Rennova Health Announces an Upgrade of MedicalMime's Flagship EHR M2Select to Version 3.3

WEST PALM BEACH, FL -- (Marketwired) -- 12/11/17 -- **Rennova Health, Inc.** (OTCQB: RNVA) (OTCQB: RNVAW) ("Rennova" or the "Company"), a vertically integrated provider of industry-leading diagnostics and supportive software solutions to healthcare providers that opened its first rural hospital in Oneida, Tenn. on August 8, 2017, announces an upgrade of its flagship electronic health records (EHR) platform, M2Select to Version 3.3. This platform is available to office-based physicians, as well as to mental health providers working in substance abuse and drug and alcohol rehabilitation facilities.

The M2Select Version 3.3 includes the new "Staff Dashboard," which creates and displays customizable alerts for clinical forms. This feature helps to ensure all forms are signed in a timely manner, which is critical to Rennova's customers for compliance and for expediting workflow. Customization is a particularly strong point of the software, and this feature allows customers to set rules, down to the minute, for alerts. The dashboard displays all unsigned and overdue forms, and can be filtered and/or searched by patient name or type of form.

"We are excited to announce the release of our new Staff Dashboard," said Seamus Lagan, CEO of Rennova. "This feature is designed to alleviate some of the headaches of not having forms signed or completed in a timely manner, or at all. We are constantly striving to maximize efficiency and workflow, and are pleased to provide this beneficial feature to all our clients. Our goal is to continuously improve our software solutions based on customer feedback and industry trends and requirements."

MedicalMime, a wholly owned subsidiary of Rennova Health, Inc. has created M2Select, an EHR specifically suited to serve the needs of mental health providers working in substance abuse and drug and alcohol rehabilitation facilities.

Forward-Looking Statements

This press release includes "forward-looking statements" within the meaning of the safe harbor provisions of the United States Private Securities Litigation Reform Act of 1995. Actual results may differ from expectations and, consequently, you should not rely on these forward-looking statements as predictions of future events. Words such as "expect,"

"estimate," "project," "budget," "forecast," "anticipate," "intend," "plan," "may," "will," "could," "should," "believes," "predicts," "potential," "continue," and similar expressions are intended to identify such forward-looking statements. These forward-looking statements involve significant risks and uncertainties that could cause the actual results to differ materially from the expected results. Additional information concerning these and other risk factors are contained in the Company's most recent filings with the Securities and Exchange Commission. The Company cautions readers not to place undue reliance upon any forward-looking statements, which speak only as of the date made. The Company does not undertake or accept any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements to reflect any change in their expectations or any change in events, conditions or circumstances on which any such statement is based, except as required by law.
