Axalta Coating Systems launches its Nason Finishes brand in Russia

COLOGNE, Germany--(BUSINESS WIRE)-- Axalta Coating Systems (NYSE: AXTA), a leading global manufacturer of liquid and powder coatings, is launching its Nason Finishes refinish brand in Russia. With its clear focus on its customers, Axalta has identified a requirement in Russia for a cost-competitive, easy-to-use refinish paint system that's suitable for straight-forward spot, panel and overall repairs.

"By adding Nason Finishes to our stable of refinish brands in EMEA, we are able to meet our customers' requirements, regardless of their size, or whether they require a premium brand, something more mainstream or an economy solution. But whatever they choose, they know they have Axalta's innovation behind it," says Matthias Schönberg, Vice President of Axalta and President of its Europe, Middle East and Africa (EMEA) region.

Nason Finishes' regionally-specific product portfolios are well-established in the economy refinish paint sectors in the US, Canada, Australia and Asia Pacific, where the brand has been delivering reliable, cost-competitive results for many years.
