# Energous Corporation Announces Participation in 22nd Annual Needham Growth Conference

SAN JOSE, Calif.--(BUSINESS WIRE)-- [Energous Corporation](#) (NASDAQ: WATT), the developer of WattUp®, a revolutionary wire-free, power-at-a-distance charging technology, today announced that Stephen Rizzone, President and CEO, will present a company overview at the 22<sup>nd</sup> Annual Needham Growth Conference on Tuesday, Jan. 14, 2020 at 1:30 p.m. ET at the Lotte New York Palace Hotel in New York. The company will also conduct one-on-one meetings with investors throughout the day.

The presentation will be broadcast live on the events section of the Energous website at [energous.com](#), where it will also be archived for 90 days.

## About Energous Corporation

Energous Corporation (Nasdaq: WATT) is leading the next generation of wireless charging – wireless charging 2.0 – with its award-winning WattUp® technology, which supports fast, efficient contact-based charging, as well as charging at a distance. WattUp is a scalable, RF-based wireless charging technology that offers substantial improvements in contact-based charging efficiency, foreign object detection, orientation freedom and thermal performance compared to older, coil-based charging technologies. The technology can be designed into many different sized electronic devices for the home and office, as well as the medical, industrial, retail and automotive industries, and it ensures interoperability across products. Energous develops silicon-based wireless power transfer (WPT) technologies and customizable reference designs. These include innovative silicon chips, antennas and software, for a large variety of applications, such as smartphones, fitness trackers, hearables, medical sensors and more. Energous received the world's first FCC Part 18 certification for at-a-distance wireless charging, and the company has 217 awarded patents for its WattUp wireless charging technology to-date.
