Company Overview

NWMH is a growing solid waste management company servicing Florida’s west coast and upstate New York

Construction and demolition (C&D) landfill in Hernando, Florida servicing Citrus, Hernando, and Marion counties

Comprehensive solutions for full waste diversion such as landfill, transfer stations, roll-off, mulch, and recycling

Long-term partnerships with municipal, institutional, commercial and industrial customers

Market Overview

Highly regulated industry

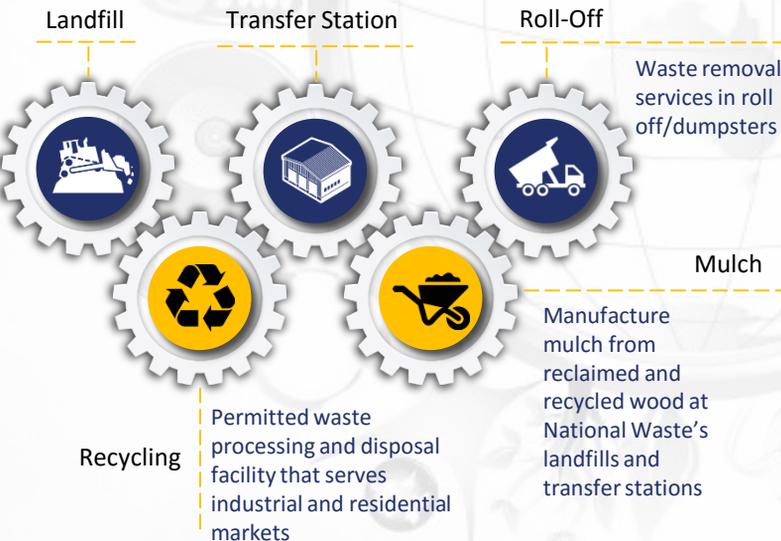

- Company maintains high level of compliance and strong working relationship with Florida’s Department of Environmental Protection
- The regulatory expertise, certifications, and high cost of capital needed to operate in the industry pose significant barriers to entry

Attractive macro trends

- National recycling mandate driving increase in construction and demolition debris disposal
 - In 2010, House Bill 7243 was passed by the Florida Legislature, which applied the statewide recycling goal of 75% by 2020 to all counties
- U.S. new housing construction up significantly over past years and projected to increase further
- State and local infrastructure spending is increasing

Services

Current Landfill Operations

- Operating landfill in Hernando, Florida
 - Servicing Citrus, Hernando, and Marion counties in Florida
- 54-acre landfill facility
- Average annual disposals of approximately 240,000 cubic yards of construction debris
 - Operating 15 roll-off trucks and 700 containers
- Received expansion permit and a 10-year renewal permit for its landfill operations in September 2015 from Florida’s Department of Environmental Protection

Business Strategy: Three-Prong Approach

Acquire complementary businesses

- Enhance geographic footprint: Exhaust local opportunities
- Identify cash flow positive companies
- Build shareholder value through accretive acquisition

Expand national presence

- New satellite offices to be customer-focused and operationally economical
- Exhaust expansion into neighboring counties and states

Increase operational efficiency of existing business and future acquisitions

- Emphasis on shareholder value
- Focus on redundancy of G&A

Completed Acquisitions

Waste Recovery Enterprises, LLC Bainbridge, New York

- Acquired for \$250,000 and 2.75 million restricted shares
- Permitted waste processing and disposal facility
- C&D and Class III recycling ability
- Expected to generate revenue for National Waste in excess of \$1,500,000 annually with gross profit margins of approximately 45%

Gateway Rolloff Services, L.P. - Odessa, FL

- One of the largest roll-off/dumpster company in Central Florida
- Acquired for \$450,000 and 2.4 million restricted shares
- Expected to generate revenue for National Waste in excess of \$2.3 million annually with gross profit margins of approximately 36%

Targeted Acquisition #1

C&D and Class III Transfer Station, Port Richey, Florida

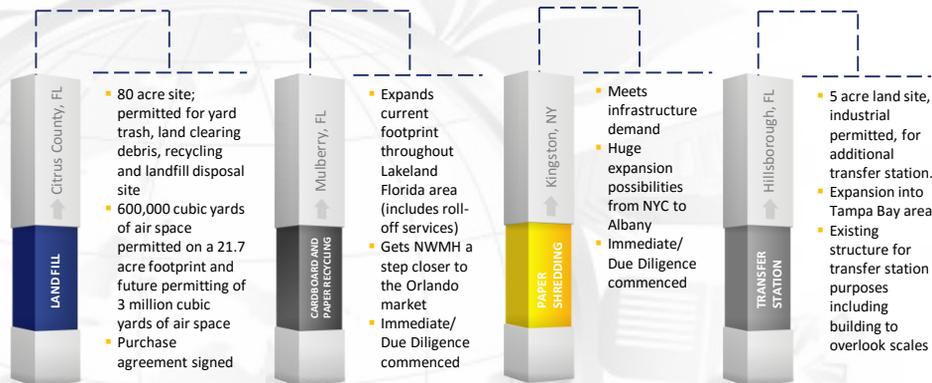

Centrally located between NWMH Landfill and Roll-off operations

Immediate/ Due Diligence Commenced

Recycling Operations/ Geographically Relevant

Additional Acquisition Targets

Target ProForma Model

	Years 1-2*	Years 2-3	Years 3-5
# of Acquisitions**	4-7	6-9	8-11
Revenue	\$10-20M	\$30-35M	\$40-65M
Gross Margin	48%	48%	48%
EBITDA	25%	25%	25%

*Based on run rate of acquired companies and targets under LOI
 ** All acquisitions are accretive

Investment Summary

- Full-service waste leader with established customer base
- High barriers to entry
- Diverse revenue streams
- Scalable business model; high incremental margins
- Highly accretive acquisition strategy
- Solid balance sheet and clean capital structure
