VAN NUYS, CA / ACCESSWIRE / February 9, 2021 /Capstone Turbine Corporation (www.capstoneturbine.com) (NASDAQ:CPST), the world's leading clean technology manufacturer of microturbine energy systems, announced today its financial results for the third quarter ended December 31, 2020, reporting revenues of \$20.7 million, up 39% sequentially from \$14.9 million in the second quarter ended September 30, 2020, and up 19%, from \$17.4 million in the year-ago quarter, which was before the impact of the current global COVID-19 pandemic.

Financial Highlights of Fiscal 2021 Third Quarter:

- Revenue for the three months ended December 31, 2020 increased \$5.8 million, or 39%, to \$20.7 million from \$14.9 million for the three months ended September 30, 2020, and increased \$3.3 million, or 19%, compared to \$17.4 million for the three months ended December 31, 2019.
- New gross product bookings in the third quarter were \$10.5 million, up 7%, from \$9.8 million in the second quarter, and up 91%, from \$5.5 million in the first quarter.
- Cash increased to \$32.0 million at December 31, 2020, up from \$16.8 million at September 30, 2020, primarily due to the amendment of the Goldman Sachs Note Purchase Agreement (NPA) on October 1, 2020, that upsized the Company's note to \$50.0 million from \$30.0 million, with a reduced interest rate and a new 3-year term.
- Gross margin was \$3.5 million, or 17% of revenue, for the three months ended December 31, 2020, compared to gross margin of \$2.6 million, or 17% of revenue, for the three months ended September 30, 2020, and \$2.6 million, or 15% of revenue, for the three months ended December 31, 2019.
- Operating expenses for the three months ended December 31, 2020, decreased \$0.7 million, or 11%, to \$5.6 million, from \$6.3 million for the three months ended December 31, 2019.

- Net loss increased \$2.7 million, or 55%, to a net loss of \$7.6 million for the three months ended December 31, 2020, compared to a net loss of \$4.9 million for the three months ended December 31, 2019, primarily due to a loss on extinguishment of debt of \$4.3 million.
- Adjusted EBITDA improved \$1.4 million, or 52%, to negative Adjusted EBITDA of \$1.3 million for the three months ended December 31, 2020, compared to negative Adjusted EBITDA of \$2.7 million for the three months ended December 31, 2019. Adjusted EBITDA is a non-GAAP measure. For a discussion regarding our use of this non-GAAP measure and a reconciliation of net loss to Adjusted EBITDA, see page 6 of this release.
- Total inventory decreased by \$2.4 million, or 15%, to \$13.1 million at December 31, 2020, compared to \$15.5 million as of September 30, 2020, and decreased \$9.6 million, or 42%, compared to \$22.7 million as of March 31, 2020.

"Capstone is a proud green energy company, having focused for a long time on transforming the way businesses think about energy production. Capstone solutions are able to reduce energy costs, ensure power availability, and help preserve the environment with its near-zero emissions profile. Today we are even more excited to be able to offer our customers Energy as a Service (EaaS), to strengthen our commitment in creating cleaner energy for a smarter future as carbon reduction has increasing value in both the public and private sectors," said Darren Jamison, President and Chief Executive Officer of Capstone Turbine. "I expect the new U.S. administration will create even more positive momentum toward green initiatives, as President Biden recently signed an executive order to rejoin the U.S. into the Paris climate accord, his first major action to tackle global warming," added Mr. Jamison.

"Capstone's Energy Efficiency market vertical was 67% of revenue in the three months ended December 31, 2020, and was 65% of revenue in the nine months ended December 31, 2020," stated Eric Hencken, Chief Financial Officer of Capstone Turbine. "I'm pleased with our third-quarter results as we are continuing to achieve our stated goals, including growing revenue and improving liquidity. These are key objectives following our successful cost-cutting efforts over the past couple of years. We are laser-focused on driving revenue growth through several initiatives, including leveraging our new Capstone direct sales organization, broadening our geographic distribution coverage, expanding our digital marketing campaign to reach an even broader base of potential customers, and growing our rental business, while at the same time continuing to maintain cost discipline," concluded Mr. Hencken.

To supplement the Company's unaudited financial data presented on a generally accepted accounting principles (GAAP) basis, management has presented Adjusted EBITDA and Adjusted EBITDA excluding Executive Bonus, which are non-GAAP measures. These non-GAAP measures are among the indicators management uses as a basis for evaluating the Company's financial performance, as well as for forecasting future periods. Management establishes performance targets, annual budgets and makes operating decisions based in part upon these metrics. Accordingly, disclosure of these non-GAAP measures provides investors with the same information that management uses to understand the Company's economic performance year-over-year. The presentation of this additional information is not meant to be considered in isolation or as a substitute for net income (loss) or other measures prepared in accordance with GAAP.

EBITDA is defined as net income before interest, provision for income taxes, and depreciation and amortization expense. Adjusted EBITDA is defined as EBITDA before loss on debt extinguishment, stock-based compensation expense, and restructuring charges. Loss on debt extinguishment includes expenses associated with the accounting for the October 2020 Goldman Sachs note transaction. Stock-based compensation and other expense includes expense related to stock issued to employees, directors, and vendors. Restructuring charges include facility consolidation costs and costs related to the Company's cost reduction initiatives. Adjusted EBITDA excluding Executive Bonus is defined as EBITDA before expense related to Executive Bonus accruals.

EBITDA, Adjusted EBITDA, and Adjusted EBITDA excluding Executive Bonus are not measures of the Company's liquidity or financial performance under GAAP and should not be considered as an alternative to net income or any other performance measure derived in accordance with GAAP, or as an alternative to cash flows from operating activities as a measure of its liquidity.

While management believes that the non-GAAP financial measures provide useful supplemental information to investors, there are limitations associated with the use of these measures. The measures are not prepared in accordance with GAAP and may not be directly comparable to similarly titled measures of other companies due to differences in the methods of calculation.
