Chanticleer Holdings Partners with Paycom to Implement HRIS System

CHARLOTTE, N.C., May 14, 2019 (GLOBE NEWSWIRE) -- Chanticleer Holdings, Inc. (NASDAQ:[BURG](#)) (“Chanticleer” or the “Company”), owner, operator, and franchisor of multiple nationally recognized restaurant brands, today announced that it has partnered with Paycom to consolidate onto a broad HRIS platform.

Patrick Harkleroad, Chanticleer Holdings Chief Financial Officer, stated, “In today’s everchanging HR environment, and due to the growth we are experiencing, we feel that it’s critical to have HRIS platform that could be flexible and integrate seamlessly with current POS and accounting partners, Toast and Restaurant 365. Paycom’s HRIS platform is world class, and we expect it to drive efficiencies allowing our partners in the field to focus on operations and driving success within the four walls.”

Harkleroad continued, “We look forward to leveraging Paycom’s solution to centralize core HR tasks like acquiring and onboarding talent, while at the same time helping grow and retain an engaged workforce by conducting surveys, executing performance reviews and delivering learning and development resources.”

Paycom’s proprietary, single database platform affords Chanticleer the HR technology and analytics they need to acquire, engage, develop and retain talented workers – a crucial task that is becoming increasingly difficult for employers given the broad skills gap they face in today’s employment pool.

Fred Glick, Chanticleer Holdings President, added, “We know the importance of building an organization for the future. That means providing our employees with best-in-class workplace technology, which is increasingly becoming the expectation of today’s workforce. We want our team members to have on-demand access to such information as benefit plans, vacation accruals, time-off requests, enriched trainings and scheduling and Paycom’s software more than delivers while dovetailing nicely with other recent technology enhancements.”
