

# Gladstone Land Announces a \$13.8 Million Farm Acquisition in Florida

MCLEAN, Va., Sept. 30, 2014 (GLOBE NEWSWIRE) -- Gladstone Land Corporation (Nasdaq:LAND) ("Gladstone Land" or the "Company") announced today that it has acquired 808 acres of land with 590 farmable acres and an onsite cooling-distribution facility in Manatee County, Florida, for \$13.8 million. The property is currently farmed for berries and vegetables by Wishnatzki, Inc. ("Wish Farms"), a leading grower and marketer of fresh fruits and vegetables. In connection with the acquisition, Gladstone Land and Wish Farms have entered into a 10-year lease (with two 5-year renewal options) that allows the Company to reset the rental amounts to current market rates.

"We are privileged to partner with such an esteemed grower and add another large fruit and vegetable farm to our portfolio," said Bill Frisbie, Managing Director at the Company. "This property has been farmed for many years by Wish Farms and has a good water supply in place. We now own 29 farms across the U.S. that produce a variety of high-value fruits and vegetables."

"Wish Farms is excited to partner with Gladstone Land on a long-term basis for this property. This transaction frees up capital that we can deploy into our farming and marketing operations to continue growing our business," said Gary Wishnatzki, Owner of Wish Farms. "Gladstone Land has strong roots in fruit and vegetable farming, making them a great resource for our real estate needs."
