POWER COMPUTE

PowerCompute to Participate in H.C. Wainwright 28th Annual Global Investment Conference

Management to Host One-on-One Investor Meetings; Company Presentation Available On Demand

TAMPA, Fla., Sept. 02, 2026 (GLOBE NEWSWIRE) -- PowerCompute, Inc. (NASDAQ: PWCM) ("PowerCompute" or the "Company"), a Bitcoin treasury and mining company expanding into high-performance computing ("HPC") and artificial intelligence ("AI") infrastructure, today announced that the Company will participate in the H.C. Wainwright 28th Annual Global Investment Conference, taking place September 14-16, 2026 in New York City.

The announcement follows the Company’s recent achievement of Verified status on the Vast.ai compute marketplace for the graphics processing unit deployed at its Oklahoma facility, and its order of a second professional-grade GPU for that site.

Presentation Details

A pre-recorded presentation by Bruce M. Rodgers, Chairman, Chief Executive Officer and President of PowerCompute, will be available to conference participants on the event dashboard beginning September 11 at 7:00 am Eastern Time.

One-on-One Meetings

Mr. Rodgers and Mr. Russell, CFO, will be available for one-on-one investor meetings throughout the conference. Investors interested in scheduling a meeting with PowerCompute management should contact their H.C. Wainwright representative or email pwcm@kcsa.com.

About PowerCompute

PowerCompute, Inc. (Nasdaq: PWCM) is a Bitcoin treasury and mining company expanding into high-performance computing and artificial intelligence infrastructure. Founded in 2008 and headquartered in Tampa, Florida, the Company operates 26 megawatts of wholly-owned power infrastructure across facilities in Oklahoma and Mississippi. The Company also operates a technology-enabled specialty finance business providing funding to nonprofit community associations primarily in the State of Florida. Forward-Looking Statements

This press release may contain forward-looking statements made pursuant to the Private Securities Litigation Reform Act of 1995. Words such as "anticipate," "believe," "estimate," "expect," "intend," "plan," and "project" and other similar words and expressions are intended to signify forward-looking statements. Forward-looking statements are not guarantees of future results and conditions but rather are subject to various risks and uncertainties. Some of these risks and uncertainties are identified in the Company's most recent Annual Report on Form 10-K and its other filings with the SEC, which are available at www.sec.gov. These risks and uncertainties include, without limitation, our ability to maintain compliance with the continued listing requirements of The Nasdaq Stock Market, including the minimum bid price requirement, the volatility of Bitcoin and other cryptocurrency prices, risks related to the use of Bitcoin as collateral for the Arch Facility, including the requirement to post additional collateral if the value of Bitcoin declines, our ability to satisfy the terms and conditions of the Arch Facility or to extend such loans on satisfactory terms, our ability to successfully enter and operate in the high-performance computing and AI infrastructure business, the availability and cost of GPU and related infrastructure equipment, competition in the HPC and AI compute market, our ability to finance our site acquisitions and cryptocurrency mining operations, the risks of operating in the cryptocurrency mining business and our ability to grow that business, the capacity of our Bitcoin mining machines and our related ability to purchase power at reasonable prices, and our ability to identify and acquire additional mining sites. The occurrence of any of these risks and uncertainties could have a material adverse effect on our business, financial condition, and results of operations.
