Axalta has partnered with Volvo Buses India since its inception in 2008. With skilled manpower and around-the-clock service, Axalta has maintained a record of zero logistical and service issues registered with Volvo Buses to date. Axalta has consistently provided innovative and quality coating solutions to Volvo Buses to support its growth as a leader of the bus industry in India.

Mr. VRV Sriprasad, Managing Director, Volvo Buses India, said, "Volvo Buses is committed to modernising the

public transport landscape and to drive the quality of life for people in India. One of our core values is Care for Environment and our buses epitomize this. The association with Axalta is in line with this core value. We would like to congratulate Axalta for their support and look forward to a stronger partnership in the coming years.”

Mr. Vinay Rajadhyaksha, Managing Director Axalta India, said, “It brings us great pride to receive the ‘Delivery Excellence 2014 award’ from Volvo Buses in India. The award recognizes the dedication we strive to deliver every day to Volvo Buses and all our customers across India. The award is a wonderful recognition of the Axalta team that supports our customers.”

About Volvo Buses in India

Volvo Buses has been in India since 2001 and has built a leading experience when it comes to high-performing bus applications. Volvo Buses has been driving the change in the industry introducing various firsts in India – including the true bus chassis concept, the low floor city bus concept, the multi-axle coaches, among a host of other technologies & concepts. This coupled with its state-of-the-art factory and overall profile of being a complete transport solutions provider, Volvo Buses is closely entwined with the progress in the Bus Industry. Volvo coaches today connect major cities across India, besides in Bangladesh and Sri Lanka. About 1,300 Volvo city buses operate in 16 cities in the country and have played a key role in Driving Quality of Life for millions of people. Volvo Buses in India has the widest range of high-performing buses. Globally, Volvo Bus is one of the world’s largest manufacturers of large buses and coaches. It is the first company in the world to commercially introduce hybrid buses and has sold over 1,000 buses with this technology in 21 countries, backed by its core values of safety, quality and care for the environment.
