Similarweb Expands European Presence With New Offices in Munich, Germany, and Kyiv, Ukraine

KYIV, Ukraine & MUNICH--(BUSINESS WIRE)-- [Similarweb](#) (NYSE: SMWB), a leading digital intelligence company, today announced the opening of two new European offices in Munich, Germany, and Kyiv, Ukraine.

With global headquarters in Tel Aviv, Israel, Similarweb's expansion in Europe underscores its growing European customer base. The move comes on the heels of the company's initial public offering in May on the New York Stock Exchange and the opening of its fourth United States office in Reston, VA.

The new Munich office will be home to mainly commercial, marketing and technical roles. The company already counts a number of leading German brands among its clients, including Adidas and DHL.

Similarweb's Kyiv office will house more than 50 R&D and IT professionals, and that number is expected to triple over the next two years. The office will serve as a technical center, leveraging Ukraine's highly-skilled labor force, and is intended to become an essential part of Similarweb's global success.

Similarweb has grown its headcount across all 13 global offices this year, with plans to continue its rapid global expansion into the new year.

"We are fully committed to expanding our footprint across Europe," says Or Offer, CEO and founder of Similarweb. "Our new Munich and Kyiv offices will serve as sales and R&D hubs, respectively, and support our mission to bring to market industry-leading [digital intelligence solutions](#). Our ability to attract the best talent and provide a productive, innovative work environment will help drive our success in Europe and the rest of the world," Offer adds.
