KORU Medical Appoints Chris Pazdan as Vice President of Quality Assurance and Regulatory Affairs

CHESTER, N.Y.--(BUSINESS WIRE)-- **Repro Med Systems, Inc. dba KORU Medical Systems (NASDAQ: KRMD) ("KORU Medical" or the "Company")**, a leading medical technology company focused on the development of innovative and easy-to-use home infusion solutions, today announced the appointment of Chris Pazdan as the Company's new Vice President of Quality Assurance and Regulatory Affairs. Mr. Pazdan will be responsible for all quality assurance and regulatory affairs as the Company continues to build out a robust Quality Management System and a regulatory strategy to meet evolving global standards.

"Chris has the right mix of strategic, operational, and corporate quality and regulatory skills to bring to this role at KORU Medical," said Linda Tharby, Chief Executive Officer. "His proven track record of developing and leading strategy, a focus on execution and building strong teams will be a valuable asset to KORU Medical as we advance our quality capabilities to meet the needs of our biopharmaceutical customers and support our growth strategy.

Chris Pazdan joins the KORU Medical team with over 16 years of relevant experience in quality assurance and regulatory affairs within the medical technology industry. Most recently, Mr. Pazdan spent over three years at Hillrom, a global medical technology company, where he held the role of Vice President, Quality Assurance, where he led all quality functions for the largest manufacturing division. He also served as the Vice President, Quality Assurance and Regulatory Affairs, where he was responsible for enterprise-wide Design Assurance, Supplier Quality Assurance, Project Management Office, and Software. Prior to Hillrom, Mr. Pazdan also worked at Abbott Laboratories, Becton Dickinson, Wockhardt and Rexam Pharma. Mr. Pazdan received his bachelor's degree in engineering from the University of Illinois at Urbana-Champaign. He is an ASQ Certified Six Sigma Black Belt, ASQ Certified Quality Engineer, and an ASQ Certified Quality Auditor.
