RMS Strengthens Global Sales Team

CHESTER, NY / ACCESSWIRE / April 3, 2017 /Repro Med Systems, Inc. dba RMS Medical Products (OTCQX: REPR) ("RMS" or the "Company") announced today it has strengthened its Global Sales and Marketing team by hiring Steven Kamphausen as Global VP, Sales and Marketing. Steve comes to us by way of Toyota Tsusho America from a senior role in Sales, Marketing and Business Development. While at Toyota, Steve commercialized and licensed new products in the area of medical devices, medical consumables and diagnostics. He created a diagnostics division within the Corporation through licensing, acquisition and distribution agreements of emerging medical technology companies while simultaneously creating marketing campaigns for the global market. Steve has worked with Key Opinion Leaders and is very familiar with the regulatory process and reimbursements worldwide. He led the strategy for their expansion into emerging markets by creating long term marketing plans.

Steve was also formerly at GlycoMark (part of the Toyota family) as Director of Sales and Marketing for diabetes diagnostics. He was responsible for rebranding products, training and leading the Marketing/Sales Teams in Europe, Africa and Asia. Steve was previously at Quest Diagnostics in the Marketing Department collaborating with the scientific research team to develop and introduce new laboratory tests and platforms and at Ortho-Clinical Diagnostics (a diagnostic and medical product manufacturer) as Marketing & Sales Operations Manager. In addition, he was a member of the Abbott Laboratories Hospital Products Division, responsible for Sales and Marketing of Suction and Infusion devices. Steve's vast experience will certainly expand RMS' global sales and marketing efforts, driving leadership and market expansion.

Eric Bauer, RMS Chief Operating Officer commented, "Our ability to attract experienced top executives such as Steve, is a testament to RMS's reputation for quality, leadership, innovation and patient focus. Steve brings not only an incredible set of sales and marketing skills but also significant global experience and a track record of driving growth. As we expand our global sales, Steve will be instrumental in insuring the RMS Brand is as strong globally as it is in the U.S.. Our future is very bright. We are launching new products, new innovations, new countries, new clinical trials and strengthening our team to become "the global leader" in patient focused solutions."

RMS Medical Products is the leading manufacturer of medical products used for home infusions and suctioning. The Infusion product portfolio currently includes the FREEDOM60® and our latest FreedomEdge® Syringe Infusion Drivers, RMS Precision Flow Rate Tubing™ and RMS HIgH-Flo™ Subcutaneous Safety Needle Sets. These devices are used for infusions administered in professional healthcare settings as well as at home. The Company's RES-Q-VAC® line of medical suctioning products is used by emergency medical service providers in addition to a variety of other healthcare providers. The Company's website may be visited at www.rmsmedicalproducts.com.
