# ME2C® Environmental Secures New Supply Business Valued at \$2M+ Annually

*Company to Receive Multi-Year Business Based on License to Operate SEA® Process*

**CORSICANA, TX, March 01, 2021 (GLOBE NEWSWIRE)** -- Midwest Energy Emissions Corp. (OTCQB: MEEC) ("ME<sub>2</sub>C Environmental" or the "Company"), a leading environmental technologies firm, today announced that the Company has secured multi-year supply business with a large utility located in the Southwest region of the U.S. to provide its patented two-part Sorbent Enhancement Additive (SEA®) technology for mercury emissions capture. The new supply business for the Company was achieved through a competitive bid process and has a minimum expected value of \$2 million per year.

"Our patented technologies for mercury emissions capture continue to show superior performance throughout the industry, in addition to our proven operational expertise in balance of plant efficiencies," said Richard MacPherson, President and Chief Executive Officer. "Through a competitive bid process, this new supply business that we have secured with a current customer not only reflects our solid capabilities in the area of mercury emissions but also conveys industry recognition of our patented SEA® technologies.

"Any utility working with us directly receives a license to operate the patented SEA® technology and gains the full support of our expertise in operations and R&D", concluded MacPherson.

## About ME<sub>2</sub>C® Environmental

ME<sub>2</sub>C Environmental (OTCQB: MEEC), is a leading environmental technologies company developing and delivering patented and proprietary solutions to the global power industry. ME<sub>2</sub>C Environmental's leading-edge services have been shown to achieve emissions removal at a significantly lower cost and with less operational impact than currently used methods, while maintaining and/or increasing power plant output and preserving the marketability of byproducts for beneficial use. ME<sub>2</sub>C Environmental is a trade name of Midwest Energy Emissions Corp. For more information, please visit [www.me2cenvironmental.com](http://www.me2cenvironmental.com).

## Safe Harbor Statement

With the exception of historical information contained in this press release, content herein may contain "forward-looking statements" that are made pursuant to the Safe Harbor Provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are generally identified by using words such as "anticipate," "believe," "plan," "expect," "intend," "will," and similar expressions, but these words are not the exclusive

means of identifying forward-looking statements. These statements are based on management's current expectations and are subject to uncertainty and changes in circumstances. Investors are cautioned that forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from the statements made. Matters that may cause actual results to differ materially from those in the forward-looking statements include, among other factors, the gain or loss of a major customer, change in environmental regulations, disruption in supply of materials, capacity factor fluctuations of power plant operations and power demands, a significant change in general economic conditions in any of the regions where our customer utilities might experience significant changes in electric demand, a significant disruption in the supply of coal to our customer units, the loss of key management personnel, availability of capital and any major litigation regarding ME<sub>2</sub>C Environmental. In addition, this release contains time-sensitive information that reflects management's best analysis only as of the date of this release. ME<sub>2</sub>C Environmental does not undertake any obligation to publicly update or revise any forward-looking statements to reflect future events, information or circumstances that arise after the date of this release. Further information concerning issues that could materially affect financial performance related to forward-looking statements contained in this release can be found in ME<sub>2</sub>C Environmental's periodic filings with the Securities and Exchange Commission.
