, Dr. Ann Marie Sastry. "We have been an AI-First company since inception, using AI on our platform to power learning that delivers over 99% retention. We integrated GPT-3, the technology that powers ChatGPT into our platform on February 14, 2023 and are now offering an expanded suite of tools. Now, people can learn about ChatGPT on a platform that actually leverages the technology."

Amesite previously announced that its V5 Customers will have the option to offer learners GPT-3, the engine for ChatGPT, on its learning platform, to complement its existing AI capabilities. The launch of its free course, ChatGPT Fundamentals, will educate anyone who is curious about ChatGPT and the benefits of this revolutionary platform.

Forward Looking Statements

This communication contains forward-looking statements (including within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended) concerning the Company, the Company's planned online machine learning platform, the Company's business plans, any future commercialization of the Company's online learning solutions, potential customers, business

objectives and other matters. Forward-looking statements generally include statements that are predictive in nature and depend upon or refer to future events or conditions, and include words such as "may," "will," "should," "would," "expect," "plan," "believe," "intend," "look forward," and other similar expressions among others. Statements that are not historical facts are forward-looking statements. Forward-looking statements are based on current beliefs and assumptions that are subject to risks and uncertainties and are not guarantees of future performance. Actual results could differ materially from those contained in any forward-looking statement. Risks facing the Company and its planned platform are set forth in the Company's filings with the SEC. Except as required by applicable law, the Company undertakes no obligation to revise or update any forward-looking statement, or to make any other forward-looking statements, whether as a result of new information, future events or otherwise.
