

INVESTOR PRESENTATION

55
YEARS

NOVEMBER 13, 2025

SEAN BAGAN: PRESIDENT AND CHIEF EXECUTIVE OFFICER

TANIA ALMOND: VICE PRESIDENT OF INVESTOR RELATIONS & CORPORATE COMMUNICATION

This presentation and oral statements made by management in connection herewith that are not historical facts are contains “forward-looking statements” within the meaning of Section 21E of the Securities Exchange Act of 1934. Forward-looking statements involve risks and uncertainties, and actual results may differ materially from those expressed or implied by such statements. They include statements regarding current expectations, estimates, forecasts, projections, our beliefs, and assumptions made by Helios Technologies, Inc. (“Helios,” the “Company,” “we,” “us,” or “our”), its directors or its officers about the Company and the industry in which it operates, and assumptions made by management, and include among other items, (i) the Company’s strategies regarding growth, and improving margins, including its intention to develop new products and undertake acquisitions and divestitures; (ii) the effectiveness of creating the Centers of Excellence; (iii) our financial plans; (iv) trends affecting the Company’s financial condition or results of operations; (v) the Company’s ability to continue to control costs and to meet its liquidity and other financing needs; (vi) the Company’s ability to declare and pay dividends; (vii) the Company’s ability to respond to changes in customer demand domestically and internationally, including as a result of the cyclical nature of our business; and (viii) the Company’s ability to mitigate the impacts of changes in trade policy on our business. In addition, we may make other written or oral statements, which constitute forward-looking statements, from time to time. Words such as “may,” “expects,” “projects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “estimates,” variations of such words, and similar expressions are intended to identify such forward-looking statements. Similarly, statements that describe our future plans, objectives or goals also are forward-looking statements. These statements are not guarantees of future performance and are subject to a number of risks and uncertainties. Our actual results may differ materially from what is expressed or forecasted in such forward-looking statements, and undue reliance should not be placed on such statements. All forward-looking statements are made as of the date hereof, and we undertake no obligation to update any forward-looking statements, whether as a result of new information, future events or otherwise.

Factors that could cause actual results to differ materially from what is expressed or forecasted in such forward-looking statements include, but are not limited to, (i) the Company’s ability to respond to global economic trends and changes in customer demand domestically and internationally, including as a result of standardization and the cyclical nature of our business, which can adversely affect the demand for capital goods; (ii) supply chain disruption and the potential inability to procure goods; (iii) conditions in the capital markets, including the interest rate environment and the continued availability of capital on terms acceptable to us, or at all; (iv) global and regional economic and political conditions, including trade policy, tariffs and other trade barriers, inflation, exchange rates, changes in the cost or availability of energy, transportation, the availability of other necessary supplies and services and recession; (v) changes in the competitive marketplace that could affect the Company’s revenue and/or cost bases, such as increased competition, lack of qualified engineering, marketing, management or other personnel, and increased labor and raw materials costs; (vi) risks related to health epidemics, pandemics and similar outbreaks, which may among other things, adversely affect our supply chain, material costs, and work force and may have material adverse effects on our business, financial position, results of operations and/or cash flows; (vii) risks related to our international operations, including potential impacts from the ongoing geopolitical conflicts in Ukraine and the Middle East; (viii) risks relating to our recent management transition; (ix) new product introductions, product sales mix and the geographic mix of sales nationally and internationally; and (x) stakeholders, including regulators, views regarding our environmental, social and governance goals and initiatives, and the impact of factors outside of our control on such goals and initiatives. Further information relating to additional factors that could cause actual results to differ from those anticipated is included but not limited to information under the heading Item 1. “Business” and Item 1A. “Risk Factors” in the Company’s Form 10-K for the year ended December 28, 2024, filed with the Securities and Exchange Commission (SEC) on February 25, 2025, as well as any subsequent filings with the SEC.

Helios has presented non-GAAP measures including adjusted operating income, adjusted operating margin, EBITDA, EBITDA margin, adjusted EBITDA, adjusted EBITDA margin, net debt-to-adjusted EBITDA, adjusted net income, and adjusted net income per diluted share and sales in constant currency. Helios believes that providing these specific Non-GAAP figures are important for investors and other readers of Helios financial statements, as they are used as analytical indicators by Helios management to better understand operating performance. The determination of the amounts that are excluded from these Non-GAAP measures is a matter of management judgment and depends upon, among other factors, the nature of the underlying expense or income recognized in a given period. You should not consider the inclusion of this additional information in isolation or as a substitute for results prepared in accordance with GAAP. Please carefully review the Non-GAAP reconciliations to the most directly comparable GAAP measures and the related additional information provided throughout. Because these metrics are Non-GAAP measures and are thus susceptible to varying calculations, these figures, as presented, may not be directly comparable to other similarly titled measures used by other companies.

