Operation Clean Sweep

The Bergkamen facility has adopted measures to reduce the loss of polyamide granules used for printing ink resins and hot melt adhesives. Besides recycling waste pellets and adopting production and cleaning procedures to limit loss, the site has also started using special octabin cardboard packaging to protect finished products from piercing during transport and at customer sites.

Certifications

ISO 9001:2015, ISO 14001:2015

COMMUNITY INVOLVEMENT

This site contributes to or participates in the following community initiatives:

Every two years Huntsman organizes, in cooperation with BAYER and LANXESS, an open-house day event. Families of associates and external stakeholders can participate in guided tours of the Bergkamen facility.
