Sonim Announces Initial Purchase Orders For XP Pro Thermal Ahead of General Availability

Professional rugged 5G smartphone with integrated thermal imaging camera garners market demand across critical communications, construction, DIY, electrical maintenance, HVAC and other professional trades

San Diego, California and London, United Kingdom--(Newsfile Corp. - April 30, 2025) - Sonim Technologies today announced the receipt of initial purchase orders for the Sonim XP Pro Thermal, its latest innovation in rugged mobile solutions, ahead of its general availability later this quarter. These early orders from distribution partners highlight solid market demand and confidence in the XP Pro Thermal's advanced capabilities and durability.

The XP Pro Thermal is built to tackle the toughest challenges in demanding environments, including critical communications, construction, electrical maintenance, agriculture, HVAC, and other professional trades. With advanced thermal imaging technology, it enables users to detect temperature variations, improve efficiency, and enhance safety. Compliant with European Eco-Design requirements and certified to IP68 and MIL-STD-810H standards, the device is resistant to drops, water, and dust, making it a reliable tool for fieldwork in any environment.

"At Sonim Technologies, we're committed to creating solutions that empower our customers to excel in the most challenging conditions," said Simon Rayne, GM EMEA and APAC of Sonim. "The early interest in the XP Pro Thermal confirms market need and confidence in the Sonim brand to deliver unmatched functionality and durability. We're excited to bring this innovation to market and reinforce Sonim's leadership in rugged device solutions."

Powered by the Snapdragon® 7 Gen 3 chipset, the XP Pro Thermal features an integrated FLIR Lepton® 3.5 thermal imaging camera and Sonim IRIS software suite, allowing users to pinpoint heat sources and detect critical issues like electrical faults, gas leaks, or insulation problems with precision. Its intuitive interface and robust connectivity ensure seamless integration into professional workflows.

The XP Pro Thermal will be available to the broader market later this quarter. To learn more, visit www.sonimtech.com/xpprothermal or contact one of Sonim's authorized distributors.

Important Cautions Regarding Forward-Looking Statements

This release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, as amended. These statements relate to, among other things, the projected revenue growth, the declaring and reaffirming of Sonim's business strategy and objectives, the successful expansion of Sonim's products in new markets, and Sonim's ability to grow and to capitalize the market opportunity. These forward-looking statements are based on Sonim's current expectations, estimates and projections about its business and industry, management's beliefs and certain assumptions made by Sonim, all of which are subject to change. Forward-looking statements generally can be identified by the use of forward-looking terminology such as "achieve," "aim," "ambitions," "anticipate," "believe," "committed," "continue," "could," "designed," "estimate," "expect," "forecast," "future," "goals," "grow," "guidance," "intend," "likely," "may," "milestone," "objective," "on track," "opportunity," "outlook," "pending," "plan," "position," "possible," "potential," "predict," "progress," "promises," "roadmap," "seek," "should," "strive," "targets," "to be," "upcoming," "will," "would," and variations of such words and similar expressions or the negative of those terms or expressions. Such statements involve risks and uncertainties, which could cause actual results to vary materially from those expressed in or indicated by the forward-looking statements. Factors that may cause actual results to differ materially include, but are not limited to, the following: the availability of cash on hand; potential material delays in realizing projected timelines; the current interest and potential attempt of hostile takeover from a third party may divert the management attention from Sonim's business and may require significant expenses; Sonim's material dependence on its relationship with a small number of customers who account for a significant portion of Sonim's revenue; Sonim's entry into the data device sector could divert our management team's attention from existing products; risks related to Sonim's ability to comply with the continued listing standards of the Nasdaq Stock Market and the potential delisting of Sonim's common stock; Sonim's ability to continue to develop solutions to address user needs effectively, including its next-generation products; Sonim's reliance on third-party contract manufacturers and partners; Sonim's ability to stay ahead of the competition; Sonim's ongoing transformation of its business; the variation of Sonim's quarterly results; the lengthy customization and certification processes for Sonim's wireless carries customers; various economic, political, environmental, social, and market events beyond Sonim's control, as well as the other risk factors described under "Risk Factors" included in Sonim's most recent Annual Report on Form 10-K and any subsequent quarterly filings on Form 10-Q filed with the Securities and Exchange Commission (available at www.sec.gov). Sonim cautions you not to place undue reliance on forward-looking statements, which speak only as of the date hereof. Sonim assumes no obligation to update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this release, except as required by law.