This presentation also presents forward-looking statements regarding Non-GAAP measures, including adjusted EBITDA, adjusted EBITDA margin and adjusted net income per diluted share. The Company is unable to present a quantitative reconciliation of these forward-looking Non-GAAP financial measures to their most directly comparable forward-looking GAAP financial measures because such information is not available, and management cannot reliably predict the necessary components of such GAAP measures without unreasonable effort or expense. In addition, the Company believes that such reconciliations would imply a degree of precision that would be confusing or misleading to investors. The unavailable information could have a significant impact on the Company’s 2025 financial results. These Non-GAAP financial measures are preliminary estimates and are subject to risks and uncertainties, including, among others, changes in connection with quarter-end and year-end adjustments. Any variation between the Company’s actual results and preliminary financial data set forth above may be material.

Nov 2025:
Faster launches Casting Solution GenYus

ACCELERATING PACE OF BRINGING NEW PRODUCTS TO MARKET

OUR CONNECTED FUTURE

CREATING INDUSTRY LEADING SYSTEM SOLUTIONS LEVERAGING TOP TIER TECHNOLOGY

2025: KEY FOCUS AREAS

	GO TO MARKET STRUCTURE	Institutionalize the engine to track and drive sales funnel, cross-sell, and pipeline management
	ORGANIC GROWTH	Protect and grow base business through capturing more wallet share of existing customers
	PROFIT IMPROVEMENT	Implement ongoing cost and operational efficiencies through continuous improvement efforts
	PRODUCT LAUNCHES	Maintain investment in innovation and accelerate launching of new, industry leading products
	TALENT DEVELOPMENT	Ensure team members are in the right seats and fill key skill gaps for future career growth
	CAPITAL ALLOCATION	Fold in new share repurchase program to existing allocation strategy maximizing ROIC

2025: FINANCIAL PRIORITIES

1

Return to Growth

Executing on profitable sales growth plan

2

Drive Operating Leverage

With higher volumes and disciplined investment and cost management

3

Shorten Cash Conversion Cycle

Through improved working capital management

4

Reduce Debt

Utilizing free cash flow conversion proceeds

5

Leverage Strong Foundation

To scale and elevate to new heights!

Non-GAAP Financial Measure:

Adjusted net income per diluted share is adjusted net income divided by diluted weighted average common shares outstanding. Adjusted net income and adjusted net income per diluted share are not measures determined in accordance with generally accepted accounting principles in the United States, commonly known as GAAP. Nevertheless, Helios believes that providing Non-GAAP information such as adjusted net income and adjusted net income per diluted share is important for investors and other readers of Helios' financial statements, as they are used as analytical indicators by Helios' management to better understand operating performance. Because adjusted net income and adjusted net income per diluted share are Non-GAAP measures and are thus susceptible to varying calculations, adjusted net income and adjusted net income per diluted share as presented, may not be directly comparable to other similarly titled measures used by other companies.

Non-GAAP Financial Measure:

Adjusted net cash provided by operating activities is net cash provided by operating activities less contingent consideration payment in excess of acquisition date fair value. Free cash flow is net cash provided by operating activities less capital expenditures. Adjusted free cash flow is adjusted net cash provided by operating activities less capital expenditures. Free cash flow conversion is a non-GAAP financial measure and defined as free cash flow divided by net income. Each of these measures has not been determined in accordance with generally accepted accounting principles in the United States, commonly known as GAAP. Nevertheless, Helios believes that providing this non-GAAP information is important for investors and other readers of Helios' financial statements, as they are used as analytical indicators by Helios' management to better understand our liquidity. Because these are non-GAAP measures, they are susceptible to varying calculations, and as presented, may not be directly comparable to other similarly titled measures used by other companies. These Non-GAAP financial measures should be considered in addition to results prepared in accordance with GAAP and should not be considered a substitute for GAAP. Please carefully review the Non-GAAP reconciliations to the most directly comparable GAAP measures and other related additional information provided.
