

Crestliner Receives Twelfth Consecutive NMMA CSI Award

OSTEGO, Minn., Feb. 25, 2019 (GLOBE NEWSWIRE) -- Crestliner recently received its twelfth-straight Marine Industry Customer Satisfaction Index (CSI) award from the National Marine Manufacturers Association (NMMA) at the 2019 Progressive® Insurance Miami International Boat Show. The CSI award honors boat builders whose customer-satisfaction scores are the highest across the industry.

Crestliner President Brittany Hizer said that receiving the award is an important standard to maintain. "Taking our customers' satisfaction seriously encourages us to invest in our product, support our dealers, and make sure our customers are having the best boating experience possible," Hizer said. "Listening helps us lead the way, knowing what needs exist before the customer asks. This is how we build lifelong relationships among Crestliner, our dealers and our customers."

Crestliner received the 2018 NMMA CSI award in the Aluminum Outboard Boats category. Companies must achieve and maintain an independently-measured standard of excellence of 90 percent or higher in customer satisfaction over the previous year in order to receive the award. The data is based upon information provided by consumers who had purchased a new boat or engine between Jan. 1, 2018, and Dec. 31, 2018. Crestliner exceeded that benchmark with an average score of 91.08% percent in the Aluminum Outboard category.

"The CSI award is a true honor that affirms our focus on customer experiences," said Vince Shimanski, Crestliner's customer service manager. "Being recognized with this award means we've hit our customer satisfaction goals, and then it's about keeping that momentum going."

About Crestliner

Located in Otsego, Minn., Crestliner boats and pontoons are crafted with an uncompromising mix of functional design, all-welded aluminum construction and a relentless commitment to excellence. Since 1946 Crestliner has been making boats forged with strength and defined by durability. As a world-wide leader, Crestliner continues to redefine the industry with boats built to last.
